PART I.

Pay of Hobli Establishments of Sub-taluks.

No. R. 4326-35—L. R. 154-15-2, DATED 1ST NOVEMBER 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. 3521, dated 7th September 1915, from the Revenue Commissioner in Mysore, forwarding a copy of letter from the Comptroller to Government, recommending that as suggested by the Comptroller, the Deputy Amildars of Sub-taluks may be allowed to draw the pay of their hobli establishments also, along with theirs, in view of the inconvenience and delay caused by the existing practice in some of the sub-taluks, of drawing the pay of the sub-taluk, hobli, and village establishment, along with the taluk establishment.

Order No. R. 4326-35—L. R. 154-15-2, dated 1st November 1915.

The proposal is sanctioned.

2. The Comptroller is requested to insert a suitable rule in this behalf in the Taluk Treasury Manual.

V. R. THYAGARAJA IYER,
Secy. to Govt., Rev. Dept.

To - The Revenue Commissioner in Mysore.
The Comptroller, Mysore Government, through Branch II.
The Deputy Commissioners of Districts.

Exd.—C. R.

No. R. 4497-505 / L. R. 15-15-63

GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE, GENERAL AND REVENUE SECRETARIAT,

Dated Bangalore, 4th November 1915.

CIRCULAR.

No. R. 4497-505—L. R. 15-15-63, dated 4th November 1915.

From the statements of progress of work under the Village Improvement Scheme received from time to time, Government observe that there are still many villages for which Committees have not yet been formed as will be seen from the accompanying table.

No.	District	Total number of populated villages (taken from the Census tables, 1911)	Number of villages for which committees have been formed (taken from the progress reports for the quarter ending 30th June 1915)	Balance (number of villages for which committees have yet to be formed)
1	2	3	4	5
1	Bangalore	2,479	1,825	654
2	Kolar	2,868	1,855	1,013
3	Tumkur	2,362	1,961	401
4	Mysore	2,748	2,260	488
5	Hassan	2,301	1,949	352
6	Kadur	989	912	77
7	Shimoga	1,751	1,750	1
8	Chitaldrug	1,242	848	394
	Total ..	16,740	13,360	3,380

2. The necessity for creating in each village or groups of villages of the State an agency which will watch over its communal affairs and stimulate progress has been repeatedly emphasized. The attention of the Deputy Commissioners of Districts is invited to the marginally noted instructions of Government, and they are requested to arrange for the immediate completion of the formation of Committees for all villages having a population of not less than 300.

(1) Paragraph 6 of Government Order No R. 6058-6107—L R 430-13-1, dated 6th February 1914
(2) First part of paragraph 2 of the D. O No R. 325-32—L. R. 430 13-9, dated 25th April 1914.
(3) Paragraph 3 of Government Order No. R. 8-17—L. R 10-14 1, dated 1st July 1914.
(4) Paragraph 2 of Government Order No. R 8972-82—L. R. 10-14-197, dated 16th April 1915.
(All the above will be found in the Village Improvement Manual).

3. They are also requested to take early steps to form suitable groups for all villages with a population of less than 300 except in cases falling under paragraph 3 of Government Order of the 1st July 1914, and to appoint a committee for each group or each such exceptional village or hamlet before the end of June 1916.

4. Reports of action taken under this circular should be included in the quarterly progress reports.

V. R. THYAGARAJA IYER,
Secy. to Govt., Rev. Dept.

To—The Deputy Commissioners of Districts.
The Revenue Commissioner in Mysore.

Exd.—C. R.

Progress of Village Improvement Work.

No. R. 4506-17—L. R. 15-15-64, DATED 4TH NOVEMBER 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Statements showing the progress of village improvement work in the several districts during the quarter ending 30th June 1915, received from the Deputy Commissioners of Districts, through the Revenue Commissioner in Mysore.

Order No. R. 4506-17—L. R. 15-15-64, dated 4th November 1915.

A consolidated statement showing the progress made in village improvement work during the quarter ending 30th June 1915 is appended.

2. The total number of Committees reported to be working in all the districts is 7,745 as against 7,472 in the previous quarter. The number of Committees in the Kolar, Tumkur, Hassan, Shimoga and Chitaldrug Districts, increased by 295, while there was a decrease of 22 in the Bangalore and Mysore Districts. The number of villages served by the Committees also correspondingly rose to 13,360 from 12,686, showing that about 79 per cent of the total number of populated villages in the State was brought under the operation of the scheme at the end of the official year 1914-15. Government note that a larger number of Committees than in the previous quarter held weekly gatherings for village improvement work by joint labour and also meetings for recreation and instruction, but that the number of Committees subscribing for one or more newspapers slightly decreased in the Bangalore, Kolar and Mysore Districts. The percentage of the number of Committees that attended to the essential duties in all the districts is still low ranging from 60 per cent in the Chitaldrug District to about 29 per cent in the Hassan District. The mere formation of Village Committees is not of much use, unless they take over and satisfactorily discharge the essential duties enumerated above, and Government hope that substantial progress in this direction will be shown in the next quarter.

3. During the quarter under report the contributions raised by the villagers for special village improvement works amounted to Rs. 60,054 and the Government grants-in-aid of the same to Rs. 50,439. The amount actually spent in carrying out the works was Rs. 43,538.

4. The returns for the quarter under report were not received from most of the districts in time. It is hoped that greater punctuality will be observed in the submission of the future returns. The attention of Deputy Commissioners is also invited to paragraphs 4 and 7 of Government Order No. R. 1816-27—L. R. 10-14-194, dated 10th August 1915, in the matter of furnishing additional useful information regarding the working of the Committees in future reports.

V. R. THYAGARAJA IYER,
Secy. to Govt., Rev. Dept.

To—The Revenue Commissioner in Mysore.
The Deputy Commissioners of Districts.
The Comptroller, Mysore Government.
The Secretary, Economic Conference.
The Registrar of Co-operative Societies in Mysore.

GENERAL AND REVENUE DEPARTMENTS.

READ AGAIN—

Government Order No. R. 4759-68 -L. R. 41-09-9, dated 11th January 1910, prohibiting the grant for cardamom cultivation, without the sanction of Government, of the lands in the tract lying to the west of a line drawn from Hanbal northward to Kotigehar, Kotigehar to Kalasa and on to Begar.

2. Government Order No. R. 5073-82—L. R. 167-10-2 dated 6th March 1911, extending the prohibition referred to, to the tract lying to the west of the line drawn from Hanbal to Saklespur and from Saklespur to Hettur in the Yeslur hobli, Manjarabad Taluk

3. Government Order No. R. 5172-3—L. R. 430-10-4, dated 23rd March 1912, expressing upon a further consideration of the subject, the desirability of rejecting all applications for land for some years to come in the prohibited area described in the first two orders read above.

4. Summary of representation made on Subject No. 784 of the Representative Assembly Proceedings of 1913 that the areas referred to may be given out for cardamom cultivation as they are fit only for such cultivation.

5. Summary of representation made on Subject No. 73 of the Representative Assembly Proceedings of 1914, in regard to the grant of lands for cardamom cultivation and the removal of restrictions on the cultivation of other crops on lands held on coffee tenure.

Order No. R. 4616-19—L. R. 280-14-12, dated 10th November 1915.

The Revenue Commissioner, the Conservator of Forests, and the Deputy Commissioners of the Kadur and Hassan Districts, who were consulted in the matter are all of the opinion that an exception may be made in the case of lands, the drainage of which is through the Western Ghats towards the Arabian Sea and not into the basin of the Hemavathi.

Government agreeing with them are pleased to direct in modification of the orders read above that such of the lands lying within the area prohibited for cardamom cultivation, as come within the purview of the exception above indicated may be granted for cultivation without a reference to Government.

The restriction imposed in cases of grants of lands for coffee cultivation that no other crops should be raised on such lands cannot be relaxed.

READ—

Government Order No. Fl. 2876-9—B. 25-11-2, dated 14th November 1912, directing that temporary employees in the Public Works Department be admitted to the benefits of the State Life Insurance and Family Pension Fund on certificates issued by the Comptroller in the case of the Account Staff and by the Chief Engineer in the case of others to the effect that the official concerned is in the general temporary staff of the Public Works Department and is eligible to be kept on for a period of five years or more.

2. Government Order No. R. 8464-74—L. R. 193-13-2, dated 28th April 1914, sanctioning the revision of the maramat establishments employed under the Deputy Commissioners of Districts.

3. Letter No. 5747, dated 10th June 1915, from the Chief Engineer of Mysore, requesting sanction of Government, to the grant of certificates prescribed in the Government Order of the 14th November 1912, to the members of the maramat establishment in view of the fact that there is not the least likelihood of the Department being ever abolished and that its confirmation is only a question of time.

Order No. R. 4620-32—L. R. 714-14-2, dated 10th November 1915.

The scale revised in the Government Order of the 28th April 1914 is tentative for a period of three years only, but there is every probability of most of the men in the maramat department continuing in service for not less than five years, the cost itself having been in existence for over thirty years. In the circumstances of the case, Government deem it advisable to extend to these men the privilege of State Insurance as in the case of the temporary staff of the regular Public Works Department and accordingly direct that certificates contemplated in the Government Order, dated 14th November 1912, be issued on their behalf.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Petition dated the 4th July 1912, from shanbhog Krishnappa of Durabare, Chikballapur Taluk, appealing against the order of the Revenue Commissioner in Mysore, declining to grant reduction in the assessment on his lands, Survey Nos. 9, 11, 12, 13, 16, 22, 112 and 114 of that village, on account of the diminished facilities of irrigation consequent on the lowering of the level of the Kusavathi ané, in the year 1906-07.

2. Correspondence ending with letter No. 13455, dated the 23rd April 1915, from the Revenue Commissioner in Mysore on the subject.

Order No. R. 4633-4—L. R. 177-12-10, dated 10th November 1915.

The facts of the case are briefly as follows :—

On the representation of the raiyats, the ané, which had been in disrepair, was restored in 1906-07, by the Public Works Department, but owing to the soft nature of the soil the foundation of the bed-wall of the ané, went deeper, leaving the crest at a lower level, and rendering it impossible for the atchkat lands, to get their requisite water-supply, direct by gravitation, as before, so that the holders of these lands had to bale out water from the channel. All but the petitioner adopted this course without any demur. The petitioner, however, relying on the Dewan's reply to Subject No. 326 of the Representative Assembly Proceedings of 1892, and other standing orders of Government, prayed for remission of moiety of assessment, on the ground that the water-supply to his lands was affected by the lowering of the ané.

The Revenue Commissioner held that the petitioner's contention that the level of the ané had been lowered, was untenable, and that the supply of water was in no way interfered with and accordingly rejected his claim.

2. It is evident that the height of the ane has been lowered by a foot and a half (though it is not due to the action of the Public Works Department) and that the supply of water to the petitioner's lands has been rendered insufficient.

3. The Superintendent of Revenue Survey and Settlement is of opinion, that the petitioner's lands were assessed on the basis of supply of water by gravitation, as is evidenced by the entries in the classer's books.

4. Baling out water for irrigation purposes, involves additional labour, and expense and the petitioner is entitled to some compensation for the extra trouble.

5. The Revenue Commissioner recommends that a third or a fourth of the assessment may be remitted in this case, as such a course is not opposed to the spirit of either the Dewan's reply to Subject No. 326 of the Representative Assembly Proceedings of 1892, or to the standing orders of Government.

6. Government are therefore pleased to set aside the order of the Revenue Commissioner and to sanction the remission of one-third of the assessment on the petitioner's lands from 1907-08 (Plavanga).

7. The Deputy Commissioner is authorised to deal with other reasonable claims, if any, preferred under this *ané* in accordance with this order.

READ—

The summary of representation in Subject No 507 of the Representative Assembly Proceedings of 1913, that payment of kandayam by landowners in any Taluk Treasury may be authorised so as to enable persons living far away from their lands to make arrangements with their raiyats to pay up the revenue due to Government and save their lands from sale

2 Government Order No. R. 6499-509—L. R. 210-08-13, dated 30th May 1911, sanctioning the introduction of the Revenue Money Order system tentatively for three years from 1st May 1911

3. Letter No. 2515 dated the 16th August 1915, from the Revenue Commissioner in Mysore submitting a report on the working of the Revenue Money Order system, and stating that the system which has been gradually gaining popularity may be continued

---

Order No. R. 4607-15 –L. R. 312-14-4, dated 10th November 1915.

The Revenue Money Order system was introduced with the object of affording greater facilities for payment of land revenue to absentee Pattadars and others interested in the land. It is seen from the Revenue Commissioner's report that wherever the system is well known, its usefulness has been appreciated by the people, and that with the spread of education and with a certain amount of effort on the part of local officers to give wider publicity to the rules, the measure is likely to become more popular.

2. Government therefore direct that the system be continued for a further period of three years.

3. The Revenue Commissioner is requested to issue necessary instructions for wider publicity being given to the rules in places where they are not known. The continuance of this system renders it unnecessary to authorize payment of land revenue in any Taluk Treasury.

No. R. 4712—L. R. 85-15-5, dated 12th November 1915.

ACCOMPANIMENT.

Letter No. 19, dated 3rd August 1915, from the Superintendent of Inam Settlements in Mysore, to the Secretary to Government, Revenue Department.

I have the honor to submit herewith, the Annual Administration Report of the Inam Department for the year 1914-15.

2. *Changes in the staff.*—There were no changes in the staff.

3. *New cases during the year.*—During the year under report, one land inam of Sringeri Jahgir, comprising an extent of 900 dayas assessed at Rs. 37-7-0 was newly confirmed on a combined quit-rent of Rs. 24.

Two ready money inams of the value of Rs. 81-8-0 and Rs. 18-0-0 were newly confirmed on orders received from Government. Twenty-one land inams were resumed to Government and struck off the Inam Registers, during the year under report, by which Rs. 95 were reduced to Government in Inam revenue, while there was a corresponding increase of Rs. 256-7-1 under Land Revenue in the shape of assessment of the 21 land inams, 12 belonged to service cases.

4. *Revision.*—Fourteen land inams (including two of Sringeri Jahgir) were revised during the year, with the result that the combined quit-rent was reduced by Rs. 22-11-0.

5. *Registers.*—The number of quit-rent registers prepared was 8 for confirmed cases and 45 for resumed and struck off cases. Besides these 1,750 quit-rent registers and correction statements were prepared and issued during the year on the basis of Purvani Tarv Patrikes, Government Orders, etc. Two cash certificates have been issued.

6. *Final title-deeds for minor inams in the Government villages.*—During the year under report, 3,624 title-deeds for minor inams in Government villages were prepared. These with the title-deeds 2,426 in number that remained over from the previous year, in all 7,050 were verified and despatched to the Deputy Commissioners for distribution among the inamdars concerned.

7. *Final title-deeds for whole inam villages.*—One thousand six hundred and twenty-five final title-deeds for whole inam villages were prepared, verified from the original Inam Registers, the valuation statements, and the original and revised final quit-rent registers, and were issued during the year.

8. *Inam revenue.*—During the year under report, there was a decrease of Rs. 117-11-0 in the inam revenue as shown below, while there was an increase of Rs. 256-7-1 under land assessment.

Quit-rent on account of newly confirmed inams ...				.....		
Deduct on account of revision	22	11	0	117	11	0
Do on account of resumed cases	95	0	0			
Net decrease				117	11	0

9. *Expenditure.*—The cost of the department for the year was Rs. 3,927-12-2 as against Rs. 4,439-8-8 in the year previous.

10. *Total cost of the department from the commencement.*—The total cost of the department from 1868 up to the end of the year, under report, was Rs. 11,93,291-10-7 and the total annual recurring revenue is Rs. 2,72,658-5-7.

11. *Correspondence.*—The amount of correspondence both English and Vernacular was 2,105 as against 1,598 in the year previous. Furnishing information by hunting up old records required for references in various departments takes up much time and labour. The work of the department is not to be gauged on the quantity of the work done but on the quality.

12. *Conclusion.*—In conclusion, I am glad to say that the head clerk or manager, and the establishment have all worked hard and willingly during the year under report; I am glad also to state that the work of the issue of final title-deeds has all been completed satisfactorily with the good efforts put forth by the staff of the department.

No. R. 4878-88—L. R. 700-14-3, DATED 19TH NOVEMBER 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Notification No. R. 5920—L. R. 545-11-4, dated 8th January 1915, amending Rule 20 of the Land Revenue Rules.

2. Government Order No. R. 7503-12—L. R. 314-12-2, dated the 26th February 1915, directing that royalty be charged invariably on all road materials collected by the contractors of the Public Works and other Public Departments under Rule 20 of the Land Revenue Rules.

3. Note dated the 22nd May 1915, by the Joint Secretary to Government, Public Works Department, urging the reconsideration of the order read above so as to exempt road materials from payment of royalty, and also suggesting that Rule 20 of the Revenue Rules may be altered to what it was in 1894 so as to empower the Local Fund, Public Works and other Public Departments and Municipalities to authorize their contractors to remove, without the previous permission of the Deputy Commissioner, materials required for Government works or works of public utility, and so as to remove the restrictions regarding the places from which materials could be removed.

Order No. R. 4878-88—L. R. 700-14-3, dated 19th November 1915.

Government have carefully considered the representation of the Joint Secretary but see no reason to modify the order read above regarding the levy of royalty.

2. Rule 20 of the Land Revenue Rules as recently amended, appears to require the previous permission of Deputy Commissioners for the removal by contractors of materials required for Government works, or works of public utility. Government do not consider such restriction necessary, except when the materials are removed from Government unoccupied assessed lands, and are accordingly pleased to amend the rule as in the notification hereto appended.

V. R. THYAGARAJA IYER,
Secretary to Govt., Rev. Dept.

To—The Chief Engineers of Mysore and, Secretaries, Public Works Department.
The Revenue Commissioner in Mysore.
The Deputy Commissioners of Districts.

Exd.—C. R.

NOTIFICATION.

No. R. 4889—L. R. 700-14-4, dated 19th November 1915.

Under Section 233 (*n*) of the Mysore Land Revenue Code Regulation, IV of 1888, the Government of His Highness the Maharaja are pleased to direct that paragraph 1 of Rule 20 of the Land Revenue Rules, as amended by Notification No. R. 5920—L. R. 545-11-4, dated the 8th January 1915, be further amended as follows :—

(i) Insert the words " by them " between " authorized " and, to do so ".

(ii) After the word ' utility ' substitute the following for the words " but the Deputy Commissioners "

" but the previous permission of the Deputy Commissioner is necessary for the removal of the materials from unoccupied assessed land and he."

2. The paragraph as amended will read as follows :—

" The Local Fund, Public Works and other Public Departments and Municipalities, or their contractors if specially authorized by them to do so, may, subject to the payment of such royalty as may be prescribed by Government, remove earth, stone, kankar, sand muram and other material from the beds of rivers, nullas, public tanks or from any unassessed land or unoccupied assessed land not assigned for special purposes, for Government works or works of public utility ; but the previous permission of the Deputy Commissioner is necessary for the removal of the materials from unoccupied assessed land and he may prohibit the removal of the materials under this rule from specified localities or impose such conditions as may be considered proper."

By Order,
V. R. THYAGARAJA IYER,
Secretary to Govt., Rev. Dept.

Inam Superintendent's Office.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. 97, dated 9th April 1915, from the Superintendent of Inam Settlements in Mysore, stating that the need for the establishment sanctioned for his office in Government Order No. R. 2237-8—L. R. 535-06-3, dated 7th October 1908, has practically ceased, and requesting sanction to a revised scale of establishment as noted below so as to effect a saving of Rs. 14½ a month:—

No.	Designation.	Pay. Rs.	
1	Manager	100	
	Personal allowance	50	
1	Clerk	40	
1	Record-keeper	35	
1	Clerk	30	
1	Do	25	
1	*Daftarband*	10	
1	Dafadar	10	
1	Peon	8	
1	Do	7	
Total 9 hands		315	Printed as accompaniment.

2. Correspondence ending with letter No. 111, dated 15th June 1915, from the same officer, stating that the clerk on Rs. 25 in the proposed scale was intended to be temporary and may be sanctioned for four years.

Order No. R. 4890-2—L. R. 570-14-4, dated 19th November 1915.

A great part of the future work of the department consists of the following items:—

(i) Revision of the quit-rent registers of 49 taluks by effecting in them alterations rendered necessary by differentiation in the treatment of excess in personal and devadaya inams in accordance with Government Order No. 2106-15—P. F. 58-95, dated 16th May 1902, and No. R. 2973-83, dated 9th January 1902.

(ii) Incorporation into the quit-rent registers of the resumptions and relinquishments of inams effected prior to Government Order No. R. 1048-58—L. R. 333-12-2, dated 30th July 1913, directing that no inam should be resumed without the sanction of Government.

These changes have to be effected in the registers of taluks already resettled as well as of the other taluks.

2. The Superintendent states that in the case of the former, the necessary changes will be effected in the registers by obtaining statements of actual enjoyment, etc., from Taluk officers, and that in the case of the latter, the revision could be most conveniently attended to at the time of introduction of revision settlement, when Survey Officers could ascertain the actual enjoyment by enquiry on the spot.

3. It is evident that the indefinite maintenance of a separate department for inams is unnecessary and Government are accordingly pleased to sanction the continuance of the Inam Superintendent's office in the first instance for a period of four years.

No. R. 4890-2--L. R. 570-14-4, DATED 19TH NOVEMBER 1915.

4. The establishment is also revised as below:—

No	Designation existing — Designation	Pay	Average.	No.	Revised — Designation	Pay
	Clerical				Clerical	Rs
1	Head clerk	70—10—100	89½	1	Manager ..	100 (in 70—10—100) grade + a personal allowance of Rs. 30
1	Clerk .	40	40			
1	Do ..	35	35			
1	Do	25	25	1	Clerk ...	10
3	Do at Rs 20 each	60	60	1	Do .	35
2	Do at Rs 15 each	30	30	1	Do	30
				1	Do (temporary)	25
	Menial				*Menial.*	
1	Dafterband	10	10			
1	Daffedar	10	10	1	Dafterband	10
1	Peon .	8	8	1	Daffedar	10
1	Do	7	7	1	Peon	8
1	Lascar ..	8	8	1	Do	7
1	Mashalchi	7	7			
		340	329½			265+30

5. The designation of the present "Head clerk" will be changed into "Manager" and it is sufficient to give him a personal allowance of Rs. 30 a month in consideration of his long experience in the department and his having had no promotion for eight years.

6. The services of the temporary clerk on Rs. 25 should be dispensed with at the end of the 4th year.

7. An annual report of the work done should be submitted to Government and a final report at the close of the period covered by the present sanction. It is expected that by the end of this period, the work referred to in paragraph 1 *supra*, will, in great part, have been completed and it is hoped that the Superintendent will be able to submit his proposals for a further reduction of the establishment and its absorption with the Survey Department.

V. R. THYAGARAJA IYER,
Secy. to Govt., Rev. Dept.

To—The Superintendent of Inam Settlements in Mysore.
The Superintendent of Revenue Survey and Settlements in Mysore.
The Comptroller to Government (though Branch II).

ACCOMPANIMENT

Letter No. 97, dated Bangalore, 9th April 1915, from D. K Darashah, Esq , B A , Superintendent of Inam Settlements in Mysore, Bangalore, to D. M. Narasinga Rao, Esq , B A , B L., Offg. Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Departments.

I have the honor to invite reference to Government Order No R 2237-8—L. R 535-06-3, dated the 7th October 1908, passed on the D. O. letter No 113, dated 20th March 1908, with memo, submitted as an enclosure by Rajakaryaprasakta D. Shama Rao, Esq., the Superintendent of the Inam Department at the time.

2. The Government Order alluded to sanctioned the constitution of the Inam Department with a strength of establishment as noted in the margin Mr. Shama Rao had asked for such an establishment for a period of ten years, but I am in a position to report now at the end of eight years that the programme of special work he had then drawn up is nearly complete, and that a reduction of establishment may safely be effected from the coming official year

		Rs
Head Clerk	70—10—100	100

	Total ..	340

3. In taking stock of what yet remains to be done in the department, apart from the bare routine, *i e*, correspondence, altering registers, etc , to accord with changes continually taking place, and furnishing copies of statements of geneological trees, Settlement Registers, etc , on the requisition of officers of the Revenue Department, of Courts of Law and of Inamdars and other private parties interested in Inams, I find that the most noteworthy item of special work it will have address itself to for some time to come, will be that of bringing the Quit-rent Registers up to date

4. In Government Order 10786-8—R. M. 283-92-5, dated 11th June 1896, the preparation of Final Quit-rent Registers had been ordered, and the task was accordingly performed in the succeeding years. Had the principles of Inam Settlement remained unaltered, these registers would at this day have been the final authoritative reference in respect of Inams, that they were intended to be. But in the year 1902, a change in the policy of Government towards Personal and Devadaya Inams took place, resulting in the well known Order No 2106 15—P F 58-95, dated 16th May 1902, and Notification No. 2116—P. F 58-95, dated 16th May 1902, directing that the entire holding in the enjoyment of personal minor Inamdars in Government villages be confirmed to them as Inam unless portions not required by them were relinquished within six months, and that the assessment on excess areas should be treated as "additional Quit-rent" In the case of Devadaya Inams a further concession was ordered in Government Order No R 2973 83, dated 9th January 1902, by way of a remission of the additional Quit-rent By the time this order was issued, however, the Quit-rent Registers of 49 taluks of the State had been prepared printed and issued, so that the registers of only 19 taluks were prepared in conformity with the large change of policy ordered in the year 1902. But Colonel Grant, the Superintendent at the time, evidently thought that a second revision of the Quit rent Registers already printed and issued would involve so much labour in addition to that employed at the Inam Office for the work it had on hand then, and disliked the idea of a special additional establishment for such revision. He issued instead, a circular to all the Deputy Commissioners asking them to give effect to the order of 1902, by noting the necessary alterations in each case in their copies of the Khalsat Registers. Thus the Quit-rent Registers of 49 taluks have remained uncorrected.

5. There is another important aspect in which the Quit-rent Registers as they now stand do not serve their purpose of representing the final net result on Inams, since the modifications that should have been effected in them during the past, on account of resumptions and relinquishments have not been booked. It was in Proceedings No R 1048-58—L R 333-12-2, dated 30th July 1913, that Government ordered that no resumption of an Inam should take place except by special sanction of Government Since that date Government forwards copies of its resumption proceedings to the Inam Superintendent and the necessary alterations are being effected through him in the Quit-rent Register copies in the taluk, the District, and the Revenue Commissioner's Offices Prior to the date of this order however, the Deputy Commissioners themselves sanctioned resumptions, but they failed to communicate the fact in a very large number of cases (as inquiries at the Revision Settlements show) to the Inam Office, in consequence of which the Registers have remained uncorrected in that respect also.

6. Government will probably be disposed to think that the Quit-rent Registers which, partly from changes in the policy and principles of settlement inaugurated at an advanced stage of the operations of the Department, and partly from the procedure or a lack of the procedure that should have followed acts of resumption by the Revenue Department, or relinquishments, fail to fulfil their main purpose, should now once for all be brought up to date and completed

7. Granting that the registers should be revised, the question of ways and means crops up. The usual suggestion in such circumstances would be that a special establishment should be appointed for the purpose, but in my opinion this would not be the best course to adopt. The "Wahiwat" or present actual enjoyment in the field by each Inamdar or his representative or dhenee would have to be called for from the Amildars, and judging from past experience it is practically certain that these will not be forthcoming in the final form for years. and in the meantime the special establishment

No. R. 4890/2 -L. R. 570-14-4, dated 19th November 1915.

will be left without work, nor is it likely that when they do begin to come in, there would be such an even flow of them as to afford regular and continuous work to the establishment I consider it to be far better therefore to revise the Quit-rent Register of each of the taluks at the time of the Revision Settlement to be introduced in it by the Survey Department. The enquiry into the wahiwat or actual enjoyment can be most easily instituted at the time of the Survey Settlement and the Inam Department may well take the opportunity to perfect its own record at that juncture. No special establishment will be required to have this carried out, the facilities available at a Survey Settlement will be ample enough for a prompt and final adjustment of matters by the ordinary establishment, which, now that all the Inam Settlement work proper may be said to have concluded, will, under these proposals be reduced to proportions sufficient for such routine work as correspondence, granting of copies, etc.

8. The plan suggested in the preceding para will work in the case of taluks which will be settled hereafter but not in the case of the taluks, 22 in number, which have already been settled. In respect of these the usual course of obtaining the *wahiwat* statements from Amildars as quickly as possible and making corresponding corrections in the registers will have to be followed. To provide for this arrangement one special clerk has been included in my proposal below. In other words whereas a manager and three clerks would have sufficed for what I have called the routine work of the office in the future, and which, so far as I can yet see, will have to be regarded as a permanent staff for the department, a fourth clerk has for some time to be kept on to make provision for the work on the Inam Registers of the taluks already resettled.

9 I propose also a reduction in the menial establishment by two hands. A statement is appended comparing the number of employees in the establishment and the cost, present and prospective.

10. The statement will show that I have ventured in one case alone to suggest an increase of salary, that of the Manager. The history of the Inam Department indicates beyond doubt that long experience and a thorough acquaintance with past details, and with the many intricacies with which it abounds should be among the qualifications of the chief ministerial officer if the work is to be conducted well. Such an officer we have in Mr. Desikachar and I should be wanting in duty if I fail to recommend him for an advancement that he richly deserves. The size of the establishment working under him is by no means a criterion to judge of his abilities or usefulness by. His work is of a particularly onerous kind, the records in his immediate control are most important in character, and his experience of the affairs of the department is very valuable. He is a graduate, and is undoubtedly intelligent and active in disposition The fact that the programme of work submitted by Mr Shama Rao as alluded to in para 1 has been completed two years earlier than was estimated by that Officer, is due to the fact of Mr. Desikachar's capacity of both doing work himself and of getting it done by others. He has passed all the tests for an Amildari inclusive of Equitation and Survey, and has moreover had good District experience, and can make a good Revenue Officer, indeed he has from time to time been recommended for an Amildari. But while I am naturally anxious to avoid if possible his removal from a department where his qualifications have proved of signal usefulness, I am equally unwilling to see him discouraged by a lack of the preferment, I am practically certain, he would have earned in any other department. Mr. Desikachar has been drawing the maximum pay of Rs. 100 of his post since the 1st July 1907, and has had no promotion for eight years. In these circumstances, I beg Government will be pleased to grant him as a special case, a personal allowance of Rs. 50 so as to bring his emolument up to the level of that of a lowest grade Amildar. I beg in this connection to invite reference to letter No. 51, dated 31st December 1913, addressed to you by Mr. Shama Rao, retired Superintendent, in which he has made the same recommendation in consideration of the interests of the department.

11. The net savings under these proposals of mine, will, as the annexed statement shows, come to Rs. 300 per annum, and I beg Government will kindly accord their sanction to them.

12. The question of what is to be done with officials thrown out of employ, may conveniently be considered after Government passes orders on the subject matter of this letter.

Statement of proposition for Revision of establishment, Mysore Inam Superintendent's Office.

Correction Slips to the Revenue Manual and Land Revenue Rules.

No. R. 5012-59—L. R. 204-15-3, DATED 23RD NOVEMBER 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. R. 5012-59—L. R. 204-15-3, dated 23rd November 1915.

The Government of His Highness the Maharaja of Mysore are pleased to direct that addenda and corrigenda slips to the Revenue Manual may be supplied to private purchasers on payment of an annual subscription of annas eight. In case of addenda et corrigenda slips to the Revenue Rules, the annual subscription will be two annas. The Superintendent, Government Press, Bangalore, will keep a list of subscribers and furnish them with the slips as they are issued from time to time.

2. Should there arise a demand for an individual slip, it may be sold at 9 pies a copy.

V. R. THYAGARAJA IYER,
Secy. to Govt., Rev. Dept.

To—The Comptroller, Mysore Government.
The Superintendent, Government Press, Bangalore.
The Heads of Departments.
The Deputy Commissioners of Districts

Exd.—C.R,

Quarters for Government Officials at Taluk Headquarters.

No. R. 5216-26—L. R. 288-12-11, DATED 27TH NOVEMBER 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Proceedings No. R. 360-1—L. R. 407-09-5, dated the 5th July 1911, approving of the suggestion of the Revenue Commissioner in Mysore in the matter of constructing suitable houses for the accommodation of the Taluk officials at Yedatore.

2. Letter No. 4381, dated the 16th—19th November 1912, from the same officer, forwarding with his recommendation a copy of letter No. 343, dated the 7th November 1912, from the Deputy Commissioner, Mysore District, stating that if the proposal be sanctioned, it would meet a real want.

3. Correspondence ending with letter No. 7608, dated the 22nd December 1914—2nd January 1915, from the same officer, reporting that, as there is no hope of capitalists coming forward to construct houses on a reasonable interest on the capital outlay in the shape of rent being guaranteed by Government, provision has been made for the purpose in a general programme submitted by the Superintending Engineer, Cauvery Reservoir Division, for the construction of certain public buildings at Yedatore and forwarding a statement showing the names of taluk headquarters where accommodation for officials is necessary along with reports received from the Deputy Commissioners of Districts as to whether private capitalists are prepared to construct such quarters or not.

Order No. R. 5216-26—L. R. 288-12-11, dated 27th November 1915.

The question of providing suitable accommodation for the officials at Yedatore, is practically disposed of.

2. The necessity of providing houses for officials at taluk headquarters other than Koppa, Mudgere, Nagar and Kolar Gold Fields, where quarters have already been built by Government, has been pressed on their attention.

3. It is represented that quarters are needed in the places mentioned in Annexure A. The Deputy Commissioners are requested to indicate specifically the places where buildings are absolutely necessary at once and those in which it would be well to provide them. The first class should include only cases where, owing to the operation of very special causes such as the insanitary conditions of the locality and the evils incidental thereto, construction of quarters for officials is an urgent necessity.

4. Government will be prepared to consider proposals for giving due encouragement to local capitalists towards constructing the required quarters. It is understood that in many places capitalists are willing to undertake the work with reasonable assistance from Government.

5. In cases of the first class, Government would be prepared to grant the concessions mentioned hereunder according to the circumstances of each case :—

(i) Free grant of a suitable site to be selected by the Deputy Commissioner.

(ii) Grant of a loan equivalent to half the cost of the building repayable in ten years with interest at 4 per cent per annum on the security of the house to be built.

(iii) Guarantee of rent for a period of not less than five and not more than twenty years at 5 per cent per annum, the owner being held responsible for the maintenance and repairs of the building.

6. The grant of the loan itself will be subject to the following conditions :—

(i) The loan will be given in one or more instalments at the discretion of the Deputy Commissioner.

(ii) If, however, the amount is to be paid in one lumpsum, other immovable property should be taken as additional security besides the house to be built.

No. R. 5216-26—L. R. 288-12 11, dated 27th November 1915.

(iii) The building should be constructed according to a design to be approved by the Public Works Department and the department for which it is required, within a reasonable time to be fixed by the Deputy Commissioner, in default whereof, the full value of the site and the amount of of the loan will be recoverable as an arrear of land revenue.

(iv) A muchalika to the above effect should be taken from the owner who should also bind himself to let the house only to officials on a rent to be fixed by mutual agreement between him and the Deputy Commissioner after the plans are approved.

(v) The rent so fixed will be deducted from the officials' pay every month and carried to the owner's credit so that it may also be adjusted towards the loar granted to him by Government.

Government will be prepared to consider any variations necessary according to the circumstances of each locality.

7. The Chief Engineer is requested to have a table prepared in consultation with the Revenue Commissioner, showing the limits of capital expenditure on the buildings according to the salaries of officials for whom they are intended and submit the same to Government at an early date.

V. R. THYAGARAJA IYER,
Secy. to Govt., Rev. Dept.

To—The Revenue Commissioner in Mysore.
The Chief Engineer of Mysore.
The Deputy Commissioners of Districts.

	32. Area cropped more than once.					32. ——	
	33. (31—32) Net area cropped during the year.					33. ——	

Note.—(1) This table should exhibit the areas actually sown whether the crop comes to maturity or not, except when fields owing to the failure of the first sowing have been devoted to other crops. In this case the area first sown should be omitted.

(2) In cases where two or more crops are grown together an estimate should be made of the area covered by each and the areas estimated should be separately returned. The estimate should be made by the village accountant or should be subsequently determined on formulæ prescribed by the provincial authorities.

(3) Head 28—Fodder crops should include crops that in normal times are used only as fodder.

No. R. 5347-55—AGRI. 9-15-5, DATED 30TH NOVEMBER 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. 5953, dated 13th November 1915, from the Revenue Commissioner in Mysore, submitting a copy of statement showing the losses in cattle of various kinds in the State, during the quarter ending 30th June 1915, with a copy of his review thereon.

No. R. 5347-55—Agri. 9-15-5, dated 30th November 1915.

Recorded.

V. R. THYAGARAJA IYER,
Secy. to Govt., Rev. Dept.

To—The Revenue Commissioner in Mysore.
The Deputy Commissioners of Districts.

Exd.—C. R.

Revenue Commissioner's review.

Recorded.

It is satisfactory to observe that during the period in question the mortality among cattle of different kinds was much less than in the corresponding period of the previous year, the losses for the two periods being 20,487 and 34,680, respectively.

Statement showing the losses in cattle of various kinds in the State for the quarter ending the 30th June 1915.

Demand, Collection and Balance Statements of Forest Revenue.

No. R. 4802-12—Ft. 179-14-4, DATED 15TH NOVEMBER 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ AGAIN—

Government Order No. R. 1163-4—L. R. 11-13-82, dated 13th August 1914, directing the exclusion from the demand, collection and balance statements submitted by the Revenue Commissioner, of all collections of Forest Revenue made by the Forest Officers.

READ—

2. Letter No. 9074, dated 26th January 1915, from the Revenue Commissioner in Mysore recommending sanction to the proposal of the Deputy Commissioner, Mysore District, to exclude wholly from the Land Revenue demand, collection and balance statements, the items of Forest Revenue as it is not possible to obtain correct figures under the existing practice.

3. Letter No. 3966, dated 26th October 1915, from the Conservator of Forests in Mysore, furnishing his views in the matter.

Order No. R. 4802-12—Ft. 179-14-4, dated 15th November 1915.

Under the circumstances reported above Government are pleased to direct that, in future, the items of Forest Revenue be excluded entirely from the Land Revenue demand, collection and balance statements submitted by the Deputy Commissioners and that a consolidated quarterly statement showing the demand, collection and balance under each head of Forest Revenue be submitted to Government by the Conservator of Forests by the 20th of the month following the quarter for which the return is due.

V. R. THYAGARAJA IYER,

Shimoga Forest Committee.

No. R. 5203-12 - Ft. 88-15-2, dated 26th November 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. R. 5203-12—Ft. 88-15-2, dated 26th November 1915.

During the Dewan's tour in the malnad taluks of the Shimoga District, frequent representations were made by the raiyats about the inconvenience caused to them by the working of the rules of the Forest Department as regards grazing for cattle and supply of fuel and timber for domestic purposes. Some of the main points urged by them were :—

(1) That the reservation of large areas as State Forests was detrimental to cultivation and deprived the people of facilities for grazing, obtaining manure and timber for agricultural implements and for domestic purposes.

(2) That the concessions granted to raiyats in State Forests were very limited; and reduction or remission of some of the fees now levied was necessary.

(3) That owing to the working of District Forests by the Forest Department, all valuable timber was being taken away and little was left to raiyats to draw their supplies from.

2. Government observe that, out of a total area of 4,030 square miles in the district, only about 1,000 square miles consist of culturable land, the remaining area, that is, three-fourths being composed of forests. With such a large area available, Government are of opinion that it should be possible to satisfy the requirements of the local population in a sympathetic spirit; and the question for consideration is how the interests of cultivation and of the health and comfort of the people may best be safeguarded without trenching on the legitimate expansion of forest conservancy.

3. To investigate the question so far as the Shimoga District is concerned, Government consider it desirable to appoint a Committee of the marginally noted officers and non-official gentlemen. The Committee will deal specifically with the following points among others :—

1. K. Matthan, Esq., Deputy Commissioner (President).
2. B. V. Ramiengar, Esq., District Forest Officer (Secretary).
3. Zehiruddin Meccai, Esq., Sub-Division Officer, Sagar.
4. B. Garudachar, Esq., Advocate, Shimoga.
5. Ramanna Gowda, Esq., Landholder, Tirthahalli.
6. Narasimhayya, Esq., Landholder, Nagar.

(i) Framing of suitable proposals for the extension of cultivation in the malnad portions of the Shimoga District.

(ii) (*a*) The constitution of new State Forests only in such circumstances as would least interfere with the interests of cultivation.

(*b*) Examination of the proposals already made for fresh reservation of blocks in the district in the light of this principle.

(iii) The feasibility of throwing open all State Forests for free grazing under well defined limitations and of granting a specified quantity of timber for *bona fide* domestic use at concession rates.

(iv) The feasibility of abolishing the control over the District Forests by the Forest Department and vesting of such control in the Revenue Department.

(v) The formation of Taluk Forests for each taluk in conformity with the Village Forest Scheme to serve the needs of villages which have not got a sufficient area of District Forests in their vicinity.

4. The Committee should submit a report to Government within four months. The Revenue Commissioner and Conservator of Forests are requested to instruct their subordinate officers to afford all necessary help and information to the Committee.

5. The President of the Committee should be requested to submit an estimate of the expenditure that may be involved by the enquiry. The expenditure will, after sanction by Government be debited to the Forest Department.

V. R. THYAGARAJA IYER,

Tadasa State Forest.

No. R. 4907-10 Ft. 20-15-4, dated 19th November 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Notification No. R. 6629—Ft. 97-12-3, dated 21st April 1913, declaring under section 4 of the Forest Regulation the proposal to constitute certain lands in the Yedahalli (now Narasimharajapura) Sub-Taluk into a State Forest as Tadasa block, and appointing a Forest Settlement Officer to conduct the necessary enquires.

2. Letter No. *332, dated 9th July 1915, from the Revenue Commissioner in Mysore submitting letter No. *52, dated 16th October 1914, of the Forest Settlement Officer reporting on the conclusion of the Settlement of the block.

*Printed as accompaniments with B and C Registers.

3. Letter No. 2568, dated 3rd September 1915, from the Conservator of Forests in Mysore stating that he is agreeable to the settlement effected.

Order No. R. 4907-10—Ft. 20-15-4, dated 19th November 1915.

The settlement is approved. The notification under section 17 of the Forest Regulation declaring the block a State Forest with effect from the 1st December 1915, will be published in the Gazette.

2. The Deputy Commissioner, Kadur District, is requested to duly promulgate the boundaries of the forest block in the localities in which they are situated.

NOTIFICATION.

No. R. 4911—Ft. 20-15-5, dated 19th November 1915.

The Government of His Highness the Maharaja of Mysore are pleased to declare, under the provisions of Section 17 of the Mysore Forest Regulation (XI of 1900) that, from the 1st December 1915, the area, the boundaries of which are set forth in the schedule annexed to this notification, shall be deemed to be a "State Forest" subject to the exercise of rights specified at foot thereof.—

SCHEDULE.

District	Taluk, hobli and village	Approximate area	Name of block
Kadur ...	Narasimharajpura Sub-Taluk Kasba hobli— 1. Hosahalli 2. Tadasa 3. Nandigavi	5·16 sq. miles	Tadasa

Situation.—The Block is situated between the Bhadra river and the Hosahalli State Forest.

Boundaries.

North.—Starting from the south-east corner of survey No. 44 of Hosahalli, on the right bank of the Bhadra river, the line runs east for about 113 chains in a straight line through survey Nos. 43 and 27 of the same village to a point on the east side of the latter survey number about 17 chains south-east from the south-east corner of survey No. 26, then in the same direction through survey Nos. 50 and 52 for 35 chains till it meets the western demarcation line of the Hosahalli State Forest.

East.—Thence south-west and south-east along the said demarcation line of the Hosahalli State Forest to the north-east corner of survey No. 52 of Nandigavi.

South.—Thence west along the north side of the said survey No. 52 to its north-west corner, then south-west along the north side of survey No. 51 to its north-west corner, then west along the right bank of the Bhadra river to the south-east corner of survey No. 29.

West.—Thence north in a straight line through the said survey No. 29 of Nandigavi for about 69 chains to the south-east corner of survey No. 26, then in the same direction through the said survey No. 29 for about 61 chains to a point on its north side about 2 chains west from the north-west corner of survey No 62, then north-east in a straight line through survey No. 92 of Tadasa for about 59 chains to the easternmost corner of survey No. 88 of the same village, then north-west in a straight line through survey Nos. 91 and 74 for about 53 chains to a point on the north side of the latter survey number about 15 chains east from the south-east corner of survey No. 62, then in the same direction through survey No. 61 for about 42 chains to a point on the Narasimharajpur-Tarikere high road about 7 chains south-east from the north-east corner of survey No. 20 then north-west through survey Nos. 8 and 50 for about 75 chains to the north-east corner of survey No. 49, then north-west through the said survey No. 50 for about 66 chains to its north-west corner, then north-west along the right bank of the Bhadra river (west side of survey No. 43 of Hosahalli) for about 59 chains to the starting point.

Remarks.—A. The undermentioned rights of way are admitted in the block throughout the year.

(1) Cart-track from Tadasa to Hosahalli, 15 feet wide and about 68 chains long, open for men, cattle and carts. It enters the forest in its western boundary at a point about 12 chains north-west from the north-east corner of survey No. 49 of Tadasa, runs north-east through survey No. 50 of Tadasa and 27 of Hosahalli and quits the forest in its northern boundary at a point about 10 chains south-east from the south-east corner of survey No. 11 of Hosahalli.

(2) Footpath from Koppalguni (hamlet of Hosahalli) 6 feet wide and about 120 chains long, open for men and cattle. It enters the forest in its nothern boundary at a point about 2 chains east from the south-east corner of survey No, 44 of Hosahalli, runs south-east along the right bank of the Bhadra river and through survey No. 43 of Hosahalli, and survey No. 50 of Tadasa, and joins the cart-track No. 1 *supra*.

No. R. 4907-10—Ft. 20-15-4, dated 19th November 1915.

(3) Foot-path from Hosahalli to Koligudi, 6 feet wide and about 68 chains long, open for men and cattle. It enters the forest in its nothern boundary at a point about 11 chains south-east from the south-west corner of survey No. 8 of Hosahalli, runs south-west through survey No. 27 of Hosahalli and survey No. 50 of Tadasa and joins the foot-path No. 2 *supra*.

(4) High road from Narasimharajpura to Tarikere, 65 chains long, open for the public as usual. It enters the forest in its western boundary at a point about 7 chains south-west from the north-east corner of survey No. 20 of Tadasa, runs north-east between survey Nos. 61 and 8 of the same village and quits the forest in its eastern boundary at the north-east corner of survey No. 61 of Tadasa.

(5) Cart-track from Tadasa to join the said High road, 15 feet wide and about 9 chains long, open for men, carts and cattle. It enters the forest in its western boundary at a point about 6 chains south-east from the easternmost corner of survey No. 9 of Tadasa, runs south-east through survey No. 8 and joins the High road No. 4 *supra*.

(6) Foot-path from Tadasa to Koramargudda, 6 feet wide and about 45 chains long, open for men and cattle. It enters the forest in its western boundary at the easternmost corner of survey No. 88 of Tadasa, runs east through survey No. 91 and quits the forest in its eastern boundary.

(7) Cart-track from Tadasa to Hebbe *via* Nandigavi, 15 feet wide and about 125 chains long, open for men, cattle and carts. It enters the forest in its western boundary at a point about 10 chains east from the easternmost corner of survey No. 23 of Nandigavi, runs south-east, south-west and again south-east through survey Nos. 29 and 47 of Nandigavi, and quits the forest in its southern boundary at a point about a chain east from the north-west corner of survey No. 51 of Nandigavi.

(8) Cart-track from Tadasa to Hebbe, 15 feet wide and about 193 chains long, open for men, cattle and carts. It enters the forest in its western boundary at a point about 10 chains east from the north-east corner of survey No. 99 of Tadasa, runs south-east and south through survey No. 92 of Tadasa and survey No. 30 and 47 of Nandigavi and quits the forest in its southern boundary at a point about 4 chains east from the north-west corner of survey No. 51 of Nandigavi.

B. The following concessions are admitted in the block :—

(i) Survey No. 62 of Nandigavi (coffee estate) is treated as an enclosure, access to it being along the cart-track No. 8 *supra*.

(ii) The raiyats of Lakkunda are entitled to graze their cattle (295) in the Reserve on payment of a lump-sum fee of Rs. 12 per annum to the Forest Department, during the prescribed season.

(iii) The raiyats of Nandigavi are permitted to take water along a channel drawn from the anicut thrown across the Sivanihalla, for irrigating their village lands and to repair it.

(iv) The raiyats of Nandigavi (72 cattle), Tadasa (305 cattle), and Hosahalli (183 cattle) are entitled (i) to graze their cattle free, in the Reserve during the prescribed season (ii) to remove 12 cart-loads of fuel from the unreserved and non-classified trees, 8 cart-loads of bamboos for fencing and other agricultural purposes, and 4 head-loads of "bende" fibre, for each house per annum.

By Order,
V. R. THYAGARAJA IYER,
Secy. to Govt., Rev. Dept.

To.—The Compiler, *Mysore Gazette*, for publication in the Gazette.

Letter No. 332, dated Bangalore, 9th July 1915, from K. Doraswami Iyer, Esq., Revenue Commissioner in Mysore, to the Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Departments.

I have the honor to forward herewith for the orders of Government the marginally noted papers relating to the conclusion of the settlement of the Tadasa Block in the Narasimharajapura Sub-Taluk received with letter No. 206, dated 4th November 1914, from the Deputy Commissioner, Kadur District.

1 Letter No. 206, dated 4th November 1914, from the Deputy Commissioner, Kadur.
2 Letter No. 52, dated 16th October 1914, from the Forest Settlement Officer.
3 Boundary Notification.
4 'B' Register.
5 'C' Register.
6 One tracing.
7 One Topo-tracing.

2. The block in question is a strip of land to the west of the Hosahalli State Forest situated on the north-eastern extremity of the sub-taluk. It covers an area of 3,307 acres, 39 guntas or 5·16

No. R. 1907-10 -Ft. 20-15-4, dated 19th November 1915.

square miles consisting of gomal and kharab lands belonging to the villages of Hosahalli, Tadasa and Nandagavi which are situated on the right bank of the Bhadra river. Of the nine claims advanced by the villagers before the Settlement Officer four related to right of way, one to right to water and the remaining four to miscellaneous matters. All these were fully admitted by the Settlement Officer and consequently there was no occasion for any appeal to the Deputy Commissioner and none was preferred by the District Forest Officer.

3. The villagers affected by the reservation seem to be satisfied with the concessions allowed to them and the Deputy Commissioner has not recorded any objection. The final notification may therefore be issued.

Letter No. 52, dated 12th October 1915, from C. Venkata Rao, Esq., B. A., Forest Settlement Officer, now Vice-President, to K. S. Doraswami Iyer, Esq., Revenue Commissioner in Mysore, Bangalore, through the Deputy Commissioner, Kadur District.

I have the honor to report on the conclusion of the settlement of the Tadasa Block in the (Yedahalli) Narasimharajapura Sub-Taluk of the Kadur District.

2. The initial notification under Section 4 of the Mysore Forest Regulation, proposing to constitute the area into a State Forest appeared on pages 476 and 477 of the English issue of the *Mysore Gazette*, Part I, dated the 24th April 1913, and the proclamation under Section 5 of the said Regulation was published on pages 451 and 452 of the Kannada issue of the *Mysore Gazette*, Part II, dated the 29th May 1913.

The proclamatory notices were got served on the villagers concerned through the Deputy Amildar of the (Yedahalli) Narasimharajapura Sub-Taluk.

3. The locality was inspected and perambulated by me in company with the Deputy Amildar of the (Yedahalli) Narasimharajapura Sub-Taluk and the Range Officer of the Lakvalli Range on the 9th and 10th January 1913. The block is well studded with Matti, Honnal, Nandi, Jalari and other reserved species of trees of all age, classes, and bids fair to become a valuable asset of the Forest Department in the near future if rigidly conserved.

4. The undermentioned nine claims were preferred to me during the enquiry.—

(i) Four claims to right of way.

(ii) One claim to right to water.

(iii) Four claims to miscellaneous rights.

All the claims in (i), (ii) and (iii) were admitted and recorded in the 'B' Register.

5. The Deputy Commissioner has intimated in his letter No. Mis. 943, dated the 20th September 1914, that no appeals have been preferred to him against my settlement decision.

6. The following records are herewith submitted.—

(1) 'B' Register.

(2) 'C' Register.

(3) Sketch Map.

(4) Boundary Notification, and

(5) Topo-tracing.

7. The date from which the reservation is to take effect may be inserted in the draft boundary notification.

B.—Register of claims to lands, rights to forest produce or easements in the proposed Tadasa State Forest.

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
2	3	4	5	6	7	8	9	
1	Manjappa, patel of Tadasa.	9th Jan. 1914	States that the village has already contributed a large area of kharab and gomal lands to the adjoining Hosahalli State Forest and that the raiyats therefore can ill-afford to spare any more lands for the proposed Reserve, and prays that the present line may be confirmed subject to the following concessions being granted to the villagers:— (1) Fifty cart-loads of fuel for every house per annum. (2) Ten cart-loads of bamboos for fencing purposes for every house per annum. (3) Four head loads of bende fibre for agricultural purposes; and (4) Free grazing.	.....	These concessions may be granted	*Claims 1, 2 and 3.* The raiyats of the villages affected by the proposed Reserve have no objection to the reservation of the tract in its entirety provided ample provision is made therein for the free grazing of their cattle and for the supply of ten cart-loads of bamboos for fencing and other purposes, fifty cart-loads of fuel, and four head loads of 'bende' fibre for each house per annum. Considering the fact that there still remains adequate extent of kharab and gomal lands for meeting their communal requirements, the request made by them appears to be extravagant, nay unreasonable. But it must not be forgotten that, under the leafy canopy of the evergreen forest with which their pasture lands abound, the yield of grass is wretchedly poor. Besides, fuel and bamboos cannot be had in required quantities in the lands still left for the villagers and the 'bende' trees which supply them with fibre for agricultural purposes are scattered over mostly in the forest far away from their houses. In these circumstances, it behoves me to make adequate provision to them in the matter of grazing, fuel, bamboos and 'bende' fibre. I accordingly decide that the raiyats of Tadasa (305 cattle), Nandigavi (72 cattle) and Hosahalli (183 cattle) be entitled (1) to graze their cattle free in the Reserve during the prescribed season, (2) to remove twelve cart-loads of fuel from the unreserved and non-classified trees, eight cart-loads of bamboos for fencing and other agricultural purposes, and four head loads of bendle fibre, for each house per annum. Subject to the above concessions, I confirm the boundary line as now laid out. C. VENKATA RAO, Forest Settlement Officer. 10th January 1914.		
2	Manjappa, patel of Hosahalli.	Do ...	Represents that the village has already been laid under contribution to the extent of 1,991 acres of kharab and 490 acres of gomal for the Hosahalli Reserve, that Survey No. 49 (kharab) has been taken up by the Gold Mining Company, and that the remaining area is quite inadequate for the raiyats' use; and begs therefore that the concessions asked for by the raiyats of Tadasa may be granted to the raiyats of his village also, if the line is to be confirmed.	.....				

No. R. 4907-10--Ft. 20-15-4, DATED 19TH NOVEMBER 1915.

3	Rangappa, patel of Nandigavi	9th Jan. 1914	States that if the privileges and concessions asked for by the villagers of Tadasa and Hosahalli be conceded to the raiyats of this village also, there is no objection to his village lands being included in the proposed Reserve.	.....	.....	Vide *decision of claim 1.* Survey No. 62 (coffee estate) of Nandigavi will be treated as an enclosure in the block as already ordered by Government (Notification No. 6029—Ft. 97-12 3, dated the 21st April 1913). C VENKATA RAO, Forest Settlement Officer 10th January 1914.
4	Seshagowda, patel of Lakkunda.	10th Jan. 1914	States that as the district jungle in his village is thickly studded with jalari trees, there is hardly any pasture available there for his village cattle, and hence they are taken to the pasture lands of Nandigavi across the Bhadra river and pay a *hulbanni of* Rs. 12 per annum to that village, and prays that the village cattle may as usual be allowed to graze in the lands of Nandigavi proposed to be included in the Reserve.	The patel of Nandigavi supports the claim.	The claim to graze 295 cattle on an annual payment of Rs. 12 to the forest department, may be admitted	The raiyats of Lakkunda have put forward a claim to graze their cattle (295) in the pasture lands of Nandigavi and this is supported by the evidence of the Maj patel of the latter village. Besides, it is in evidence that the gomal assigned to Lakkunda is studded with jalari trees, so much so, that the pasture available there is inadequate I therefore decide their claim in the affirmative It is ascertained that they now pay Rs. 12 per annum as hulbanni to the Nandigavi village and the Range officer of Lakvalli is of opinion that the raiyats of Lakkunda may be given the concession asked for on payment of a lumpsum hulbanni of Rs. 12 per annum I therefore decide that they be entitled to graze during the prescribed season, 295 head of cattle in the Reserve on payment of Rs. 12 per annum to the Forest Department C. VENKATA RAO, Forest Settlement Officer 10th January 1914.
5	Manjappa, patel of Tadasa.	9th Jan. 1914	Requests that right of way to the Kormargudda hill in Survey No. 91, the right to take the village cattle for water to the tanks known as "Koligudi" tanks in Survey No. 50, and the right of way to the cart-tracks leading from Tadasa to Hosahalli and from Tadasa to Hebbe, may be admitted.	.....	.....	The raiyats of Tadasa aver that they have *been exercising the right of* taking their cattle for water to the Koligudi tanks in Survey No. 50, and I admit this claim as also those relating to the right of way to the *foot-path (6 feet wide)* leading to Kormargudda, and to the cart-tracks (15 feet wide) leading from Tadasa to Hosahalli and from Tadasa to Hebbe. C. VENKATA RAO, Forest Settlement Officer. 10th January 1914

B.—Register of **claims to lands, rights to forest produce or easements in the proposed Tadasa State Forest**—*concld.*

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision, and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
1	2	3	4	5	6	7	8	9
6	Manjappa, patel of Hosahalli.	9th Jan. 1914	Requests that right of way to the foot-paths leading from Koppalgum and the Ash village to the Koligudi tanks, may be admitted	.....	.. ...	Right of way to the foot-paths leading from Koppalgum and the Hosahalli village, to Koligudi tanks will be admitted through out the year (width to be 6 feet) C. VENKATA RAO, Forest Settlement Officer 10th January 1914.	....	
7	Rangappa, patel of Nandigavi.	Do ..	Requests that right of way to the cart-track leading from Nandigavi to Hebbe and Tadasa may be admitted.	.....	.... .	Right of way to the cart tracks (15 feet wide) leading from Nandigavi to Hebbe and Nandigavi to Tadasa will be admitted. C. VENKATA RAO, Forest Settlement Officer 10th January 1914		
8	Do	Do ..	States that there is an anicut thrown across the Sivanihalla and water is drawn off along a channel to irrigate his village lands and prays that the right to repair the channel and to take water as usual for irrigating his village lands may be admitted.	.....	. ....	The raiyats of Nandigavi have also set up a claim to the right to take water along a channel from the anicut thrown across the Sivanihalla for irrigating their village lands and to repair it I admit these claims C VENKATA RAO, Forest Settlement Officer 10th January 1914.		
9	Ascertained by the Forest Settlement Officer.	10th Jan 1914	Requests that right of way to the high road leading from Yedahalli to Tarikere and to the cart track leading from Tadasa and joining the said high road, may be admitted.	.	. .	Right of way to the high road and to the cart-track leading thereto from Tadasa will be admitted as usual. C. VENKATA RAO, Forest Settlement Officer 10th January 1914.

C. VENKATA RAO,
Forest Settlement Officer.

No. R. 4915-8—Ft. 112-13-6, dated 20th November 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Notification No. R. 5714—Ft. 137-05-4, dated 11th April 1911, declaring under Section 4 of the Forest Regulation, the proposal to constitute certain lands in the Kankanhalli Taluk into a State Forest as Madeswara block and appointing a Forest Settlement Officer to conduct the necessary enquiries.

2. Letter No. 8247, dated 24th December 1913, from the Revenue Commissioner in Mysore, submitting letter No. *332, dated 29th April 1913, from the Forest Settlement Officer, reporting on the conclusion of the settlement of the block.

3. Letter No. 12252, dated 26th May 1914, from the Conservator of Forests in Mysore, stating that he is agreeable to the settlement made.

4. Letter No. 1305, dated 31st July 1915, from thesame officer, stating that there is no objection to exclude from the block the Uragandoddi hamlet and the lands attached thereto included as enclosure, and resubmitting the settlement papers after effecting the necessary alterations therein so as to exclude the said enclosure from the block.

* Printed as accompaniment with its enclosures B and C Registers.

Order No. R. 4915-8—Ft. 112-13-6, dated 20th November 1915.

The settlement effected by the Forest Settlement Officer is approved with the modification above referred to, *i.e.*, the exclusion of the enclosure, referred to above from the block. The Notification under Section 17 of the Forest Regulation declaring the block as a State Forest with effect from the 1st December 1915, will be published in the Gazette.

2. The assessment of the marginally noted assessed waste lands of Thamnaikanhalli village included in the block should be written off the accounts.

Survey No.	Extent A. g.	Assessment Rs. a. p.

3. The Deputy Commissioner, Bangalore District, is requested to duly promulgate the boundaries of the block in the localities in which they are situated.

V. R. THYAGARAJA IYER,
Secy. to Govt., Rev. Dept.

To —The Revenue Commissioner in Mysore.
The Conservator of Forests in Mysore.
The Superintendent, Revenue Survey and Settlement in Mysore.
The Deputy Commissioner, Bangalore District, with the intimation that the statements and map will be sent with the printed copy of this order.

Exd.—C. R.

No. R. 4915 8—Ft. 112-13-6, dated 20th November 1915.

NOTIFICATION

No. R 4919—Ft. 112-13-7, dated 20th November 1915.

The Government of His Highness the Maharaja of Mysore are pleased to declare under the provisions of Section 17 of the Mysore Forest Regulation (XI of 1900) that, from the 1st November 1915, the area, the boundaries of which are set forth in the schedule annexed to this notification, shall be deemed to be a "State Forest, subject to the exercise of rights specified at foot thereof :—

SCHEDULE

District	Taluk	Approximate area	Name of block	Hobli and village
Bangalore	Anekal and Kankanhalli Taluks	9·21 square miles	Madeswara	*Anekal Taluk*—Kasba hobli (1) Tammanaikanhalli. (2) Indlavadipur *Kankanhalli Taluk*—Maralvadi hobli. (3) Thattikere

Situation.—A hilly block of land situated at the south-west corner of the Anekal Taluk and north-west corner of Kankanhalli Taluk, about 3 miles to the south-east of the Ragihalli State Forest and about 4 miles to the west of the Anekal town.

BOUNDARIES.

North.—Starting from a point on the western boundary of Survey No. 91 of the Thattikere village which is 9 chains south-west from the south-west corner of Survey No. 89 of Urgandoddi hamlet, the line runs due east for 33 chains through Survey No. 91 and then runs in a north-easterly direction through the said survey number for a distance of 55 chains to a point on the common boundary between Biggandoddi and Thattikere which is about 16 chains from the north eastern corner of Survey No. 91, then it runs along the common boundary till it meets the north-eastern corner of Survey No. 91, then south-east along the common boundary between Baggandoddi and Thattikere for about 70 chains till it meets the north-eastern corner of the Thattikere village, then north-east for about 38 chains along the common boundary between Baggandoddi and Indalavadipur to the Gadi bands of the Indlavadi village.

East.—Thence south along the right bank of the halla in Survey No. 93 of Indlavadipura for about 34 chains where it meets another halla; then south-east through Survey No. 93 of Indlavadipur for about 23 chains to the south-west corner of Survey No. 88 of the said village then south-east through the said Survey No. 93 for about 24 chains to a point on the south side thereof about 7 chains north-west from the north-west corner of Survey No. 128 of Tammanaikanhalli; then due south in a straight line through Survey No. 96 of Tammanaikanhalli for about 82 chains to a point on its south side about 10 chains south-west from the south-west corner of Survey No. 78 of the same village; then south-east through Survey No. 80 of Tammanaikanhalli for about 18 chains till it meets a halla in the same survey number then along the said halla for about 43 chains to a point on the west side of Survey No. 23 about 34 chains north from its south-west corner, then south along the said west side of Survey No. 23 to its south-west corner.

South.—Then west along the northern boundary of Byalalkere (Madras Presidency) for 210 chains to its north-west corner which is about 21 chains east from the common gadi bandhs of Kolalgundi and Thattikere in the Kankanhalli Taluk, then west through Survey No. 81 of Tammanaikanhalli for about 21 chains to the aforesaid common gadi bandhs of Kolalgundi and Thattikere villages; then north-west along the northern boundary of Kolalgundi for about 60 chains till it meets the Sivapurahalla, then north-east across the said halla along the east side of Survey No. 14 for 2 chains to a point about 23 chains south-east from the north-east corner of Survey No. 71, then north-east along the right bank of the same halla for about 31 chains; then north-west about 28 chains through Survey No. 72 of Thattikere to a point on the east side of Survey No. 100 about 21 chains north from the north-east corner of Survey No. 171; then south-west for about 44 chains through Survey No. 100 of Thattikere to a point where a halla crosses its south side, about 10 chains north from the north-east corner of Survey No. 111; then north-west along the north side of Survey No. 14 for about 59 chains to its north-west corner.

West.—Thence north-east along the left bank of Hebhalla which forms the common boundary of Thattikere and Bilagankuppe till it meets the starting point.

No. R. 4915-8—Ft. 112-13-6, dated 20th November 1915.

Remarks.—A. The following rights of way are admitted within the block throughout the year.

(1) Foot-path from Indlavadi to Thattikere *via* Kanvepura and Sivapura hamlets and Mahadeswara temple, 6 feet wide and about 139 chains long, for men and cattle. It enters the forest in its northern boundary at the north-east corner of the Thattikere village, runs south-west through Survey No. 80 of the same village and reaches the enclosure comprising the hamlets of Kanvepura and Sivapura at a point on the south side of the said survey number about 14 chains south-east from the north-east corner of Survey No. 93 again it enters the forest in the said enclosure at a point about 12 chains south from the south-east corner of Survey No. 99 of Kanvepura, runs south-west through Survey No. 72 of Thattikere for 27 chains and reaches the Madeswara temple which is also an enclosure at a point about 5 chains north-east from the said temple, and again it enters the forest at a point about 8 chains south from the said temple, runs south-west through Survey Nos. 72 and 100 of Thattikere for about 30 chains and quits the forest in its southern boundary at a point about 18 chains north-west from the north-west corner of Survey No. 69 of Thattikere.

(2) Cart-track from Tammanaikanhalli to Thattikere, 15 feet wide and about 123 chains long, open for men, cattle and carts. It enters the forest in its eastern boundary at a point about 7 chains north-west from the north-west corner of Survey No. 126 of Tammanaikanhalli, runs west through Survey Nos. 96 and 95 of the same village and Survey No. 80 of Thattikere, and joins foot-path No. (i) *supra*.

(3) Cart-track from Tammanaikanhalli to Kallenkuppe *via* Choodahallidoddi, 15 feet wide and about 89 chains long, for men, cattle and carts. It enters the forest in its eastern boundary at a point about 10 chains west from the south-west corner of Survey No. 78 of Thamnaikanhalli runs south-west through Survey No. 96 of the same village and reaches the enclosure comprising the Choodahallidoddi and its lands at a point about 10 chains north-east from the north-west corner of Survey No. 80 of Tammanaikanhalli, and again it enters the forest at a point about 16 chains south-west from the south-west corner of Survey No. 85 of Tammanaikanhalli, runs south-west for about 23 chains through Survey No. 81 of the same village and quits the forest in its southern boundary at a point about 25 chains east from the north-west corner of the Byalkere village.

(4) Foot path from Choodahallidoddi to Thattikere *via* Sivapur enclosure, 6 feet wide about 60 chains long, for men and cattle. It enters the forest in the Choodahallidoddi enclosure, at a point about 9 chains south-west from the south-west corner of Survey No. 82 of Tammanaikanhalli, runs north-west through Survey No. 81 of Tammanaikanhalli and 72 of Thattikere and reaches the Sivapur enclosure at a point about 9 chains south from the south-east corner of Survey No. 73 of Sivapur and again it enters the forest at a point about 11 chains north-west from the Madeswara temple and runs west through Survey No. 72 of Thattikere for 7 chains and joins foot-path No. (i) *supra*, at a point about 6 chains, north-east from the temple.

(5) Foot-path from Thattikere to Baggandoddi *via* Urgandoddi, 6 feet wide and about 182 chains long, for men and cattle. It enters the forest in its southern boundary at a point about 9 chains north-west from the northernmost corner of Survey No. 111 of Thattikere, goes north-east through Survey Nos. 100 and 91 of the same village and reaches the Urgandoddi enclosure at a point about 8 chains south-west from the south-west corner of Survey No. 89 of Urgandoddi (hamlet of Thattikere).

B. The undermentioned concessions are allowed within the block.

(i) Sivapura and Kanvepura (hamlets of Thattikere) are clubbed together and treated as an enclosure. Its boundary will be as follows:—

Starting from a point (where two jungle hallas meet) about 15 chains north-west from the north-west corner of Survey No. 92 of Thattikere, the line runs due east for about 24 chains through Survey No. 91 so as to meet its east side at a point about 10 chains north from the north-east corner of Survey No. 93, then south-east for about 13 chains to a point on the south side of Survey No. 80 about 8 chains east from the said north-east corner, then east along the south side of Survey No. 80 for about 51 chains till it meets a halla (the Sivapur halla), then south-west and west along the said halla to a point about 6 chains south-east from the Madeswara temple, then north along the Madeswara halla for about 35 chains where another halla meets it, and then along the former halla to the starting point. Access to the above enclosure will be by means of foot-path No. (i) *supra*.

(ii) The Madeswara temple and the katte of the same name in Survey No. 72 will be demarcated out free from reservation and treated as an enclosure. Its boundary line will being at a point on the east side of Survey No. 100 about 5 chains north-west from the said temple and run east forabout 10 chains, till it meets the halla, then south along the said halla for 12 chain where it meets the Sivapur halla, then south for about 4 chains, then west for 10 chains till it meets the east side of Survey No. 100 and then north along the said side of Survey No. 1 to the starting point.

No. R. 4915-8—Ft. 112-13-6, dated 20th November 1915.

(iii) The Katte in Survey No. 100 of Thattikere known as Maralkere is treated as an enclosure. Access to it will be by means of a foot path branching from the foot-path No. (i) *supra*.

(iv) Choodahalli, hamlet of Tammanankanhalli in Survey No. 81 consisting of Survey Nos. 94, 93, 92, 91, 90, 89, 88 87, 86, 85, and 84 and the village site is demarcated out tree from reservation with sufficient margin all round, having the following boundary :—

Starting from a point on the north side of Survey No 81 about 19 chains north-west from the north-west corner of Survey No 91, the line runs north-east along the halla for about 21 chains till it meets the confluence of two small hallas, then south-east in a straight line for 33 chains to a point on the south side of Survey No 96 about 10 chains north-east from the north-west corner of Survey No. 80, then southwards for 20 chains till it meets the west side of the said Survey No. 80 at a point about 10 chains east from the north-east corner of Survey No 89, then south-west through Survey No 81 for about 49 chains till it meets the halla, then westwards for about 35 chains to a point where the cart-track leading to Kallankuppe crosses a halla, then north along the said halla for 46 chains to a point about 7 chains south-west from the south-west corner of Survey No. 82, then east for about 25 chains to the southernmost corner of Survey No 83, then along its east and north sides to its northernmost point and then north in a straight line for about 32 chains to the starting point.

(v) The raiyats of Thattikere are entitled to take their cattle for water to the Channa-Lasappakere in Survey No. 80. Access to it will be along the foot-path No (i) *supra*.

(vi) The raiyats of Thattikere (cattle 563), Indlavadi (cattle 901) and Chikkathosahalli (cattle 431) are entitled to graze their cattle in the State Forest on payment of half the prescribed fees during the prescribed season.

By Order,
V. R. THYAGARAJA IYER,
Secy. to Govt., Rev. Dept.

To—The Compiler, *Mysore Gazette*, for publication.

Letter No. 332, dated 29th April 1913, from C. Venkata Rao, Esq., B.A., Forest Settlement Officer in Mysore, Bangalore, to K. S. Doraswami Iyer, Esq., Revenue Commissioner in Mysore, Bangalore, through the Deputy Commissioner, Bangalore District

I have the honor to report on the conclusion of the settlement of the Madeswara Block in the Anekal and Kankanhalli Taluks of the Bangalore District

2. The initial notification under Section 4 of the Mysore Forest Regulation proposing to constitute the area into a State Forest appeared on pages 192 and 193 of the English issue of the *Mysore Gazettte*, Part I, dated the 20th April 1911, and the proclamation under Section 5 of the said Regulation was published on pages 404 and 405 of the Kannada issue of the *Mysore Gazette*, Part II, dated the 8th June 1911.

The proclamatory notices were got served on the villagers concerned through the Amildars of the Anekal and Kankanhalli Taluks.

3. The block was inspected and perambulated by me in company with the Range Officer of the Bangalore Range, on the 5th and 6th July 1912. It is one of the several fuel reserves in the Bangalore District under the management of the Forest Department for over ten years. As it is surrounded by populous villages, and as the raiyats thereof own large herds of cattle, liberal provision has been made in the matter of grazing.

4. The following sixteen claims were preferred to me during the enquiry :—
(1) Three claims to right of grazing.
(2) Three claims to right of way.
(3) One claim to right of water.
(4) Nine claims to miscellaneous rights.

Of the three claims in (1) two were fully admitted and one partly admitted. All the claims in (2) and (3) were admitted. Of the nine claims in (4) two were fully admitted and seven partly admitted.

5. The Deputy Commissioner has intimated in his docket No. R. 2628, dated 15th March 1913, that no appeals have been preferred to him against my settlement decision.

6. The following records are herewith submitted :—
(1) 'B' Register.
(2) 'C' Register.
(3) Sketch map.
(4) Boundary notification.
and (5) Topo-tracing.

7. The date from which the reservation is to take effect may be inserted in the draft boundary notification.

B.—Register of claims to lands, rights to forest produce or easements in the proposed Madeswara State Forest.

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks

1	Halappa, patel of Thattikere.	5th July 1912	States that the only gomal Survey No. 14 now remaining for the use of the village, is ill-suited for grazing as it consists of boulders and begs that in addition to it Survey No. 100 which is also gomal land and which is proposed to be included in the Reserve, may be excluded therefrom.	.....	Survey No 100 contains the best growth of sandal, teak, honne, A portion of this number has already been taken by the Mysore Electrical Service Department for their transmission line and the major portion is hilly A reasonable concession may be shown to the raiyats of Thattikere within the proposed Reserve.	The village of Thattikere has, according to the proposal of the Forest Department, to contribute 1,562 acres and 16 guntas of gomal and 1,889 acres and 26 guntas of kharab to the Reserve in question. Deducting this extent, there will remain for the communal purpose of the raiyats concerned, about 431 acres of gomal and 20 acres of kharab This is rather insufficient for the pasturage of 563 head of horned cattle. As the preliminary demarcation line runs close to some dwelling houses in Survey No. 69, it has to be shifted farther away. I would accordingly deviate it at a point on the right bank of the halla about 23 chains south-east from the north-east corner of Survey No. 71, and run it along the said halla for about 31 chains, then north-west for about 28 chains to a point on the east side of Survey No 100 about 21 chains north from the north-east corner of Survey No. 71, and then south-west for 44 chains through Survey No. 100 to a point on its south side about 10 chains north from the north-east corner of Survey No 111. By this arrangement about 97 acres will be excluded from the proposed area, for the benefit of the villagers. C. VENKATA RAO, Forest Settlement Officer. 6th July 1912 Considering the fact that no less than 2,895 acres and 1 gunta of Thattikere has been included in the Reserve, as also the fact that Survey No. 14, now left to the villagers as gomal is ill-suited for grazing purposes owing to the soil being stony, decide that they also be entitled to graze their horned cattle (563) within the Reserve on payment of half the prescribed fees, during the prescribed season. C VENKATA RAO, Forest Settlement Officer. 6th July 1912.	.....	

						(2 and 3)
2	Halappa, patel of Thattukere.	5th July 1912	Requests that the pasture lands enclosed between the Madeswaragudi halla and the Sivapura halla may be excluded for the use of the Sivapura hamlet		The three hamlets *viz*, Urugandoddi Kanvepura and Sivapura may be kindly treated as enclosures with a reasonable margin around them	The hamlets of Kanvepura and Sivapura will owing to its proximity from each other, be clubbed and made into one enclosure having the following boundary — Starting from a point (where two jungle hallas meet) about 15 chains north-west from the noth west corner of Survey N 92, the line runs due east for about 21 chains through Survey No 91 so as to meet the east side of Survey No 91 at a point 10 chains north from the north-east corner of Survey No 93 then south-east for about 13 chains to a point on the south side of Survey No 80 about 8 chains east from the said north-east corner then east along the south side of Survey No 80 for about 51 chains till it meets a halla (the Sivapurada halla) then south-east and west along the said halla to a point about 6 chains south-east from the Madeswara temple then north along the Madeswara halla for about 33 chains where another halla meets it and then along the latter halla to the starting point C VENKATA RAO Forest Settlement Officer 6th July 1912
3	Do ..	Do ..	Requests that in the case of Kanvepura about 100 acres may be excluded from the proposed Reserve			
4	Do .	Do .	In the case of Urgandoddi the lands to the east of the village as far as Survey No 80 may be excluded		*Vide* claim 3	The hamlet of Urugandoddi in Survey No 91 will be treated as an enclosure and demarcated out free from reservation Its northern boundary will run along the demarcation line for about 13 chains and its western boundary will run along the halla which is also the demarcation line of the forest for about 62 chains to a point about 9 chains south-west from the south west corner of Survey No 80 Its southern boundary line will begin at this latter point and run eastwards for about 53 chains till it meets a halla where its eastern boundary line will meet C VENKATA RAO Forest Settlement Officer 6th July 1912
5	Do	Do ..	Represents that the temple of Madeswara in Survey No 72, where a jatra is held twice a year may be excluded with sufficient camping ground and that the adjoining Madeswara tank may be treated as an enclosure		Madeswara temple may be treated as an enclosure with sufficient camping ground all round so that the tank adjoining the above temple may be enclosed within the said camping ground	The Madeswara temple and the kattle of the same name in Survey No 72 will be demarcated out free from reservation and treated as an enclosure Its boundary line will begin at a point on the east side of Survey No 100 about 6 chains north west from the said temple and run east

* Excluded from the forest

B — Register of claims to lands, rights to forest produce or easements in the proposed Madeswara State Forest—*contd*

1	2	3	4	5	6	7	8	9
						for about 10 chains till it meets the halla then south along the said halla for 12 chains where it meets the Sivapura halla then south for about 4 chains, then west for 10 chains till it meets the east side of Survey No 100 and then north along the said side of Survey No. 100 to the starting point C VENKATA RAO, 6th July 1912 Forest Settlement Officer		
6	Halappa, patel of Thattikere	6th July 1912	States that there is another tank in Survey No 100 known as Marikere and prays that this may be treated as an enclosure		The claim to exclud the tank in Survey No 100 may be kindly disallowed	The katte in Survey No 100 known as Marikere will be treated as an enclosure Access to it will be along a foot path branching from the foot-path leading from Indalwadi to the hamlets of Kanvepura and Sivapura C VENKATA RAO 6th July 1912 Forest Settlement Officer		
7	Mara patel of Indalwadi	Do	States that the cattle of his village have been from time immemorial grazing in Survey No 80 of the adjoining village of Thattikere and the ryots have been paying hulbunni to that village annually and as this survey number has been proposed to be included in the Reserve and as the gomal land assigned to his village is inadequate prays that this right to graze in the above survey number may be admitted	The patel of Thattikere supports the claim	The villagers of Indalwadi have their own gomal measuring 3 7 acres 10 guntas Though the lands of this village have been taken to the proposed forest yet on account of the inadequacy of their gomal area they graze their cattle in the said Survey No 80 which contains a good growth of valuable trees and pay an annual sum of hulbunni Its exclusion will not only deprive the forest of a good portion but it will also disfigure the continuation of the Reserve As it is not also fair to entirely deprive the ryots of their enjoyment they may be permitted to graze at half the prescribed rate or a lumpsum grazing fee may kindly be levied	The ryots of Indalwadi have set up a claim for grazing in Survey No 80 of Thattikere included in the Reserve It is in evidence that they have been enjoying this right for several years on payment of hulbunni to the Thattikere village the patel of which has also admitted this claim I accordingly decide that they be entitled to graze in the Reserve 901 head of horned cattle at half the prescribed fees during the prescribed season C VENKATA RAO, 6th July 1912. Forest Settlement Officer		

8	Halappa, patel of Thattikere.	5th July 1912...	Requests that a right of way to the following foot-paths may be admitted. (i) Footh-path from Thattikere to Sivapura. (ii) Foot-path from Thattikere to Kanvepura. (iii) Foot-path from Thattikere to Urgandoddi. (iv) Foot-path from Thattikere to Choodahalli.	.....	May be admitted	The following public rights of way will be admitted throughout the year. (1) Foot-path (6 feet wide) leading from Indlavadi to the hamlets of Kanvepura and Sivapura treated as an enclosure, and on to Thattekere *via* Madesvara temple. (2) Foot-path leading from the aforesaid enclosure to Choodahallidoddi, hamlet of Thammanaikanhalli. *(Admitted vide claim 16.)* (3) Foot-path from Thattikere to the hamlet of Urgandoddi and on to Inam Buggandoddi, width to be 6 feet. C. VENKATA RAO, 6th July 1912. Forest Settlement Officer.	.....
9	Ascertained by the Forest Settlement Officer.	Do ...	Requests that the raiyats of Thattikere may be alowed to take their cattle for water to the tank Survey No. 80 (Chennabasappakere.)	.....		The raiyats of Thattikere will be entitled to take their cattle for water to the Channabasappakere in Survey No. 80. Access to it will be along the foot-path No. (1) *supra*. C. VENKATA RAO, 6th July 1912. Forest Settlement Officer.	
10	Marappa, patel of Indalvadipura.	Do ...	Represents that as the extent of gomal remaining for the village cattle is inadequate, some more lands may be excluded from the reserve.	.....	The village has got an area of 668 acres of gomal land and an extra 21 *acres of* assessed waste which is not likely to be brought under the plough as they have been lying waste for upwards of fifty years. The Forest Department have taken about 327 acres, thus leaving a large area *sufficient for double the number* of cattle in the village. Hence their request may not be granted.	As the village of Indlavadipura has to contribute to the Reserve about 327 acres of gomal, it is urged that the remaining extent of 841 acres is insufficient for the pasturage of 252 head of horned cattle. This representation is entitled to favourable consideration, as the yield of grass in the locality is not plenty owing to the soil being stony and otherwise poor. I would therefore exclude about 70 acres more by running the forest boundary along the halla in Survey No. 93. I accordingly direct that it be shifted to the gaddi adhi of Indalvadi and Bagga. *doddi and made* to run south-east along a halla for about 34 chains to the point where two hallas *meet, and then* in a straight line in a south-easterly direction till it meets the south-west corner of Survey No. 88. C. VENKATA RAO, 6th July 1912. Forest Settlement Officer.	

B.—Register of claims to lands, rights to forest produce or easements in the proposed Madeswara State Forest—*concl'd.*

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
1	2	3	4	5	6	7	8	9
11	Thimmaraya, patel of Thammanaikanhalli	6th July 1912	States that the cattle of the village of Sonavara have been grazing in his village gomal lands without paying hullanni, and begs therefore that some gomal lands may be excluded from the proposed Reserve.	.....	The raiyats of Sonavara have not come forward to advance their claims and do not pay any hullanni nor, have any of their lands been taken up for the proposed State Forest, and as such they are not deserving of any consideration.	11 & 12. As the line abutts on some of the cultivated fields of the village, it will be shifted westwards by about 5 chains to a point about 6 chains north-west from the north-west corner of Survey No. 128 and made to run south in a straight line for about 82 chains to a point on the north side of Survey No. 80 about 10 chains west from the south-west corner of Survey No. 78, then south-east for about 18 chains till it meets a halla in survey No. 80, and then along the halla to a point where the west side of Survey No. 23 intersects it. By this arrangement the tanks of Sadappankere and Jamkere which had to be treated as enclosures, will be excluded from the Reserve. C. VENKATA RAO, 6th July 1912. Forest Settlement Officer.	.....	
12	Do ...	Do ...	Sadappankere, Jamkere which are now included in the Reserve, may be excluded therefrom.	.....	As Sadappankere is almost on the line this may be excluded for the benefit of the raiyats.			
13	Do ...	Do ...	States that the hamlet of Choodahalli doddi is now proposed to be treated as an enclosure in the Reserve and that as there is no sufficient margin around it, much inconvenience will be caused to the raiyats residing therein, and prays therefore that about 1,000 acres of land around it may be excluded.	.....	Choodahalli doddi may kindly be treated as an enclosure and sufficient margin provided for the hamlet. That out of 3,699 acres, only 2,208 acres have been proposed for the Reserve, leaving 1,491 acres for 471 head of cattle which the village contains, and which area is surely more than enough for all their requirements. Hence their request for more grazing grounds cannot be granted.	The hamlet of Choodahallidoddi consisting of Survey Nos. 94, 93, 92, 91, 90 89, 88, 87, 86, 85 and 84 and the village site will be demarcated out free from reservation with sufficient margin all round having the following boundary :- Starting from a point on the north side of Survey No. 81 about 19 chains north-west from the north-west corner of Survey No. 94, the line runs north-east along the halla for about 21 chains till it meets the confluence of two small hallas, then south-east in a straight line for 34 chains to a point on the south side of Survey No. 96 about 10 chains north-east from the north-west corner of Survey No. 80, then southwards for 20 chains till it meets the west side of the said Survey No. 80 at a point about 10 chains east from the north-east corner of Survey No. 80, then south-west	.....	

						through Survey No. 81 for a' out 49 chains till it meets the halla, then westwards for about 34 chains to a point where the cart-track leading to Kallankuppe, crosses a halla, then north along the said halla for 46 chains to a point about 7 chains south-west from the south-west corner of Survey No. 82, then east for about 25 chains to the southernmost corner of Survey No. 83, then along its east and north sides to its northernmost point and then north in a straight line for 32 chains to the starting point. C. VENKATA RAO, 6th July 1912. Forest Settlement Officer.
14	Vabiah, patel of Chikkahosahalli	4th July 1912	Represents that Survey Nos. 95 and 96 of Thammanaikanhalli are the lands to which his village cattle have been going for grazing, and prays that Survey No. 96 may be excluded for the use of his village cattle as the raiyats pay hulbanni.	The patel of Thammanaikanhalli support the claim.	As Survey No. 96 cannot be excluded from the Reserve, this right to graze in that survey number may be continued on payment of a lumpsum fee.	The raiyats of Chikkahosahalli have claimed the right of grazing in Survey Nos. 95 and 96 of Thammanaikanhalli, the patel of which has admitted it. It is in evidence that as only an extent of 159 acres of gomal has been assigned to Chikkahosalli during survey settlement, it is found inadequate for the pasturage of 391 head of horned cattle and that the raiyats are obliged to take their cattle to Thammanaikanhalli pasture lands for grazing. As this right has been exercised by them for several years past on payment of hulbanni fees to the Revenue Department, it is equitable that the said right should be recognized. I accordingly decide that they be entitled to graze their horned cattle (431) in the Reserve on payment of half the prescribed fees, during the prescribed season. C. VENKATA RAO, 6th July 1912. Forest Settlement Officer.
15	Thimmaraya, patel of Thammanaikanhalli	Do ...	Requests that a right of way to the cart-tracks leading to Kallenkuppe and to Thattikere may be admitted.	.....	May be admitted.	Right of way to the cart-track leading from Thammanaikanhalli to Kallenkuppe *via* Choodahalli do di will be admitted for men, cattle and carts throughout the year. Width to be 15 feet. Right of way to the cart-track leading from Thammanaikanhalli to Thattikere, 15 feet wide, will be admitted for men, cattle and carts throughout the year. C. VENKATA RAO, 6th July 1912. Forest Settlement Officer.

BANGALORE,
29th April 1913.

C. VENKATA RAO,
Forest Settlement Officer.

No. Fl. 1929-33—G. F. 138-12-13, dated 3rd November 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Order No. Fl. 639-43, dated 1st September 1903, sanctioning a loan of Rs. 2,80,000 to Mr. Dalvoy Devaraj Urs at five per cent interest per annum on the security of the landed property owned by him, the amount of the principal with interest being repayable by annual instalments of not less than Rs. 14,500 till the whole debt is liquidated.

2. Government Order Nos. Fl. 4376-81—G. F. 19-05 and Fl. 6157-61—G. F. 390-10-4, dated 20th February 1911 and 21st June 1911, respectively, reducing the rate of interest on the loan first to 3¾ per cent, and then to 3½ per cent, and ordering certain modifications in regard to the amount of the annual instalment payable towards the adjustment of the loan.

3. Memorial dated 11th January 1913 addressed to His Highness the Maharaja by Mr. D. Nanjaraj Urs, eldest son of Mr. D. Devaraj Urs, praying that in consideration of the present circumstances of the family and of the long and faithful service rendered by his father to the State, such portion of the loan advanced from Government as may be thought fit may be written off the accounts, that interest may not be charged on any sum remaining to be paid, and that only the income from the lands be utilised towards repayment of the loan, setting free the portion of the Palace stipend for expenses of the family.

Order No. Fl. 1929-33—G. F. 138-12-13, dated 3rd November 1915.

The loan account of Mr. D. Devaraj Urs stood as follows on 1st July 1915:—

	Rs.
Principal	2,75,462
Interest (about)	4,204

and the maximum annual instalment expected towards repayment is as noted below:—

	Rs.
Income from minor inams	5,433
Do whole inams	3,500
Do house property at Nanjangud ...	859
Do bungalow at Bangalore	1,200
Palace stipend (half)	5,230
(Roughly) ...	16,200

2. Of the prayers made by the memorialist, Government are unable to sanction the remission of the already 'low' interest or the writing off of any portion of the principal. The prayer for the reduction of the annual instalment by setting free the Palace Stipend will, if granted, result in the repayment of the Government loan being postponed indefinitely as with the reduced instalment, *viz.*, Rs. 10,970, it would take nearly 65 years for the adjustment of the loan.

3. Government however consider it necessary to devise some means by which the family could be left a portion of the annual income for its maintenance and also a valuable remnant of the ancestral estate after making satisfactory arrangement for meeting all the liabilities. After a careful consideration of the question, Government are pleased to direct as follows:—

(i) That all the mortgaged property in the Districts of Bangalore, Mysore and Hassan including buildings, minor inam lands and whole inam villages, but excluding the Hebbale group of villages in the Hassan District and the buildings in the Mysore Fort, be sold at the market rate and the proceeds applied for the

adjustment of the loan account. Government expect that at the least the sale of the properties will, on the whole, yield not less than Rs. 2,50,000 so that the loan account would be reduced to about Rs. 30,000, if not altogether wiped off.

(ii) That the Hebbale group of villages in the Hassan District and the house in the Mysore Fort be reserved for the use of the family and made security for the repayment of the balance of the loan that may remain due after the sales are effected.

(iii) That from the anticipated net income of Rs. 4,000 per annum from the Hebbale group of villages, the balance of the loan, if any, with interest thereon be adjusted at not less than Rs. 3,000 per annum, the balance of the income not exceeding Rs. 1,000 per annum, being given to the family for its maintenance.

(iv) That the portion of the Palace stipend till now appropriated towards the annual instalment be set free for the present for the maintenance of the family.

4. The Deputy Commissioners of Bangalore, Mysore and Hassan Districts are accordingly directed to take steps forthwith for the disposal of the lands and buildings within their jurisdiction and submit quarterly reports to Government within one month from the end of each quarter beginning from that ending December 1915 regarding the progress made. Sales should be advertised as far and widely as possible and be held subject to confirmation of Government in each case. They should be conducted by the Deputy Commissioner or the Assistant Commissioner in charge of the Sub-Division as the case may be.

5. It is understood that some of the lands situated in the Mysore District will get submerged by the Cauvery Reservoir. Instead of giving other lands in exchange for them, their value should be adjusted by giving credit to the loan account. The Deputy Commissioner will take steps to do so in consultation with the Comptroller.

6. It is noticed that the bungalow situated on the Dodkere road and next to Gordon Hotel has been left out of the list furnished by the Deputy Commissioner, Mysore, perhaps by inadvertence. This property also should be sold along with others.

Read –

Government Order No. Fl. 7166-211—G. F. 280-05-36, dated 30th April 1906, constituting a Committee for reporting on the possibilities of retrenchment in expenditure and of improvement of revenue.

2. Government Order No. Fl. 1604—G. F. 442-10, dated the 3rd April 1911, enlarging and strengthening Retrenchment Committee.

3. Paragraph 6 of the Government Order No. G. 5921-72—G. M. 259-13-1, dated the 3rd February 1914, appointing the Efficiency Audit Officer as *Ex-officio* Secretary to the Retrenchment Committee.

Order No. Fl. 2015-63—G. F. 100-15-1, dated 10th November 1915.

With a view to place the work of the Committee on a more satisfactory basis, Government are pleased to direct that the constitution and functions of the Committee be revised as follows :—

(*a*) The name of the Retrenchment Committee will be altered to Finance Committee, which will consist of the two Members of Council with the First Member as President, the Financial Secretary and the co-opted Head of the Department concerned. The Efficiency Audit Officer and the Financial Assistant Secretary to Government will be Joint Secretaries to the Finance Committee.

(*b*) The Committee will make proposals both for retrenchment of expenditure and growth of revenue.

(*c*) It will meet not less often than once every two months.

2. All Heads of Departments and Deputy Commissioners are requested to supply any information required by the Finance Committee.

3. Government will be glad to be kept informed of the progress made in the work of the Committee by furnishing every half-year commencing, from 1st January next, statements showing work done in the previous half-year and programmes and forecasts of work to be undertaken in the ensuing half-year.

Letter No. 11648, dated the 30th June 1909, from the Excise Commissioner in Mysore, submitting the records of enquiry relating to the excise revenue from toddy of Kesavanhalli village, Nanjangud Taluk.

Order No. Fl. 2250-1—S. R. 9-09-2, dated 20th November 1915.

The sannad alienating the village has not been produced. The Inam Settlement distinctly reserves to Government the right to this item of revenue. Further, the inamdar has not adduced conclusive proof of the enjoyment of this revenue for a period of fifty years prior to 1892-93. Government therefore hold that the inamdar is not entitled to the revenue in question.

Read—

The following letter from the Excise Commissioner in Mysore, No. 64, dated 17th August 1915, to the Secretary to Government, Revenue Department:—

I have the honor to state that the existing procedure with regard to the payment of Toddy Refund Bills in favour of Inamdars in the State, is unnecessarily cumbrous and not economical, either in time or in energy. To make my meaning clear I shall detail in two columns, alongside of one another, the state of the procedure now in vogue, and those proposed by me in modification of them:—

Existing	Proposed
1. Preparation of the bill in the District Excise Office and transmission to the District Treasury.	1. Preparation of bill and *affixing of departmental certificate*, in the District Excise Office.
2. Affixing of certificate in the District Treasury and return to District Excise Office.	2. Affixing of certificate in the District Treasury and return to District Excise Office.
3. Transmission to the Excise Commissioner for countersignature.	3. Transmission of the certified bill to the Excise Commissioner for countersignature.
4. Submission to Government for sanction.	4. Submission to Government for sanction.
5. Transmission of sanctioned bill received from Government to the Deputy Commissioner.	5. Transmission of sanctioned bill by Government to the Comptroller direct, intimation only being given to Excise Commissioner.
6. Affixing Departmental certificate in the District Excise Office	6. Transmission of audited bill by Comptroller direct to the Deputy Commissioner, intimation only being given to Excise Commissioner.
7. Transmission to the Excise Commissioner for further action.	7. Encashment of audited bill and payment of amount to Inamdar by Deputy Commissioner, intimation of same being given to Excise Commissioner.
8. Transmission of sanctioned and certified bill to the Comptroller for audit.	.....
9. Transmission of the audited bill back to the Deputy Commissioner.	.....
10. Report from Deputy Commissioner *re* encashment of bill and payment of amount to Inamdar.	.....

2. The Comptroller, whom I demi-officially consulted in the matter of the proposed change, fully agrees with me that the procedure now obtaining is circuitous without purpose and that the one proposed is simpler and equally well suited for the purpose, besides satisfying all audit requirements.

3. * * * * *

4. I request that you will be so good as to obtain the early orders of Government in the matter and to communicate them to me.

Order No. Fl. 2370-9—S. R. 33-15-2, dated 27th November 1915.

The Excise Commissioner's proposal is sanctioned.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. Fl. 2187-235—S. & A. 63-15-4, dated 19th November 1915.

It has been brought to the notice of Government that there are at present no rules regulating the refund to the treasury of undisbursed amounts of travelling allowances and in the absence of such rules, disbursing officers are in the habit of keeping with them such amounts for indefinite periods, a course which is financially objectionable. In order to ensure the refund of such amounts to the treasury after a reasonable period, as in the case of undisbursed pay, the Government of His Highness the Maharaja of Mysore are pleased to lay down the following rules:—

(1) All sums drawn on audited travelling allowance bills of establishments should be disbursed to the proper persons as early as possible after the bills are cashed.

(2) Amounts not disbursed within a period of three months from the date they have been drawn from the treasury should be refunded to the treasury at the end of that period and a note of such refund made in the office Cash Book.

(3) Certificate No. 1 in the establishment travelling allowance bill form (No. 10 M. S. R.) will be modified as follows:—

"Certified that all items drawn from the treasury prior to 1st* .... and "remaining undisbursed to the parties have "been refunded to the treasury as per list† "attached and that all other amounts drawn "on former bills have been disbursed to the "officers therein named and their receipts "taken in the Acquittance Roll (with the "receipt stamp affixed when necessary)."

*Here enter the fourth preceding month counting backwards from the month in which the bill is being prepared; thus for a bill prepared in June, the entry should be 1st March.

†Reference to treasury challans and entries in the office Cash Book should be given.

(4) The Comptroller will frame and issue suitable instructions providing for the redrawing of such amounts when they are subsequently required for payment and for proper accounts thereof being kept in the treasury and his office.

(5) It will be part of the duty of Inspecting Officers to see that the rules relating to undisbursed travelling allowance are properly followed in the offices inspected.

2. The necessary amendment to the Mysore Service Regulations will be issued and the Superintendent, Government Printing, is requested to amend the certificate No. 1 in the printed establishment travelling allowance bill form (No. Fl. 107 A).

Exd.—C R.

Annexure

Letter No 2184-208, dated 5th October 1915, from the Inspector-General of Police in Mysore, to the Secretary to the Government of His Highness the Maharaja of Mysore, General Department

I have the honor to forward herewith copy of report on the working of the Mysore Mines Regulation during the year 1914-15, received from the District Magistrate of Kolar

2 There were 173 cases, or 81 cases more than in the preceding year The increase was chiefly under Section 36 "Breaches of Sanitary Rules and Bye-laws," 66 cases, due to improvement in the working of the Sanitary Staff and the rest were under Section 6, "unlawful possession of mining material," Section 12, "possession of unwrought gold," and Section 16, "Liability of tenants or occupation of premises where mining material is found," due to closer supervision on the part of the Detective Police.

Of the 173 cases, 133 ended in conviction and 40 in acquittal or discharge, against 65 and 30 respectively in the previous year.

3. One hundred and seventy-four persons were involved in these cases, of whom 134 persons were convicted and 40 were either acquitted or discharged, against 65 and 40 respectively in the previous year.

4. During the year, there were 9 cases under Section 16, "Liability of tenant or occupier of premises, where mining material is found," of which 7 ended in conviction This is noteworthy compared with the fact that there were only 10 cases under this Section ending in convictions during the past eight years, the Mines Regulation has been in operation, against 27 cases put up. The larger percentage of convictions this year is partly due to better appreciation of the situation and partly to several articles such as colored candles, crushed quartz, etc., etc., having been found in various parts of hut, raising presumptions and leading the Magistrates to conclude that the owners or occupiers could not have been ignorant that mining materials were in their premises.

5. The work under the Regulation during the year under report has been satisfactory.

Letter No. 1969, dated 6th September 1915, from the District Magistrate, Kolar District, to the Inspector-General of Police in Mysore.

I have the honour to forward herewith the ninth Annual Report on the working of the Mysore Mines Regulation, IV of 1906, for the official year ending 30th June 1915.

2. The total number of cases placed before and dealt with by Magistrates during the year under report under various sections of the Regulation was 173, involving 174 persons, of which 133 involving 134 persons ended in conviction, 40 involving 40 persons in acquittal or discharge against 92 cases concerning 105 persons in the previous year, of which 65 ended in conviction of 68 persons and the acquittal or discharge.

3. The net increase of 81 cases in 1914-15 is made up of an increase of 86 cases and a decrease of 5 cases as follows:—

Offences under sections	Increase	Decrease
6 and 13	4	..
7 and 13	...	1
12 and 13	2	.
16 and 13	9	...
17 and 19	..	4
21 to 33	5	.
36	66	...
Total ...	+86	5

The increase of 15 cases under Section 13 appear to be due to increased detective vigilance on the part of the Police. The increase of 66 under Section 36 in the Sanitary Board Area shows an improvement in the work of the Sanitary Staff, which is satisfactory, as indicating that my remarks in the last year's report have had the desired effect.

4. During the year under report, 49 cases involving 49 persons were prosecuted by the Police before the Courts under Sections 5 to 19 of the Regulation as against 39 cases involving 47 persons for last year. The figures for this and the preceding year are as follows —

Sections	1913-14				1914-15			
	Prosecuted		Convicted		Prosecuted		Convicted	
	C	P	C	P	C.	P.	C	P
6 and 13	28	36	22	23	32	30	25	25
7 and 13	1	1	1	1	..	..		
12 and 13	..	.	.		2	2	2	2
16 and 13	.	.	.		9	11	7	7
17 and 19	10	10	10	10	6	6	4	4
18 and 19	.				..	..		
Total	39	47	33	34	49	49	38	38

The rise of 10 cases is due practically to 9 cases under Section 16 which is exceptional.

i. Section 6.—*Unlawful possession of mining material.*

There is a slight increase of 4 cases as compared with last year. Such fluctuations are only natural. The percentage of convictions secured is practically the same as last year, being 78·1. For the two previous years it was 78·5 and 76·4, but if the percentage of cases convicted to those tried is taken, it is as high as 89·2.

Whether sponge gold, which is Mining Material, is also stolen property by virtue of its being sponge gold is a question that arose this year in the case of Government *vs.* Mahomed Usman (C. C. No. 839 of 1914-15, on the file of the Special Magistrate, Kolar Gold Fields) which is a case of sponge gold found on the Railway and it is understood that the conviction is under the consideration of the Full Bench of the Chief Court. Should the conviction under Section 411, Indian Penal Code, be upset by the Full Bench, the necessity for extending the Mines Regulation to the Railway would become more urgent than ever.

ii Section 7.—*Licenses required for gold dealers and goldsmiths.*

There were no prosecutions this year for unauthorised working by goldsmiths or for omission to keep accounts under Sections 7 and 10 of the Regulation. Twenty-three goldsmiths' licenses were renewed and 4 fresh licenses issued as compared with 22 and 5 for last year.

iii Section 12.—*Possession of unwrought gold.*

Under this head two cases with two persons were dealt with by the Magistrates as against none in the year previous, both cases ending in conviction.

iv Section 16.—*Liability of tenants or occupier of premises where mining material is found.*

Nine cases were put up by the Police and no less than 7 ended in conviction. This is a surprising result as will be understood when it is stated that 27 cases have been put up under this section in the past eight years and only 10 convictions secured.

v. Section 17.—*Undesirables.*

During the year under report, 6 cases with 6 persons were put up, 4 of them resulting in convictions and the remaining 2 in acquittal, against 10 in 1913-14, which all ended in conviction.

Two men named Annamalai and Devasagayam, who had been served with notices by the Superintendents of Mysore and Champion Reefs, were prosecuted for re entering these mines. The Magistrate acquitted them holding that at the time of their re-entry, they had committed no offence as the notices served on them were invalid. The Sessions Judge of Bangalore made a reference to the Chief Court on the point of law involved and the Chief Court upheld the Magistrate's finding. Twenty three notices were served during the year, 22 by the Police and 1 by the Watch Establishment; of the 22 served by the Police, 19 were under the section as amended. I have already made a special reference to Government on the necessity for extending the provisions of this section to Robertsonpet, Andersonpet, Ooregum village, etc. I would like to bring to notice a defect in the wording of the section. In its application, it refers to those whose *residence* in such area as shall be notified by Government from time to time is considered undesirable. The word 'residence,' I presume means either owning or renting or in some manner living in a habitation. In consequence of this, a large number of men, who are really very undesirable, are living outside the scheduled area, but who frequent it all the same, and cannot be served with notices, because they are not in residence there. I would therefore suggest that the word 'residence' should be altered to presence.

vi. Section 18.—*Licenses required by Hawkers and Pedlars.*

During the year under report, 30 hawkers' and 66 pedlars' licenses were granted against 32 and 53 respectively in the year previous for dealing in fancy goods and other articles on the several mines.

No cases were prosecuted during the year under this section.

5. Sections 21 to 33. *Safety and discipline of mining employees.*

There was an increase in the number of prosecutions for breaches of Mining Rules, the figures being 13 cases with 13 persons in 1914-15 as against 8 cases with 11 persons in 1913-14. Of these ases, 12 ended in conviction and one in acquittal.

The total number of mining accidents, which occurred during the year, was 56 resulting in the death of 36 persons under-ground and 28 in Hospital, subsequently in consequence of the injuries received. The figure for the year previous was 66 affecting 102 persons. Most of these accidents were due to air blasts, fall of loose, etc. As usual, the scenes of accidents were inspected by one of the Officers of the Geological Department and a technical enquiry held, copies of the final reports relating to such investigation being forwarded for the perusal of the Magistrate and the persons responsible being prosecuted when necessary.

6. Breaches of Sanitary Rules.

During the year, 111 cases with 112 persons were placed under Section 36, Mysore Mines Regulation, before the Court for breaches of Sanitary Bye-Laws, the figures under this head for the year previous being 45 cases with 47 persons, showing more activity on the part of the subordinate sanitary staff this year.

Of the cases of 1914-15, 83 with 84 persons ended in conviction and the remaining in acquittal or discharge.

No. J. 1732-9--Legis. 56-14-9, dated 5th November 1915.

*(8) Letter No. 103, dated the 28th July 1915, from the District Magistrate, Mysore District, forwarding reports on the working of the Mysore Factories Regulation and the Rules thereunder in their several districts during the calendar year 1914.

*(Printed as annexures.)

Order No. J. 1732-9—Legis. 56-14-9, dated 5th November 1915.

The number of factories remained at 11 during the year under report.

2. It is satisfactory to note that there were no fatal or serious accidents during the year; the two accidents in the Bangalore Mills in which two workmen injured their fingers are reported to be due to their own negligence.

3. It is reported that in the Mysore Spinning and Manufacturing Company, Limited, the children are worked as hard as the adults and that in the Bangalore Woollen, Cotton and Silk Mills Company, Limited, the provisions of Section 23 (*a*) of the Regulation requiring every child employed in any factory to carry with him, while at work, either the certificate of age, etc., or a token giving reference to such certificate are not being strictly adhered to. The District Magistrate, Bangalore District, is requested to take necessary action to enforce strictly the provisions of the Regulation, in these factories.

4. Government note with satisfaction that the requirements of sanitation are well attended to in all the factories.

No. J. 1732-9—Legis. 56-14-9, dated 5th November 1915.

Letter No. 281, dated 25th January 1915, from the Deputy Commissioner, Kolar District, to the Officiating Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Departments, Bangalore.

I have the honor to state that no factories falling within the scope of the Factories Regulation were working in this district during the calendar year 1914.

Letter No. 428, dated 22nd March 1915, from the District Magistrate, Chitaldrug District, to the Officiating Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Departments, Bangalore.

I have the honor to submit herewith the following report for the calendar year 1914, on the working of the Factories Regulation, IV of 1892 and the rules thereunder.

2. *Working Factories.*—There were six factories at work during the year under report as in the year previous. Besides these, there were five more factories which were not registered under the Factories Regulation. Steps are being taken to bring these also under the operations of the said Regulation.

3. *Nature and amount of moving power.*—All these factories are worked by steam with horse power varying from 20 N. H. P. to 146 I. H. P.

4. *Period of work.*—The number of working hours in the factories varies from 10 to 11 hours with midday stoppages for 1½ hours.

5. *Operatives.*—No children under nine years of age were employed in any of the factories. The average number of adult male and female operatives is shown in the appended statement.

6. *Inspections.*—All the six factories were inspected by the District Medical Officer during the year under report. No serious irregularity is brought to notice. The Amildar Magistrate reports that he paid more than one visit to each of the factories but did not make a regular inspection, when the factories were at work. His attention has been drawn to the rules on the subject and he has been directed to pay more attention during the current year. The Assistant Commissioner Magistrate of the place has been requested to conduct the inspection of these factories at regular intervals.

7. *Water-supply.*—Water is supplied to the factories from draw-wells and it is reported that the supply is sufficient though somewhat costly. Sanitation and ventilation were generally satisfactory.

8. *Holidays.*—Sunday being the *shandy day* at Davangere is observed as a holiday in all the factories.

9. *Prosecution.*—No prosecution was instituted during the year for breach of the rules under the Regulation.

10. A statement showing the details of working of the factories is attached hereto.

Statement showing the details of working of the Factories in the Chitaldrug District during the year 1914.

No. J. 1732-9—Legis. 56-14-9, dated 5th November 1915.

Letter No 455, dated 20th April 1915, from the District Magistrate, Kadur District, to the Officiating Secretary to the Government of Mysore, General and Revenue Departments, Bangalore.

I have the honor to report that during the past calendar year 1914, there were no factories in this district as defined in Section 2 of the Mysore Factories Regulation, IV of 1892

Letter No. 383—S., dated 19—20th April 1915, from the District Magistrate, Hassan District, to the Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Departments, Bangalore.

With reference to your reminder No. J. 3492, dated 16th instant, calling for a report on the working of the Mysore Factories Regulation, I have the honor to state that there are no factories in the Hassan District.

Letter No. 823—S., dated 22nd April 1915, from the District Magistrate, Tumkur District, to the Officiating Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Departments, Bangalore.

I have the honor to state that there are no factories in this district for a report being submitted under the Factories Regulation and the Rules framed thereunder.

Letter No. S. 676, dated 26th April 1915, from the District Magistrate, Bangalore District, to the Officiating Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Departments.

I have the honor to report on the working of the factories in Bangalore under the Factories Regulation, for the year ending 31st December 1914. As in the previous year there were only three factories working in this district. The City Magistrate with the District Medical Officer inspected the Mysore Spinning and Manufacturing Company, Limited, the Bangalore Woollen, Cotton and Silk Mills Company, Limited, and the City Brick and Tile Works, Bangalore, on the 4th, 6th and 7th November 1914, respectively, and has submitted notes of inspection, copies of which are herewith enclosed.

2. It will be seen that sanitation, water-supply, ventilation, and light have been satisfactorily attended to in all the three factories.

3. Regarding the Mysore Spinning and Manufacturing Company, Limited, the District Medical and Sanitary Officer remarks that the children are worked as hard as the adults, while in the Bangalore Woollen, Cotton and Silk Mills Company, Limited, the provisions of Section 23 (*a*) of the Regulation have not been strictly adhered to. Copy of the City Magistrate's remarks regarding uncertified children has been sent to the above Company to rectify the defects.

4. Statement No. A. is also submitted herewith.

Inspection Notes of the Mysore Spinning and Manufacturing Company, Ltd., Bangalore, by the City Magistrate, Bangalore.

Inspected the Mills with the District Medical Officer on the 4th November 1914.

Register "C" shows 274 children. As per Register "D" there are only 190, others having left.

The Medical Officer's report is attached.

Form "A" is appended.

Inspection Notes of the Bangalore Woollen, Cotton and Silk Mills Company, Bangalore, by the City Magistrate, Bangalore.

Inspected the Mills on the 6th November 1914, with the District Medical Officer. Register "C" shows 490 children whereas the Register "D" shows 272. "C" Register should be rewritten chronologically as directed during the last inspection. There were about 80 children uncertified of these about 67 were certified by the Medical Officer, others being absent. Section 23 (*a*) of the Regulation regarding the employment of children and their certificates, was pointed out to the Manager of the Mills. He says that this is impracticable and that he would submit his report thereon. At present the certified children carry no certificates or badges with them.

The Medical Officer's report is hereto attached.

Form "A" is appended.

No. J. 1732-9—Legis. 56-14-9, dated 5th November 1915.

Inspection Notes of the City Brick and Tile Works, Bangalore, by the City Magistrate, Bangalore.

Inspected the works with the Medical Officer on the 7th November 1914
Form "B" file of certificates, and the Registers C, D and E are maintained
The Medical Officer's report regarding other particulars is hereto appended
Form "A" is attached

Notes on inspection of the undermenticned Mills in Bangalore City.

Date of inspection	Name of Mill	Number of employees and their health	Working hours	Number of working days in the week	Water-supply	Latrine accommodation	Ventilation and light	Accommodations	General sanitation	Drainage	General Remarks
4	2	3	4	5	6	7	8	9	10	11	12
4th November 1914.	The Mysore Spinning and Weaving Mills, Bangalore.	Males ... ... 566 Females ... ... 103 Children ... ... 178 Total ... 847 Health Good	A. M. P. M. Men ... 6 to 12 12-30 to 6-30 Women ... 7 to 12 1-30 to 6-30 Children 6-30 to 12 12-30 to 6	All the week days, Sundays worked if a holiday intervenes in the week days in the following week.	Tap water stored in cisterns and supplied to the mill hands through a man appointed for the purpose.	Daily conservable latrine. Kept clean. Separate arrangement for males and females.	Ventilation fair. Light fair, but could be improved by cutting down the trees on the western side of the weaving apartment and keeping the panes free from dust and cobweb.	Fair	Not satisfactory, but this must be taken notice of after the new additions to the buildings are complete.	Defective	The children, I am sorry to observe, are worked as hard as the adults. The school in the premises is a misnomer. The mills are worked till late in the evening. I would insist upon the mills being closed at 6 in the evening, whatever the season.
6th November 1914.	The Bangalore Cotton, Woollen, Silk Mills Co., Ltd., Bangalore.	Men ... ... 1,170 Women ... ... 265 Boys ... ... 161 Girls ... ... 111 Total ... 1,707 Health Good	A.M. P.M. No. J. 1732-9—Legis. 56-14-9, dated 5th November 1915.

Letter No. 146—J. 64, dated 17th April 1915, from the District Magistrate, Shimoga, to the Officiating Secretary to the Government of Mysore, General and Revenue Departments, Bangalore.

I have the honor to report that there are no factories in this district registered under the Mysore Factories Regulation and Rules framed thereunder during the year 1914.

Letter No. 103, dated 28th July 1915, from the District Magistrate, Mysore District, to the Secretary to the Government of His Highness the Maharaja of Mysore, General Department, Bangalore.

I have the honor to submit herewith the following report for the calendar year 1914, on the working of the Factories Regulation, IV of 1892 and III of 1914 and the rules thereunder.

2. The marginally noted two factories which come under the purview of the factories Regulation continued to work during the year under report Of these the former is used for rice milling and the latter for coffee curing, saw milling and crushing bones for manure.

1. The Cauvery Rice Mill, Mysore
2 Matheson's Works and Saw Mills, Hunsur.

3. *Nature and amount of the moving power* —Both the factories are worked by steam, the amount of power of the Cauvery Rice Mills is 25 I. Horse Power and that of the Matheson's Mills is 30 N. Horse Power.

Period of work.—The former works mainly by shifts and the latter by midday stoppages.

4. *Operatives* —Children under nine years of age are not employed in any of the factories and the average number of adult male and female operatives and children is shown in the appended statement.

Statement showing the details of working of the factories in the Mysore District during the year 1914

Serial number Factory	Name and locality of the factory	Nature of industry	Nature of moving power	Amount of moving power	Average daily number of operatives employed		
					Adults		
					Males	Females	Total
1	2	3	4	5	6	7	8
1	The Cauvery Rice Mill, Mysore	Rice milling	Steam	25 I. H. P.	26	24	50
2	Matheson's Works and Saw Mills, Hunsur	Coffee curing, manure works and saw mills	Steam	30 N. H. P.	24	11	35

Serial number Factory	Name and locality of the factory	Average daily number of operatives employed				Whether factory is worked mainly (1) by shifts (2) by midday stoppages or (3) otherwise	Whether a general holiday is ordinarily given, (1) on Sundays (2) on varying week days (3) whether the factory is exempted under Section 5 B 2 (c) or (4) under Section 5 B 2 (d) or (5) otherwise worked.	Number of accidents			
		Children			Total of columns 8 & 11			Total	Serious	Minor	Total
		Males	Females	Total							
		9	10	11	12	13	14	15	16	17	18
1	The Cauvery Rice Mill, Mysore.	4	1	5	55	Worked mainly by shifts.	No work on Sunday and Saturday afternoon.	...	...	...	...
2	Matheson's Works and Saw Mills, Hunsur	11	10	21	56	Worked by midday stoppages.	No work on Sunday ...	...	...	...	...

5. The Matheson's Factory at Hunsur was inspected by the Medical Officer, and the Magistracy but the Cauvery Mills was not inspected by any officer.

6. In both the factories sufficient number of Urinals and Latrines have been provided for the use of the operatives and arrangements have been made for their being cleaned regularly.

7. Wholesome water is available at both the factories for the operatives. The sanitation and ventilation are generally satisfactory.

8. No accidents of any kind occurred in the two factories, the moving parts being kept protected.

9. In addition to Sundays and other important feasts which are observed as holidays, work is not done in the Cauvery Mills on Saturday afternoons and in the Matheson's Mills, work is closed for two hours on Thursday being shandy day.

10. A statement showing the details of the working of the factories is attached hereto.

Appeals against the Decisions in Departmental Prosecutions.

No. J. 1600-49- Cts. 90-14-1, dated 2nd November 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. J. 1600-49- Cts. 90-14-1, dated 2nd November 1915.

Instances have come to the notice of Government in which departments of Government interested in the prosecution of offenders cease to take such interest as soon as a charge sheet is placed before a Magistrate with the impression that the subsequent responsibility for the successful termination of the trial rests with the Police or the Public Prosecutor. This attitude on the part of the local representatives of the departments concerned has often led not only to the failure of such prosecutions but also to the appeals against the decisions of subordinate Magistrates when preferred to the appellate courts being dismissed as time-barred.

Government are therefore pleased to direct the Heads of Departments to impress upon their local representatives that it is their duty to keep themselves in touch with the trial and take timely steps to file appeals should the decisions be found to be unsatisfactory.

D. M. NARASINGA RAO,
Secy. to Govt., Gen. Dept.

To— The Heads of Departments, and Deputy Commissioners of Districts.

Appearance of Public Prosecutors on behalf of Convicts in Criminal Appeals.

No. J 1950-9—Cts. 106-15-5, dated 20th November 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. 172, dated 2nd October 1915, from the District Magistrate, Chitaldrug District, forwarding for the orders of Government, copies of correspondence between the District Superintendent of Police, the District Magistrate, Chitaldrug, and the Public Prosecutor, Shimoga Division, in the matter of the appearance of the Public Prosecutor on behalf of appellants in Criminal appeals against the convictions passed by the Magistracy without previously ascertaining from the District Magistrate concerned whether he would require the convictions being supported in appeal.

2. Correspondence ending with letter Camp No. 45, dated 21st October 1915, from the same officer in the matter.

Order No. J. 1950-9—Cts. 106-15-5, dated the 20th November 1915.

According to Rules 4 and 7 printed with Government Order No. 1932-85—J. 137 of 02-03, dated 16th March 1904, the Public Prosecutor is bound to support in appeal, without extra remuneratoin, convictions by the Magistracy when required by the District Magistrate. The question of the interest and importance of a case is one left to the discretion of the District Magistrate.

2. Accordingly Government consider that the only Criminal appeals in Sessions Courts which may be taken up by the Public Prosecutor are those in which he is retained by the convict after the institution of the appeal and in which the District Magistrate does not require his appearance for the Government and that it is his duty to ascertain whether his services are required by the Government before he appears for a person who has been convicted in a Magistrate's Court.

No. J. 2072-83—Pris. 45-14-4, dated 30th November 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. 829—91-07, dated 12th May 1915, from the Inspector-General of Prisons in Mysore, forwarding a report on the Administration of Jails and Lock-ups in the State during the calendar year 1914.

Order No. J. 2072-83—Pris. 45-14-4, dated 30th November 1915.

During the year under report the number of admissions into Jails and Lock-ups was 10,464 as against 9,696 in the previous year. Including the number at the end of 1913, the total came up to 11,638, of whom 10,289 were discharged. Government observe with satisfaction that there has been a considerable decline in the number, admitted into Jails during the year, of prisoners under the age of 15, the percentage of such admissions having fallen from 3·13 to 1·93.

2. With regard to the under-trial prisoners the daily average was 129·3 less than the previous year's figure and it is satisfactory that the average period of detention fell from 20·32 to 12·61 days.

3. The Inspector-General reports that when a convict is brought to prison no record of previous conviction usually accompanies and that the Jail authorities trace him out or the convict himself confesses to his having been in Jail when he fears that other prisoners might divulge it. The Chief Court is requested to issue necessary instructions to Magistrates to note, wherever possible, on every warrant whether a prisoner has undergone a previous conviction.

4. The number of offences committed by convicts rose from 172 to 304, and the increase is attributed to the greater care taken in detecting and punishing offences.

5. Government agree with the Inspector-General of Prisons in his observation that the proportion of short periods of imprisonment is high, and consider that such terms of imprisonment are more demoralising than deterrant in effect. In this connection, the attention of all Magistrates is again drawn to the remarks in paragraph 2 of the last year's review.

6. The expenditure has increased considerably, each prisoner costing Rs. 7 more than in the previous year. The increase is attributed to the higher rates at which the ration articles were purchased during the year.

7. The Inspector-General of Prisons is requested to take very early and effective steps to place the industries on a more economical and satisfactory basis, a separate reference being made on the point dealt within paragraph 31 of the report.

8. The Chief Engineer is requested to see that necessary repairs and improvements to the Jails are executed as early as practicable.

No. J. 1781-90—Regis. 41-14-2, dated 10th November 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. 1351, dated 2nd December 1914, from the Inspector General of Registration in Mysore, stating that, although in statement No. 7 of the form of inspection of registration offices approved by Government in their Order No. J. 995-1004—Regis. 17-2, dated 22nd October 1904, there is a heading to note the number of awards, under the Mysore Land Acquisition Regulation, 1894, filed in registration offices no copies of such awards are received by registering officers as there is no provision to that effect either in the Mysore Land Acquisition or in the Mysore Registration Regulations and suggesting the desirability of issuing executive orders, on the lines of those in force in Madras, for the transmission of copies of such awards to registering officers to ensure the maintenance of a complete record of titles to land.

Order No. J. 1781-90--Regis. 41-14-2, dated 10th November 1915.

After careful consideration Government are of opinion that it would be advantageous to adopt the Inspector-General's suggestion and are pleased to direct that a return, in the form appended to this order and giving information regarding lands taken possession of under the Land Acquisition Regulation, be invariably furnished by Deputy Commissioners of Districts to registering officers within the limits of whose jurisdiction the lands taken possession of are situate.

2. Every modification in a Deputy Commissioner's award made by a Court and every alteration in the form of compensation made by the Deputy Commissioner under Section 31, Sub-Sections (3) and (4) of the Regulation should similarly be intimated.

3. These returns will be received and filed by registering officers in the same manner as documents under Section 89 of the Mysore Registration Regulation are dealt with.

4. Rule 84 A of the rules under the Mysore Registration Regulation will be suitably modified.

V. R. THYAGARAJA IYER,
Secy. to Govt., Rev. Dept.

Government Order No 7276-85—L. B 192-11-2, dated the 3rd April 1912, laying down the procedure for disbursing the pay of the peon attached to the Deputy Inspectors of Vaccination in each district

2. Notification No 7544—L. B 80-14-5, dated the 27th March 1915, amending the rules under the Local Boards Regulation and empowering the Vice-Presidents of Taluk Boards and Chairmen of Union Panchayets to draw salary of establishments under their control on presentation of bills at the Taluk Treasury.

3. Letter No 227, dated the 13th September 1915, from the President, District Board, Mysore District, suggesting that bills on account of pay to the peon of the Deputy Inspector of Vaccination, Sadilwar charges of Taluk Boards and lighting charges in musafirkhanas may be made payable at Taluk Treasuries as it is not possible to issue a cheque for these petty charges which do not exceed Rs. 10.

Order No. 3346-53—L. B. 33-15-2, dated 5th November 1915.

The pay of the peon attached to the Deputy Inspector of Vaccination may be drawn from the Taluk Treasury on a bill signed by the Amildar Vice-President of the Taluk Board concerned under the authority of Rule 75 of the rules under the Local Boards Regulation as amended by Notification No. 7544—L. B. 80-14-5, dated the 23rd March 1915.

2. The Sadilwar charges of the Taluk Boards and the lighting charges in musafirkhanas, etc., may, in the first instance, be met from the District Fund imprests with the Amildars and the imprests recouped subsequently in due course by the submission of bills.

Statements showing the particulars of Municipal meetings held in the Hassan District for the months from March to June 1915, received with the Deputy Commissioner's letters Nos. 57/S, 61/S, 76/S and 96/S, dated the 9th August, 10th August, 21st August and 10th September 1915, respectively.

Order No. 3252-9—Ml. 15-14-17, dated 1st November 1915.

Recorded with the following observations:—

1. *The statement for May 1915.*—The attendance of members in the Channarayapatna Municipality was as follows:—

Members. Official or Non-official.	Total strength.	Number present.
Non-official	6	1

and the quorum for the said meeting should have been four in accordance with Government Order No. 14187-94—L. F. 140-94, dated 11th March 1895.

2. This and other statements show that members frequently absent themselves without permission.

3. Government trust that the Deputy Commissioner will take the necessary steps under Section 15 (2) (*e*) of the Municipal Regulation as regards Regulation Municipalities and under Government Proceedings numbers as noted in the margin as regards other Municipalities.

Special Hospitals in Mysore.

No. 3505-6--MED. 147-14-5, DATED 13TH NOVEMBER 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Report on the working of the Special Hospitals in Mysore for the calendar year 1914, received with the Senior Surgeon's letter No. G. 533, dated the 9th June 1915.

Order No. 3505-6—Med. 147-14-5, dated 13th November 1915.

Recorded.

2. There was a delay of more than a month in the submission of the report, which, it is hoped, will be avoided in future.

3. The working of the Special Hospitals was on the whole satisfactory. The increasing attendance, and the percentage of cures effected testify to the growing popularity and usefulness of these institutions.

4. The new Maternity and Hospital at Robertsonpet was opened on the 7th of October 1914, and appears to have met a long-felt want. The question of the shifting of the Maternity and Hospital for Women and Children at Bangalore to a site near the Minto Ophthalmic Hospital is engaging the attention of Government.

5. The Senior Surgeon's attention is invited to paragraph 4 of the report on the Leper Asylum for 1913 in which the question of the Nastin treatment for leprosy was promised to be taken up for investigation during 1914 and he is requested to report why no mention is made of the subject in the report under review.

6. It would be interesting to know the cost per patient treated (both in-patients and out-patients) in each of the Special Hospitals under review. The Senior Surgeon is requested to embody this information in future reports.

D. M. NARASINGA RAO,
Secy. to Govt., Gen. Dept.

To—The Senior Surgeon in Mysore.
The Sanitary Commissioner in Mysore.

Read—

The Report on the working of the Hospitals and Dispensaries in Mysore for the calendar year 1914, received with the Senior Surgeon's letter No. G. 496, dated the 19th May 1915

Order No. 3686—Med. 140-14-5, dated 19th November 1915.

Recorded.

2. *Charge of the department.*—Rao Bahadur Mr. T. V. Arumugam Mudaliar, who was appointed Senior Surgeon in succession to Mr. P. S. Achyuta Rao permitted to retire from service with effect from 1st January 1914, was in administrative charge of the Medical Department throughout the year under review.

3. *Number of medical institutions.*—There was an increase in the number of medical institutions in the State which rose from 155 at the beginning of the year to 160 at the end. The newly opened institutions are two Local Fund Dispensaries in the malnad taluks of Chikmagalur and Tirthahalli and three Railway dispensaries for the benefit of the staff and coolies employed on the construction of the Arsikere-Mysore Railway.

4. *Number of patients treated.*— The total number of patients treated in the State-public institutions (except the Special Hospitals) and the Local Fund and private-aided dispensaries was 1,415,523 against 1,343,140 in 1913 or an increase by 5·4 per cent. Of this number, 10,855 were in-door and 1,404,668 out door patients against 10,794 and 1,332,346 respectively, in the previous year. Of the 10,855 in-door patients treated, 5,921 are reported to have been cured, 2,312 relieved, 1,721 discharged otherwise, 809 to have died, while 92 continued to be under treatment at the close of the year. The percentage of deaths to the total number treated was 7·45 against 7·79 in 1913.

The total number of patients treated in the State non-public institutions including the Railway dispensaries was 106,615 against 86,042 and the number of operations performed in them was 3,194 against 1,661 in 1913.

5. *Surgical operations performed.*—Surgical operations were performed on 42,442 patients including the 56 that remained under treatment at the close of the previous year. Of these, 41,424 are reported to have been cured, 845 relieved, 22 discharged otherwise, 107 to have died, leaving 44 persons under treatment at the close of the year. Of the 42,386 principal operations performed during the year, excluding those performed on the 56 patients that remained at the close of the previous year, 2,066 were major operations. The number of major operations performed in the Victoria Hospital, Bangalore, was 916 against 866 in the previous year. A large number of operations was performed by each of the following officers:—

Dr. C. A. Nanjappa	...	...	314
„ E. S. Krishnaswamy Iyer	...	...	182
„ H. B. Mylvaganam	...	...	152
Lt. Col. T. H. Foulkes, I. M. S.	...	...	119

6. *Cholera and small-pox.*—There was a considerable reduction in the number of cases treated for cholera and small-pox from 433 and 1,617 in 1913 to

183 and 354 respectively in 1914, while that treated for malaria increased from 218,467 in 1913 to 222,569 in 1914.

7. *Special pay wards of the Victoria Hospital.*—The special pay wards of the Victoria Hospital, Bangalore, appear to be growing in popularity. The number of patients treated in them was 100 (22 Europeans and Eurasians and 78 Indians) against 83 in the previous year. The income from, and the expenditure (cost of establishment) on account of, these wards amounted to Rs. 2,905-10-0 and Rs. 564-8-10 against Rs. 3,268-6-0 and Rs. 563-15-6, respectively in 1913.

8. *X-Ray cases.*—Ninety-six cases were treated with X-Rays in the Victoria Hospital, Bangalore, against 58 in the previous year, the number of radiographs taken and examinations made being 111.

The number of patients treated with X-Rays in the General Hospital, Mysore, from July to December 1914 was 61 and the number treated by electrotherapy in the same hospital during the said period was 80.

9. *Midwives.*—The number of midwives at work during the year was 120 against 112 in 1913. They attended to 8,439 cases against 7,944 in the previous year. The number of cases per month amounted thus on the average to 6 for each midwife, a very meagre result in the opinion of Government.

10. *Cost of the several hospitals and dispensaries.*— The total expenditure on the State-public, Local Fund and private-aided hospitals and dispensaries in the State amounted to Rs. 4,48,437 against Rs. 4,38,365 in the previous year. The average cost of a patient treated in the above institutions was 5 annas against 5 annas 2 pies in the previous year.

11. *Vaidyasalas and Unani Dispensaries.*—The number of patients treated in the several Vaidyasalas and Unani Dispensaries in the State was 314,391. Of this number, 269,936 are reported to have been cured, 39,320 relieved, or discharged otherwise, 425 to have died, 4,710 remaining under treatment at the close of the year.

12. *Inspections.*—Government are glad to note that the Senior Surgeon himself inspected 80 medical institutions during the year and that the inspection work done by the District Medical Officers was more satisfactory than in the previous year.

No. 3820-70—Med. 231-13-4, dated 26th November 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Order No. 7332-72—Med. 89-06-57, dated the 24th February 1910, prescribing rules regarding medical attendance on Government Officers, etc., and fees for attendance.

2. Correspondence ending with letter No. G. 305, dated the 27th January 1915, from the Senior Surgeon in the matter of a proposal to levy fees in Hospitals and Dispensaries in the State, from persons who can afford to pay for medical relief.

Order No. 3820-70—Med. 231-13-4, dated 26th November 1915.

With the growth of population and the recognition by the people of the advantages of skilled medical treatment, there has been an increasing need for a large number of hospitals and dispensaries and for their better equipment and the expenditure on medical relief has been rapidly growing. The existing practice of providing medical advice and hospital treatment free of charge to rich and poor alike, was introduced at a time when medical institutions were few, and it was necessary to popularize them and demonstrate to the public the advantages of scientific medical treatment. These reasons no longer exist and an indefinite continuance of the practice would hamper the normal expansion of the Medical Department and injure the interests of the deserving poor, who alone have a claim to gratuitous treatment.

2. The need to modify this practice was felt so far back as 1893, when a set of rules were issued authorising the levy of fees for prescriptions made up for persons who could afford to pay; but for some reason the rules were not generally brought into force. Government are of opinion that the time has arrived for introducing the system of levying fees tentatively in the institutions in the Cities of Bangalore and Mysore, especially as this system has been working well in the British Indian Provinces.

3. They are therefore pleased to issue the rules given in the Appendix which will be adopted in all the hospitals and dispensaries in the Cities of Bangalore and Mysore, tentatively for a period of three years, with effect from 1st January 1916. These rules are not, however, intended to affect those issued with the Government Order of 24th February 1910 read above.

4. The Senior Surgeon is requested to submit at the close of each official year a report on the working of the rules herein prescribed.

D. M. NARASINGA RAO,
Secy. to Govt., Gen. Dept.

To—The Senior Surgeon in Mysore.
The other Heads of Departments.
The Deputy Commissioners of Districts.
The Presidents of the Bangalore and Mysore City Municipal Councils.
The Compiler, *Mysore Gazette*, for publication in three issues of Part IV of the Gazette.

Exd.—C. R.

No. 8920-70—Med. 231-13-4, dated 26th November 1915.

APPENDIX.

Rules to regulate the Levy of Fees from Patients resorting to Public Hospitals and Dispensaries for Treatment.

1. Persons whose monthly income from all sources does not exceed Rs. 50 and their dependants will be considered as poor for the purposes of these rules and will be entitled to free medical advice and treatment in all hospitals and dispensaries, whether they are maintained from Provincial, Municipal or Local Funds.

2. *Out-patients.*—Subscribers to a hospital or dispensary of rupees four per mensem and upwards will be allowed to have medical advice and treatment for themselves and their families free of charge in the Out-patients' Department.

3. Every other person attending a hospital or dispensary for treatment as an out-patient will be charged at the rate of two annas for each attendance such payment to include charges on account of advice (including a minor operation) and medicine for a day.

(1) GENERAL WARDS.

4. *In-patients.*—Every person who is not poor and who desires to be admitted and treated in the General Wards, should pay at the rate of eight annas for every day he stops in the hospital.

5. Persons wishing to be treated as in-patients free of charge will have to sign a declaration to the effect that their own income or that of the person on whom they depend does not exceed Rs. 50 a month.

(2) SPECIAL WARDS.

6. Every person wishing to be admitted into the special ward will have to pay a fee of Rs. 2 per day, if he is to be treated as a first class patient and given one whole room for himself, or one rupee a day when he will be treated as a second class patient, two second class patients being put in one room. *Note.*—These rates do not apply to the Victoria Hospital, Bangalore, for which special rates have been prescribed in Government Order No. 9594-5– Med. 53-08-8, dated 2nd April 1909.

7. For children under 12 years of age, half the above rates will be charged for hospital stoppages.

8. The above rates include all ordinary charges including medical attendance, treatment and dieting. Patients requiring special nursing will have to make their own arrangements.

9. All charges levied under the foregoing rules shall be recovered in advance and credited in full to Government.

10. Emergencies will be attended to free of charge.

Vaccination Department and the Vaccine Institute, Bangalore.

No. 3621-9—San. 136-14-5, dated 17th November 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

The Report on the working of the Vaccination Department in the State and of the Vaccine Institute, Bangalore, for the calendar year 1914, received from the Sanitary Commissioner, with his letters Nos. 6068 and 636, dated the 16th June and 30th July 1915, respectively

Order No. 3621-9—San. 136-14-5, dated 17th November 1915.

Recorded.

2. *Result of vaccination during the year.*—The number of persons vaccinated during the year under review was 137,735 as against 108,632 in 1913; and the percentage of successful cases in which results were known rose from 92·22 in 1913 to 96·35 in 1914. The number of children under one year of age successfully vaccinated during the year was 26,236 against 20,915 in 1913. Government await with interest the result of the preliminary survey of unprotected children referred to in paragraph 13 of the Sanitary Commissioners report and they trust that systematic efforts will be made to reduce the number of unprotected children, after the survey is completed.

3. *Death from small-pox.*—The number of deaths from small-pox increased from 8,722 in the previous year to 13,654; the ratio per one thousand of population being 2·39 against 1·53 in the year 1913. The percentage of deaths from small-pox compared with deaths from all causes rose to 12·82 per cent against 8·46 per cent in the previous year, Government are concerned to note that the virulence of small-pox continues unabated in spite of vaccination being made compulsory in an increasing number of areas every year. The attention of the Deputy Commissioners of Districts and Municipal Councils concerned is invited to the remarks made by the Sanitary Commissioner about the extreme laxity with which the provisions of the Regulation are practically enforced, and they are requested to take suitable action to make the measure really effective.

4. *Inspection.*—There was an increase in the number of cases inspected both by the Deputy Inspectors of Vaccination and the Medical Subordinates, the number being 68,522 and 59,241 against 63,172 and 42,103, respectively, in the previous year.

5. *Cost of the Department.*—Excluding the cost of the Vaccine Institute, the cost of the Vaccination Department was greater than in the previous year by Rs. 1,202. The average cost of each successful vaccination showed a decrease of 10 pies from that of 1913.

6. *Vaccine institute.*—There has been a marked increase in the quantity of vaccine manufactured in the institute and that supplied to the districts as compared with the previous year.

7. *General remarks.*—Separate orders have issued with regard to the two matters referred to in the last paragraph of the report.

D. M. NARASINGA RAO,
Secy. to Govt., Gen. Dept.

To—The Sanitary Commissioner in Mysore.
The Deputy Commissioners of Districts.

Exd.—C. R.

No. 3630—San. 26-15-3, dated 17th November 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

The Report on Sanitation in Mysore for the Calendar year 1914, received from the Sanitary Commissioner with his letter No. 201, dated the 13th July 1915.

Order No. 3630—San. 26-15-3, dated 17th November 1915.

Recorded.

2. *Principal measures.*—The main features of the year's work were the consideration of the question of improving the system of registration of vital statistics, the formulation of a scheme for the improvement and protection of rural water-supply and the inauguration of practical measures for the improvement of the malnad.

3. *Vital Statistics.*—The total number of births and deaths during the year was 1,15,866 and 1,06,482 respectively against 1,08,055, and 1,03,087 during the previous year. The birth-rate works out to 20·30 per thousand of population or 1·37 more than in the year 1913. In the urban and rural areas the average birth-rate was 32·21 and 18·83 respectively against 29·86 and 17·57 in 1913.

The recorded death rate for the State rose from 18·07 in 1913 to 18·66 per thousand of population.

There is reason to believe that the returns of vital statistics for rural areas are not quite as accurate and reliable as those for urban areas but with the introduction of compulsory registration, it is hoped that it will be possible to obtain an uniformly corrected record of these statistics.

4. *Principal Causes of Death—(a) Infantile Mortality.*—The mortality among infants under one year of age was 127·9 per thousand of registered births against 125·77 in the previous year. The highest rate 181·1 per mille was recorded in the Shimoga District. This is a matter for the careful consideration of the Malnad Improvement Committee.

(*b*) *Cholera.*—There was a considerable decrease in the mortality from cholera, the number of fatal cases being 849 against 8,062 in 1913, the districts most affected being Kolar and Chitaldrug which contribute 350 and 254 cases respectively. Government trust that with the improvement in rural water-supply a scheme for which has been recently sanctioned it will be possible to keep the ravages of this disease under check in future.

(*c*) *Small-pox.*—Government regret to find that the mortality due to small-pox which is a largely preventable disease continues high, the number of deaths from it rising from 8,722 in 1913 to 13,654 during the year under review, the epidemic being reported to have been unusually virulent in the Shimoga District. Vaccination having been made compulsory in a large number of urban areas, special attention should be paid to popularize the measure in rural tracts through the agency of the Village Improvement Committees, Union Panchayats, Taluk Boards, etc.

(*d*) *Plague.*—Plague claimed a greater number of victims during the year under review, than in the previous year, the figures rising from 3,495 to 4,613. The measures adopted to combat the disease were, as usual, evacuation, inoculation and

disinfection. The second of these measures was attended with very gratifying results wherever it was tried. Disinfection is now restricted to dessication combined with fumigation with neem leaves, processes which are believed to be as efficacious as they are cheap.

(*e*) *Fevers.*—Fevers accounted for 39,741 fatal cases against 37,137 in 1913. The death rate per thousand of population from this cause in urban and rural areas respectively was 6·07 and 7·08 against 5·48 and 6·64 respectively in 1913.

5. *Rural Sanitation.*—Government are gratified to hear that the constitution of Village Improvement Committees has resulted in considerable impetus being given to the progress of rural sanitation.

6. *Malnad Improvement Scheme.*—This is the most important measure sanctioned during the year under review. Government are glad to note that the Committees constituted under the scheme in the three Districts of Shimoga, Kadur and and Hassan, have done a large amount of useful work in giving practical effect to improvements most urgently needed and in developing other measures of permanent utility to the tract.

7. *Sanitary Works.*—The total expenditure incurred both by the Municipal and District Boards on Sanitary Works was Rs. 36,253. The aggregate cost of Sanitary Works carried out by the Public Works Department during the year under review amounted to 3,68,049 against 3,33,731 in the year previous.

8. *General Remarks.*—Some of the recommendations made by the Deputy Sanitary Commissioner in his report on the conclusions arrived at, at the All India Sanitary Conference, as suitable for immediate practical application to conditions in Mysore have been referred to the various local bodies for necessary action. The draft rules to regulate the conduct of business of the Central Sanitary Board, and the scheme for the re-organisation of the Public Health Department are under the consideration of Government.

The Report on the working of the Government Museum, Bangalore, for the year 1914-15, received with letter No. 25, dated the 14th August 1915, from the Superintendent, Government Museum.

Order No. G. 5954—G. M. 181-15-5, dated 13th November 1915.

Recorded.

2. There was a fall in the number of visitors from 4,77,309 in the previous year to 3,15,099 in the year under review. This is attributed to the closing of the Museum for about two months on account of repairs and improvements to the building.

3. Government are glad to note that good progress was made during the year in labelling and classifying the exhibits, and that the general catalogue is ready for the press.

4. The Superintendent of the Museum is requested to convey to the donors of the more important specimens mentioned in Appendices A and B, of the report, the appreciation and thanks of Government, for their generous gift.

READ—

Paragraphs 17 and 20 of the Rules relating to the constitution and conduct of business of the Mysore Representative Assembly issued with Government Notification No. G. 10156—G. R. 33-14-1, dated 22nd March 1915, disallowing the submission of supplemental subjects except at the preliminary meeting to be held at all District Headquarters on or before the 5th *Bahula* of *Ashadha* for the selection of subjects to be finally sent up to Government.

Order No. G. 6395-444—G. M. 311-15-1, dated 24th November 1915.

In supersession of all previous orders on the subject, Government are pleased to direct that supplemental subjects up to a total limit of about twenty-five be received by the Secretary, General Department, until 12 noon of the second day of the meetings of the Assembly.

2. The subjects should be of general public importance and should have been passed by a majority at a meeting of members of the Assembly held at Mysore for the purpose.

Discipline in the Local Troops.

No. G. 6523-34—Mily. 39-14-32, dated 26th November 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Correspondence ending with letter No. 1540, dated the 14th August 1915, from the Chief Commandant, Mysore State Troops, representing that without the immediate extension of the Military Regulation to the Local Troops, it would not be possible to maintain and enforce strict discipline in the Regiments and submitting certain proposals with a view to remedy the existing defects.

Order No. G. 6523-34—Mily. 39-14-32, dated the 26th November 1915.

Generally agreeing with the Chief Commandant, Government are pleased to sanction the following proposals.—

(i) The provisions of the Mysore Military Regulation, II of 1899, to be applied to both Local Service Lancers and Infantry Regiments will be:—Sections 2, except sub-sections (38) and (39), 2A, 3 to 10, 11, except corporal punishment, 13 to 17, 21 to 35, 83, 84, 88 and 89.

(ii) For the purposes of the Mysore Military Regulation, the terms Squadron or Troop Commander, Troop Officer, Risaldar and Troop Daffedar Major shall be taken to mean Company Commander, Company Officer, Subedar and Orderly Havildar respectively, in the case of Infantry Regiments.

(iii) Attestation in the form appended to this order shall be taken from the the recruits to be enlisted hereafter.

2. As regards the proposal that the Police be specially authorised to apprehend deserters from the Infantry Regiments and that the Chief Commandant be empowered to adopt, whenever necessary, the procedure laid down in the Mysore Military Regulation, 1899, for convening court-martial, Government observe that the power of arrest possessed by the Police under Section 54 of the Criminal Procedure Code is sufficient and that it is not expedient for the present to apply the provisions of the Regulation relating to court-martial to the Local Troops.

3. The Chief Commandant is requested to prepare and submit at an early date, for the approval of Government, separate Standing Orders for these Regiments on the lines, *mutatis mutandis*, of the Standing Orders applicable to the Imperial Service Lancers.

READ—

The Report on the Administration of the Mysore Meteorological Department during the year 1914-15, received with letter No. 105, dated the 1st September 1915, from the Meteorological Reporter, Mysore Government.

Order No. G. 6010-19—G. M. 211-15-3, dated 15th November 1915.

Recorded.

2. The chief event of the year was the starting of pilot balloon observations at the Bangalore Observatory with a view to investigate the velocity and direction of upper air currents at different heights and correlate them with weather.

3. Government are glad to note the appreciative remarks recorded by the Director-General of Observatories regarding the work done in the Central Observatory.

4. It is regretted that the systematic inspection of rain-gauges still leaves much room for improvement, only 82 per cent having been inspected during the year under review as against 81 per cent in the previous year.

5. The reorganisation of the establishment of the Central Observatory in order to enable it to cope with the increased work is engaging the attention of Government.

No. 2235-6—Edn. 365-13-4, dated 17th November 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Paragraph 11 of Government Order No 8834-40—Edn. 462-09-24, dated 1st May 1913, requesting the Inspector General of Education in Mysore to submit proposals for the improvement of the existing Industrial Schools in the State.

2. Letter No. 12962-669, dated 8th April 1914, from the Inspector-General of Education in Mysore, submitting the proposals called for.

3. Unofficial note by the Inspector-General of Education submitting revised proposals in the matter.

Order No. 2235-6 -Edn. 365-13-4, dated 17th November 1915.

There are at present under Government management three Industrial Schools at Channapatna, Hole-Narsipur and Sagar and three weaving institutions at Doddballapur, Chiknayakanhalli and Molakalmuru. There are also three aided institutions, one at Melkote, one at Hassan and one at Chitaldrug receiving grants-in-aid of Rs. 100, Rs. 100 and Rs. 30, respectively. from Government and two Mission Schools at Kolar and Tumkur receiving grants-in-aid.

Government are of opinion that there should be well equipped Government Industrial Schools at all the District headquarters, except Bangalore and Mysore, where there are special institutions already.

2. They are accordingly pleased to direct that the aided institutions at Hassan and Chitaldrug be converted into Government institutions and four new Industrial Schools be opened at Kolar, Tumkur, Chikmagalur and Shimoga. Drawing, carpentry and smithy will be taught in each of these six institutions in addition to two other subjects such as weaving, rattan work, coir work, wood carving and metal work. The scale of establishment in each institution will be:—

	Rs.		Rs.
One Superintendent on	75-5-100;	or	91 2/3
	50-5-75	or	66 2/3
Four Instructors	2 on 30		
	2 on 25		110
One teacher for general education classes	25		25
One clerk	25		25
Two peons	one on 8 one on 7		15
Materials	60		60
Tools	30		30
Contingencies	10		10
Rent	25		25
		Total	391 2/3
		or	366 2/3

Three of the Superintendents will be on Rs. 75—5—100 and three on Rs. 50—5—75. The higher scale of pay should be attached to the more important and larger schools. The total cost of the establishment will be Rs. 2,275 per mensem or Rs. 27,300 per annum or Rs. 25,740 per annum deducting the grant-in-aid now being paid to the aided schools at Hassan and Chitaldrug.

No. 2235-6- Edn. 365-13-4, dated 17th November 1915.

As there is a likelihood of competent teachers not being available at once the Inspector-General of Education is requested to open the new schools in the first instance in places where there are no private or Mission Industrial Schools and extend the scheme gradually to these places. As far as possible the schools should manufacture articles needed in the locality employing daily labour to the extent necessary and the sale proceeds of the articles produced in the schools should meet from half to two-thirds of the gross expenditure. Arrangements may also be made to teach leather manufacture at Chitaldrug and metal work at Chikmagalur.

3. The other Government and private institutions not covered by this order will be continued on their present basis. The Government institutions will be improved gradually as trained teachers become available.

4. Two hundred scholarships are also sanctioned as follows, for the students studying in the Government institutions:—

		Rs	
60	at	1½	each per mensem
50	at	2	do
40	at	3	do
30	at	4	do
20	at	5	do

200 at Rs 530 each per mensem or Rs 6,360 per annum.

These scholarships will be granted only after the students have made sufficient progress to be able to turn out substantial marketable work, and in no case before the second year of their course.

The distribution should be according to population of districts or some other rational basis. Further proposals in this respect will be awaited.

5. A non-recurring grant of Rs. 10,000 is also sanctioned towards the initial charges of equipping the six schools.

6. The Inspector-General has recommended a provision of Rs. 5,000 per annum towards grant-in-aid to private Industrial Schools. This is also sanctioned. A distribution statement should be submitted for sanction.

7. The amount required for expenditure will be met from the lumpsum provision for the purpose in the Education budget of 1915-16. The Inspector-General should invite applications for the post of Superintendents, make a selection and send up all the applications to Government for their approval.

The appointments should be on a temporary basis to begin with and the qualifications should be examined once a year. Only men of proved capacity should be confirmed.

8. The Inspector-General of Education is requested to make efficient arrangements for the proper supervision of the schools and have them examined once a year at least by an officer having the necessary technical knowledge.

Letter No. 1519—256 dated 20th October 1915, from the Curator, Government Central Book Depot, requesting permission to write off the cost of 50 copies of the Report on Australian Universities by Mr. T. Denham, supplied to the Secretary to Government, Departments of Education and Agriculture.

Order No. 2286-334—Edn. 70-15-2, dated 20th November 1915.

Sanctioned.

2. Government direct that in the case of all Government publications stocked in the Government Central Book Depot for sale, whenever books are supplied to offices, etc., under orders of competent authorities, the Curator should submit a report in the matter to the Inspector-General of Education. The Inspector-General is empowered to order the writing off of such books after satisfying himself that the books were supplied under competent authority. In case of doubt or delicacy the orders of Government in the Department of Education should be obtained. The present practice of the Curator making a direct reference to Government should be discontinued.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. 6453-451, dated 7th February 1912, from the Inspector-General of Education in Mysore, submitting proposals for revising the course of studies in the Engineering School, Mysore, now forming the Engineering Section of the Chamarajendra Technical Institute, Mysore.

2. Correspondence ending with letter No. 6648—L. A. D. 668, dated 2nd May 1912, from the Comptroller to Government, submitting duly verified a proposition statement received from the Inspector-General of Education for revising the scale of establishment of the school, in connection with the revision of the course of studies referred to in the letter read above.

3. Note dated 26th March 1915, by the Inspector-General of Education, submitting modified proposals in the matter with a revised proposition statement and enclosing copies of the reports* of the Managing Committee of the Chamarajendra Technical Institute and of the Sub-Committee appointed to consider the question and to make suggestions for the revision.

4. *Note dated 19th June 1915, by the Chief Engineer, submitting his views in the matter.

*Printed as annexures.

Order No. 2224-6—Edn. 238-11-9, dated 17th November 1915.

Government have considered the recommendations made in the above communications and are pleased to sanction the following alterations:—

(1) The abolition of the minor subordinate class.

(2) The omission of Trigonometry and Trigonometrical Survey from the curriculum, necessary portions of Trigonometry being taught along with surveying.

(3) The fixing of the maximum number of annual admissions at 30 in each of the First and Second year classes.

(4) The curtailment of the Christmas vacation to the extent of the gazetted Christmas holidays and the closing of the school for summer from 15th April to 15th June.

(5) All applications for admission should be received before the end of March and the selection of pupils should be completed before the 15th of April.

(6) Of the students that have completed the school course, as large a number as possible will be given training as temporary maistries or in other suitable capacities by the Public Works Department for a period of one year during which they will be paid stipends by that department at a rate not less than Rs. 12 per mensem. If the Public Works Department cannot take up in this way all the students that have finished the school course, a number of stipends not exceeding 20 at Rs. 12 each per mensem will be paid to students who may be under practical training otherwise than under the Public Works Department.

No. 2224-6—Edn. 238-11-9, dated 17th November 1915.

(7) Certificates to students will be given only after their practical training is over. The Head Master, however, may give provisional certificates to the successful students at the end of the class course.

(8) One year's approved service on any civil Engineering work certified by an officer of the rank of an Executive Engineer in or outside the State may also be considered as equivalent to the practical course.

(9) Twenty per cent of the number on the rolls may be given free studentships including the holders of the scholarships now existing—three in the junior and three in the senior classes of the value of Rs. 5 and Rs. 6, respectively.

A uniform fee of Rs. 2-8-0 per mensem will be levied from each of the remaining students.

(10) The final school examination will be conducted by a Board appointed by Government.

Students getting 50% and more of the maximum number of marks in the final examination will be given certificates as fit for Sub-Overseers and those getting below 50 per cent and above 30 per cent will be given certificates as fit for Taluk Maistries.

The appearance for the Madras Government Technical Examination will hereafter be optional.

(11) The pay of the two Assistant Masters will be fixed at Rs. 50-10/2-100 and Rs. 50-5/2-75. The pay of the clerk will be Rs. 25 per mensem.

A gymnastic Instructor on Rs. 25 per mensem is also sanctioned for the whole institute.

(12) The Library grant is raised from Rs. 200 to Rs. 300. An initial grant of Rs. 1,000 for the equipment of the Engineering Section with necessary instruments is also sanctioned.

(13) The interchange of the Assistant Masters of the school with trained subordinates of the Public Works Department will be given effect to as far as possible.

(14) Two appointments on Rs. 25 are now reserved in the Public Works Department for the first two successful candidates. The candidate that secures the first place will be started on Rs. 30 instead of on Rs. 25 if he has done particularly well in the examination.

2. The Inspector-General of Education is requested to frame a new syllabus for the Engineering Section of the institute in accordance with the alterations now sanctioned.

3. The additional cost involved, *viz.*, a recurring expenditure of Rs. 3,120 and a non-recurring grant of Rs. 1,000 will be met during the current year by reappropriation of the sanctioned grants of the Education budget.

ANNEXURE I.

Proceedings of a meeting of the Managing Committee of the Technical Institute held at 8-30 A.M. on Saturday, the 16th May 1914.

Present.

M. Venkatakrishnaiya, Esq.

B. D. Nath, Esq.

B. C. Srinivasa Iyengar, Esq.

M. G. Ramachandra Rao, Esq.

S. Srinivasa Ayer, Esq.

As the President was unable to attend the meeting, Mr. M. Venkatakrishnaiya was proposed to and took the chair.

I. Read and confirmed the proceedings of the last meeting of the Committee.

II. Read letter No.... .....dated.....from the Inspector-General of Education, stating that monthly meetings of the Committee may be held on the first Saturday of the month.

Resolved that as the 1st Saturday will be too early, the meeting, may be held on the second Monday.

III. Read letter No.....dated.....from the Chief Engineer of Mysore, stating that the practical course is absolutely necessary and that it may be kept at the end of the 2nd year. (The conclusions arrived at are embodied in the report herewith sent.)

IV. Scrutiny of the workshop account was deferred.

28-5-14

M. VENKATAKRISHNAIYA,
President.

No. 2224-6—EDN. 238-11 9, DATED 17TH NOVEMBER 1915.

REPORT ON THE REVISION OF THE ENGINEERING SCHOOL COURSE, ETC

The school was sanctioned in Government Proceedings No 14694 E In F 4 96 dated 7th April 1903 and the constitution of the school is defined in Notification No 3 of 7th July 1903 The managing Committee of the school in its meeting held on 11th February 1914 appointed a Sub-committee consisting of Mr Y Srinivasa Rao, Garu Deputy Chief Engineer as President and Messrs J E V D Cruz, R V Sundaram Iyer, B Ramakrishna Rao, S Srinivasa Iyer, B Sa Lu and the Headmaster (Messrs Y Sivasubramaniya Iyer and B C Srinivasa Iyengar) as Members to discuss and report upon questions of revising the course of studies the Examinations establishment of the school and the vacations The report of this committee was submitted to the managing committee and to the Inspector General of Education who has now submitted orders to Government before whom the proceedings lapsed The more important of the recommendations contained in these proposals were

1 The extension of the course of studies from two to three years

2 The abolition of the one year's practical training

3. The abolition of the minor subordinate class

4 The withdrawal of the rule compelling students to appear for the Madras Government Technical Examinations and making the school Examination compulsory

5 Alterations in the vacations by reducing the December holidays and increasing the summer holidays

Before any orders were passed on the above, the formation of the Chamarajendra Technical Institute by combining the Engineering and Industrial Schools was sanctioned by Government in May 1913 Mr V Rangaswamy Iyengar, Superintending Engineer in his memorandum report on the proposed institute has stated that the rules of the Engineering School may with advantage be modified to a certain extent and that when a committee was appointed for the management of the Technical Institute the whole subject of the rules and curriculum of the school will be revised wherever necessary The Government Order sanctioning the institute has left it to the Inspector General of Education in consultation with the committee to scrutinise the details and make such minor changes and frame subsidiary rules and instructions as may be necessary for the efficient working of the Institute.

In compliance with the above order, the committee of the institute at its first meeting requested the Inspector-General of Education to get from the Government the file of papers containing proposals of the previous committee on the revision of the Engineering school course The papers were got and referred to a sub committee consisting of Messrs T. Lakshmana Rao, B. C Srinivasa Iyengar, and S Srinivasa Iyer for report The report of this sub committee was discussed by the managing committee on 8th October 1913 and 25th February 1914 and as there was a difference of opinion regarding the necessity of the practical course, the matter was referred to the Chief Engineer and on his reply being placed before the committee at its meeting held on the 16th May 1914, the whole subject was thoroughly discussed and conclusions arrived at.

The following are the recommendations of the committee -

I approve.

(1) *The course of studies*—The previous committee have recommended that the course of studies may be extended from two to three years by abolishing the practical course at the end of the 2nd year and continuing the theoretical course for another year in its place. The arguments adduced for the extension have been met by the sub-committee in its report. We are therefore of opinion that the necessity for the extension of the theoretical course is not felt, and as recommended by the sub-committee, the course in the class room may be kept at two years. The great advantage to be derived from a practical course has to be admitted and its discontinuance will be a wrong step Therefore the existing arrangement of having a two years course in the class room followed up by a year's practical training may be continued.

No. 2224-6—Edn. 238-11-9, dated 17th November 1915.

I approve

The practical course is not taken full advantage of by the students owing to the inadequacy of the amount of the stipend given to them. The sub-committee recommended an increase from Rs 7 per mensem to Rs 15 The practical course has to be made more attractive and the managing committee recommend an increase to Rs 12 According to existing arrangement only the first ten students are given the practical training It is highly important that the training should be given to all the students To make the course compulsory it is necessary that certificates to students should be given only after the practical training is over, the Headmaster however being permitted to give provisional certificates to the passed students at the end of the class course stating that they have passed the final examination This certificate can be exchanged for a Diploma after the completion of the practical course One year's approved service on any civil Engineering work certified by an officer of Executive Engineer's rank either in or outside the province, may also be taken to be the same as the practical course.

I approve

There are at present, ten stipends of Rs. 7 each. It is recommended that 20 stipends of Rs. 12 each be sanctioned.

It may not be necessary to give stipends from the Education Department for all the students during their year of practical training It is probable that some of these may be given this training as temporary maistries in the Public Works Department These will be paid for by that Department, and the remaining students will have to be paid their stipends As stated in the sub committee's report it may be assumed that one third of the total number can be employed as temporary maistries. Provision will have to be made for paying the *stipends at Rs 12 per mensem to the rest*, assuming that thirty students pass out of the school per year

We agree with the Sub Committee that the subjects of Trigonometry and Trigonometrical survey may be omitted from the curriculum of studies, those portions of the former which are found necessary being taught along with surveying The time spent on these subjects may be made available for other subjects

I approve.

(2) *The Examinations*—The duplication of examinations is unnecessary and the attendance at the Madras Government Technical Examinations may be made *optional* The final school Examination may be conducted as hitherto by a Board of Examiners It appears necessary, however, to appoint this Board for three years at a time

(3) *Vacations and holidays*—The school at present opens on the 15th June and continues till the 10th of December closes for the Xmas holidays and reopens on the 10th January The school examinations commence in April and last for ten days, as soon as these are over, the Madras Government Technical Examinations commence and continue till the end of the first week of May, when the school is closed for the summer holidays

I approve.

The working period is only about six months in the first term and two and half months in the 2nd term Even out of this period, a few weeks at the beginning of the 1st term are lost by the Junior class not commencing work immediately the school opens as the entrance examination and selection take some time It will be better if all applications for admission are received by the end of March and selections made before the 15th of April, so that regular class may start as soon as the school reopens The December holidays may be reduced and the summer holidays be extended from the 15th of April to 15th of June. This will add about 20 days to the working period of the 1st term. In the 2nd term there can be no improvement as the school examination will commence in the 1st week of April as it was hitherto being done This arrangement of closing the school on the 15th of April does not stand in the way of such students as are likely to appear at the Madras Government Technical Examinations which commence on the 3rd week of April.

I approve.

(4) *The Minor Subordinate Class*—The Minor Subordinate class is practically extinct as such. It only remains to formally remove the class from the school Prospectus All students may be permitted to study for the full course and attend for the final examination. Those students who get 50 per cent of the maximum may be given certificates as fit for Sub-Overseers and those getting below 50 per cent and above 30 per cent as fit for Taluk Maistries.

I approve.

First Assistant 50-½-100
Second do 50-½-75

(5) *Establishment*—As it is necessary to have duly qualified hands as Instructors, the scale recommended by the sub-committee as noted in the margin may be sanctioned as also the interchanging of the Assistant Masters with the Department of the Public Works staff.

The writer's pay may be fixed at Rs 25 per mensem. In his case there are opportunities of promoting him elsewhere.

The writer of the school is drawing Rs 20 for the last four years and a slight increment appears necessary. He may therefore be given a pay of Rs 25 rising to Rs 30 by biennial increments of Re 1. He is a Matriculate and has taken the Sub-Overseer's course in this school and his services are all the more valuable to the school on these considerations. As the frequent change of Headmasters will not be conducive to the efficient teaching and management of the school, it will be better if the Engineering officer appointed as Head Master is kept for at least five years in the school. As the interests of the officer are likely to suffer by this retention, promotions and allowances which he would get in the Department may be given to him while in school.

I have no objection

The present rate of Rs 5 may continue unless the services of these instructors are borrowed from the Department of Public Works when the allowance may be increased to Rs 10.

(6) *Bicycle Allowance.* The Instructors draw at present a Bicycle allowance of Rs 5 per mensem. In the Public Works Department, Sub-Overseers are given Rs 10 per mensem as Bicycle allowance. It appears therefore fair to increase the allowance of these masters also to Rs 10.

I approve.

(7) *Strength of Classes.*—As per the original rules governing the working of the school, the number of students in the Junior and Senior classes is limited to 30 and 15, respectively. But it is found that the number actually attending for the last two or three years is higher in each class. There are many applications for admission and the demand for passed Sub Overseers is also increasing. As the minor subordinate class has been recommended to be abolished, no difference in the number of students between the Junior and Senior classes is necessary. The number in each class may be fixed at 30.

It does not appear necessary for the present.

If this number is approved, it will be found necessary to provide more surveying instruments as there is not a sufficient quantity in the school. It will be necessary to appoint an additional *Instructor* also.

It the proposals are approved, the existing syllabus of the school will be altered and submitted for approval.

Twenty per cent is to include the Scholarship holders also

A fee of Rs 2-8-0 per month may be levied in each class.

(8) *Fees, Scholarships and Freeships.*—At present there are three scholarships of the monthly value of Rs 5 each for the Junior class and three of Rs 6 each for the Senior class. There are also two freeships in each class. Considering the fact that there will be a greater number of poor students in this than in other schools, *20 per cent* of the total number of students may be given freeships. The school fee for the classes is Rs. 2 per month for the Junior and Rs 4 for the Senior class. We have already recommended that the fee may be uniformly kept at Rs 2 per month for both the classes.

A gymnastic Instructor for the whole Institute may be appointed on a salary of Rs 25 per mensem.

(9) *Recreation and Sports.*—There is a Gymnasium attached to the school but there is no Instructor for this branch.

It is highly important that one should be appointed immediately. There is a recreation club attached to the school. Papers and periodicals are subscribed for and placed in the reading room. There is also a football club. The department of Athletic Sports as well as the Reading Room are being maintained from the fees of Rs 3 levied on the students. This amount is not enough to run the recreation club on satisfactory lines. A grant from the Government either monthly or annual will assist in improving this branch of the school.

Not necessary.

I approve.

An initial grant of Rs 1,000 may be given. The annual grant has been already increased from Rs. 300 to 500. *Vide* G. O. No.

(10) *Equipment.*—The Library requires many additional books and the present grant of Rs. 200 may be increased to Rs 300. As the number of scientific and Surveying instruments is not enough for the increase in the number of students, an initial grant of Rs 2,000 and an increased annual grant from Rs. 300 to 400 are necessary.

Not necessary as there is a total provision of Rs. 1,520 for the Institute.

(11) *Excursion and Travelling Charges.*—The provision for excursion has been fixed at Rs. 600 per annum, the number of students having risen, and the Travelling Allowance of the staff being also included in this, *the provision may be increased to Rs 1,000.*

The question may be referred to the Chief Engineer.

(12) *Prospects of Passed students.*—While on the subject of the revision of the course, the prospects of the students who pass from the school have to be considered. The pay of the Sub-Overseers is fixed at Rs. 25 per month and many of the students from the school have obtained berths outside Mysore on higher salaries. To make the service more attractive and induce better qualified men to join the school, the pay may be raised to Rs. 30 per mensem. The Chief Engineer of Mysore has very kindly reserved two appointments as Sub-Overseers for the two students who pass highest in the final examination. But as a further mark of appreciation for their successful career, it is recommended that these two be made to start on Rs. 35 per mensem.

No. 2224-6—Edn. 238-11-9, dated 17th November 1915.

Mysore

The Government Engineering School, Mysore.

1 T. G. Lakshmana Rao, Esq., L.C.E.
2 S. Srinivasa Iyer, Esq., B.A., B.C.E.
3 B. C. Srinivasa Iyengar, Esq., B.A., L.C.E.

Report of the sub-committee consisting of the marginally noted gentlemen, appointed to consider and report how far the proposals made by the former managing committee of the Engineering School, Mysore, require revision to suit the Engineering section of the Chamarajendra Technical Institute.

The work of the sub-committee was greatly facilitated by the full and comprehensive manner in which the previous committee had gone into the subject, which was considered by it under the following sub-heads:—

I Revision of the course of studies.
II Examinations.
III Establishment.
IV Vacations.
V Applications of the Drawing Master and of the clerk for promotion. They will be taken up in the same order in this report

The previous committee recommended that —

1. The length of the Lower Subordinate course be extended from two to three years
2. That the Minor Subordinate class be abolished.
3. And as a set off to (1) that the one year's practical training on works which the successful Sub Overseer students undergo at present in different executive Divisions be abolished.

The reasons given for the extension of the course are, (*a*) that it is three years in Madras and Poona. (*b*) that passed students of the school may be considered to be of inferior training if they undergo a course of only two years, (*c*) that the school staff complain that the lessons cannot be satisfactorily completed in two years

With regard to the first reason for extending the course we need not discuss this, when it is found that the syllabus of the school is almost the same as that for the Sub-Overseer's class of the Madras Engineering College and that the students are being examined according to the syllabus and passed by a Board of Examiners It is also seen that students passed out of the school give satisfaction in the discharge of their duties and are found very useful, though their course is only two years.

With regard to (*b*), it is found from the list of passed students, attached to the same report, that out of 171 students that passed from the school between 1905 and 1910 only 33 remained unemployed, 14 of whom were still students reading in the Senior class; excluding them, the number unemployed were only 19 or about 9% of the whole, which is not at all discouraging. The committee also say in the 22nd para of their report. "There is nothing to show that our certificates are not valued in the open market. On the other hand the limited evidence, there is, goes to show that they are."

(*c*) The complaint of the staff that it is a severe strain on them to finish the subjects in two years, has to be taken into consideration. This is true to some extent: but the following measures namely, making the appearance at the Technical Examinations optional, reduction in the vacations and omission of subjects Trigonometrical Survey and Trigonometry from the curriculum will add at least two months more to the working period of the school and will relieve the strain without lengthening the course.

A knowledge of Trigonometrical Survey is not expected of a Sub-Overseer in his professional life and the subject may be omitted from the curriculum. The teaching of Trigonometry as a separate subject may also be omitted, the little knowledge of it which is required for Survey purposes being taught along with that subject. The time now spent over these will then be available for other subjects and the necessity for the extension of the course ceases to exist; and the latter will further detract from the popularity of the school. We are not therefore in favour of it.

2 The minor subordinate class is now practically extinct as such all the students choosing to study only for the Lower Subordinate test Hardly remains now to remove the distinction from the Prospectus of the school

3 To increase the theoretical course at the expense of the practical seems to be a step in the wrong direction The latter is as important as the former No amount of stray short visits to works during the school course (which no doubt are necessary to enable students to understand the lessons) can replace the advantages of an uninterrupted training in Executive Divisions in important works after the completion of the school course

We feel it desirable to say a few words about the practical training of one year now given to the students of the school at the end of their theoretical course of studies They are given an allowance of Rs 7 per mensem which is inadequate for their maintenance As a consequence most of them are unwilling to undergo the course This allowance is given to the first ten students and the rest are allowed to drift for themselves In Madras *all* the overseer students that pass out of the college are put through the practical course for a year on an allowance of Rs 20 per month It appears to us that we may give Rs 15 per mensem and extend the benefits of this most important training to all

Taking thirty students on the average as those that pass out from the school the practical training will cost Rs 5 400 a year or deducting the amount of Rs 840 sanctioned at present an extra sum of Rs 4 560 a year to Government It is possible however that some of these men may be given this training as temporary maistries in the Public Works Department It may be ascertained from the Chief Engineer every year how many he can thus employ and the rest of the men may be paid from the Education funds For the sake of estimating the extra money to be provided from the educational budget we may assume that one third of the number can be employed in the Public Works Department and the remaining two thirds have to be paid for from the Educational Department The actual amount may slightly vary from year to year according to the demands of the Public Works Department Divisions but we may say that the educational budget may provide for Rs 3 600 annually in the place of the present amount Rs 840 for the practical training course or Rs 2 760 extra The importance of the course amply justifies the extra expenditure involved

If this is approved of, then we can modify the certificates that are at present issued to the students to show that they have undergone practical training and these certificates may be given to them at the end of their practical training course

II EXAMINATIONS

We agree with the resolution of the previous committee that the Madras Government Technical Examinations may be made optional to the students and that the present examination by a Board of Examiners, will meet all the necessary requirements

It seems to us that the Headmaster ought to be associated with the Board in the same way as at present He is now an examiner in so far as he examines the practical work done by the students during their school course assigning "Session marks" which are added to the results of the final Examination as in the Madras Engineering College It may be advantageous to appoint the Examination Board once in three years instead of every year as at present

III Establishment —It seems to us that the first assistant should be one who has a fair knowledge of the Engineering subjects besides being a first class draftsman He should have the required status to take charge of the school during any temporary absence of the head master on leave The scale of pay for him should therefore be Rs 50—$\frac{10}{2}$—100.

The scale of pay for the 2nd Assistant Master may be Rs 50—75 in order to secure a properly qualified man for the post

At present it is only the Headmaster who has any practical experience of Public Works Department works The Assistants are mostly theoretical men and their teaching cannot therefore be as practical as one would wish for. We think it will greatly improve the

practical side of the Instruction imparted, if these two Assistants are from time to time interchanged with the regular D P W. Staff This will be to the advantage of both the Departments.

IV Vacations.—We entirely agree with the previous recommendations that the school should have only one set of holidays from 1st May to 1st July and that the December holidays may be cancelled. At present the school remains practically closed for instruction from the 1st of April to 15th May on account of the Examinations (The Board Examinations and Madras Government Technical Examinations) and from 15th May to 15th June for the vacation By adopting only the Board Examinations which may be held from the 15th to the end of April, the period of fifteen days from 1st to 15th April which is now being used for examinations, can be saved for regular school work.

The school will therefore have only one vacation from 1st May to 1st July in addition to the Xmas and Dasara holidays and the winter holiday may be abolished.

V Applications of the Drawing Master and the writer for an Increase of pay.

If our proposals made under III are sanctioned, it is open to the Inspector-General of Education to appoint the present men in those grades if they are found to be qualified The writer need not have any special grade, but may be given small promotions from time to time as he is found deserving by the Inspector-General of Education.

Our recommendations are briefly as follows —

(1) That the length of the studies be kept at two years as at present and as sanctioned in the general scheme for the Chamarajendra Technical Institute, for the reasons stated *supra*.

(2) That Trigonometrical Survey and the teaching of Trigonometry be omitted from the curriculum of studies

(3) That the appearance for the Madras Government Technical Examinations be made optional.

(4) That the stipends or the allowance given to the students during their practical course be increased from Rs 7 to Rs. 15 per mensem and that all the students be given the benefit of this training every year instead of ten as at present.

(5) That the Examinination Board be appointed for three years with the Head Master also as a member of it.

(6) That the scale of pay for the 1st Assistant be Rs. 50—10—100, and 2nd Assistant be Rs. 50—75.

(7) That the Assistant Masters be interchanged from time to time with the staff of the Public Works Department to render the teaching more practical and efficient, as in the Madras Engineering College.

(8) That the December holidays be reduced and that in its place the summer holidays be increased so as to extend from 1st May, to 1st July.

(9) That the minor subordinate class be abolished formally, as it is now practically extinct.

(Sd.) S. SRINIVASA AIYAR,
Head Master.

No. 3224-6—Edn. 238-11-9, dated 17th November 1915.

Annexure III.

Note dated 19th June 1915, by the Chief Engineer

I agree with the recommendation to limit the theoretical course to two years as at present as I understand that within this period it has been possible for the students being taken to several Engineering works in the State and allowed to practically handle the levelling instruments and theodolites.

2. Regarding the practical course of one year, I think that such of the passed students as happen to get employment in the Mysore Public Works Department or outside as soon as they pass out may be given the diploma on production of a certificate from the Executive Engineers under whom they serve, of having rendered satisfactory service for one year. The rest of the students may be given practical training by being posted to important works under the different Executive Engineers in the Province. The latter students may be given stipends of Rs. 12 by the Education Department for one year, as recommended.

3. The students may be asked to keep proper note books to record the practical information collected by them during the practical course. Such books should be examined and countersigned by the Executive Engineer every quarter and sent to the Head Master of the School together with the certificate of the Executive Engineer. If the practical work thus recorded is found satisfactory, the diploma may be given.

4. The appearance at the Madras Government Technical Examinations may be made optional instead of compulsory as at present.

5. I do not agree that the same members should necessarily constitute the Board of Examiners of the School for three years, as proposed.

6. It is a good idea to transfer the Assistant Masters of the School to the Public Works Department and to send practically trained subordinates to take their place in the school. The subordinate scale in the Public Works Department may be increased, so that the Assistant Masters may be borne on the Public Works Department list and treated as lent to the Education Department.

7. The minor subordinate class may be abolished.

8. In regard to the pay of Sub-Overseers the present minimum pay of Rs. 25 may continue, but, as a special case, the student who passes first in a batch may be started on Rs. 30, provided he gets not less than two-thirds of the maximum in the final Examination of the School. This, it is hoped, will be an inducement for the students to strive hard for the first place and will have the effect of further improving the tone of the school.

Co-operative Movement.

No. 2048-9—A. & I. 152-14-4, DATED 11TH NOVEMBER 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. 2048-9—A. & I. 152-14-4, dated 11th November 1915.

As some misapprehension seems to exist as to the extent to which Government officers can give their support to the Co-operative movement, the following instructions are laid down for their guidance.

2. Government officers will be allowed to actively assist the movement, so far as they can, without prejudice to their legitimate duties and in their spare hours. They may become members of co-operative societies, taking shares in them and serve on Committees of management of such institutions, but will not be allowed to accept any remuneration without the special sanction of Government in the case of officers whose salaries are Rs. 100 and above, and of the Heads of Departments concerned, in other cases. It should be distinctly understood that whenever any officer of whatever grade joins these societies and helps them in their work he is expected to do so in his private capacity as a citizen, and he should not use his official position or influence in any manner which would militate against their non-official character.

Offg. Secy. to Govt., Depts. of Edn. & Agri.

Stotra Patha or Dharmadhyayana Post.

No. 1082—Muz. 173-12, dated 2nd November 1915.

BEFORE THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

Appellant	*vs.*	Respondent
Subrahmanya Sastri of Chamrajnagar.		Lakshmidevamma.

Subject.

Claim to be appointed to the Stotra Patha or Dharmadhyayana post of Sri Chamarajeswaraswami temple at Chamrajnagar.

Facts of the Case.

One Nanjunda Bhatta was the original Barawardar. Owing to his absence without leave, his brother Yagnanarayana Dikshit was appointed to the post under the late Chief Commissioner's Order No. 24, dated 10th July 1854. Yagnanarayana Dikshit had two sons, *viz.*, Rama Dikshit, father of the appellant Subrahmanya Sastri and Suryanarayana Dikshit, father-in-law of the respondent Lakshmidevamma. At a partition of the family properties effected in 1891, the office in question fell to the share of the younger son Suryanarayana Dikshit who died in 1902 leaving only his daughter-in-law Lakshmidevamma, the respondent, behind him.

Since then Rama Dikshit looked after the duties of the office till his death in 1907 and after him his son Subrahmanya Sastri, the present appellant, was doing the work paying an allowance to the respondent. As, however, they did not agree as regards the amount, the respondent applied for permission to appoint her own Gumasta, and the Deputy Commissioner ordered that the Baraward be made out in the name of Lakshmidevamma and that her nominee one Chidambara Sastri may be appointed as her Gumasta.

Subrahmanya Sastri appeals to Government urging his claim to the post on the ground that no woman is competent to be appointed to an office of the kind.

The case was finally heard by Government on 23rd September 1915, both the contending parties being present in person.

Decision.

The respondent says that she has appointed a Gumasta to whom she pays Rs. 5 out of Rs. 7 received from the temple. Both the parties agree that as the respondent is a widow without means, she may be paid Rs. 3 a month direct by the temple authority and that the Baraward may be made out in the name of the appellant who will, during the life of the respondent, receive only Rs. 4 a month.

Government approve of this arrangement which is suitable and it will accordingly be given effect to. If the appellant who is a school-master, happens to be transferred and fails to procure a substitute for the service, this arrangement will be liable to revision.

Memo No. 1082—Muz. 173-12, dated 2nd November 1915.

Copy of the above is forwarded to the Deputy Commissioner, Mysore District, returning the records received with his letter No. 454, dated 7th May 1915.

By Order,
V. R. THYAGARAJA IYER,
Secy. to Govt., Rev. Dept.

Archakship of the Ganapathi Temple.

No. 1087.—Muz. 570-09, dated 2nd November 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

Appellant	vs.	*Respondent*
Venkatanarayana Sastri, nephew of Venkatachala Bhatta *alias* Appanna Bhatta (since deceased).		Nanjunda Bhatta.

Subject.

Archakship of Ganapati shrine located within Sri Kesavadevaru temple at Nagamangala.

Facts of the Case.

Within the temple of Sri Kesavadevaru at Nagamangala, there are two Ganapati shrines which are endowed with a separate land inam of the extent of 2 acres, 38 guntas and assessed at Rs. 14-0-0. The puja of the shrines is conducted by a Smartha archak and the last Baravardar was Nanja Ninga Bhatta. On his death, his wife Bhagirthamma inherited the puja right and being without issue, she is alleged to have transferred the right by a deed of gift to her brother Gunda Bhatta, the father of the respondent Nanjunda Bhatta.

Gunda Bhatta being a resident of Seringapatam the puja at the Ganapati shrine was being conducted by a succession of archaks, the last of whom was Venkatachala Bhatta *alias* Appanna Bhatta, the original appellant, who is since dead.

In 1907, Nanjunda Bhatta, the son of Gunda Bhatta, applied to the Deputy Commissioner for the restoration to him of the temple lands together with the puja right, as Appanna Bhatta had not been paying him the stipulated rent for a series of years. An enquiry was made and the restoration of the office with its emoluments was ordered by the Deputy Commissioner in his order No. 782, dated 29th January 1910. Appanna Bhatta appealed against this order and as he died pending its disposal, his nephew Venkatanarayana Sastri was brought on the record as his representative.

The case was heard before Government on 2nd March 1915, both the appellant and the respondent being present in person.

Decision.

The dispute is a long standing one and the documents relied on by the respondent are all very old ones of which the genuineness cannot be established by direct evidence after this length of time. The Deputy Commissioner has proceeded chiefly on certain presumption raised in favor of the genuineness of documents, but this is not a satisfactory way of dealing with such a case.

The respondent admits that he and his father did not ever perform the puja of the temple. The inam is registered in the name of the deity and the inam register does not contain the name of either of the claimants.

According to the Deputy Commissioner's order even the unproved documents produced do not refer to a date later than 1891. The petition of Gunda Bhatta to the Deputy Commissioner was not presented till 1907, *i.e.*, till after a lapse of about sixteen years.

If it had been proved that the lands and the office were leased at the inception to the deceased Appanna Bhatta, the burden of proving his title might be cast on the defendant. But there is no proof of a lease.

The letters said to have been written by Appanna Bhatta were not admitted

by him; and no proof whatever was given to make out their genuineness not even a comparison of handwriting. It would be very risky to rights of parties if such evidence as is produced in this case is admitted as sufficient to establish such stale claims.

The Deputy Commissioner's order is reversed and the petitioner's (respondent's) claim rejected.

Memo No. 1087—Muz. 570-09, dated 2nd November 1915.

Copy is forwarded to the Deputy Commissioner, Mysore District, returning the records received with his letter No. 418, dated 11th May 1914.

By Order,
V. R. THYAGARAJA IYER,
Secy. to Govt., Rev. Dept.

No. 1129-44—Muz. F. 349-14, dated 11th November 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Proceedings No. 1807-20—Muz. F. 162-06-2, dated 25th January 1910, passing orders on the review application of the Swamigalavaru of the Sri Uttaradi Matha *re* claims of certain decree-holders against the Matha and declining to withdraw the temporary attachment of the endowments and their management by Government.

2. Government Order No. 2283-97-Muz. 386-11-3, dated 25th March 1912, recognizing the succession to the Sri Uttaradi Matha of Vedamurti Seturamacharya under the titular name of Sri Satya Dhyana Tirtha Swamigalavaru.

3. Srimukha No. 1995, dated 30th January 1915, from the Swamigalavaru of the Sri Uttaradi Matha, requesting that the land inams and the cash grant endowed to the Matha may be restored to his possession.

4. Correspondence ending with Srimukha No. 1039, dated 13th September 1915, received from the Swamigalavaru, stating that the claims of decree-holders against the Matha have been compromised for a cash payment of Rs. 34,000 and satisfaction has been entered as regards six of the decree-holders.

Order No. 1129-44—Muz. F. 349-14, dated 11th November 1915.

The Sri Uttaradi Matha at Hole-Narsipur enjoys a cash grant of Rs. 526 a month and has also been endowed with Devadaya Inams having an aggregate beriz of Rs. 6,400.

2. Owing to disputes between the Swamigalu and certain Matha servants and the Civil litigation that ensued, the Government considered in 1894 that the cash grant of Rs. 526 a month payable to the Matha was not open to attachment by Civil Courts and ordered that the amount should be held in deposit by Government and allowed to accumulate. Subsequently, a portion of the cash grant was utilized for the upkeep of the Matha and the Patasala at Hole-Narsipur and subventions from the accumulated surplus at the hands of Government were also from time to time made to the Swamigalu to meet special demands.

3. Again in 1904 the inam villages endowed to the Matha were for reasons mentioned attached and brought under Government management. Briefly these were:—

(1) That the Swamigalu failed to conform to the Rules of 1892 enjoining that the previous approval of His Highness the Maharaja to successions in the Matha should be obtained.

(2) That the Swamigalu disregarded and rendered nugatory the judgments of the Chief Court relating to the restoration to their offices of certain dismissed servants of the Matha.

(3) That the Swamigalu had allowed the alienation of some of the endowment lands and the deterioration of the Matha buildings.

4. In 1906 on an explanation furnished by the then Swamigalavaru a settlement was arrived at and the Government recognized the succession of Sri Satya Gnana Tirtha Sripadangalavaru and sanctioned the payment of certain sums towards the satisfaction of the decretal claims outstanding against the Matha.

5. A review of this order was prayed for by the Swamigalu and in 1910 the Government in modification of their previous order cancelled the payment of the decretal claims from the Matha income but considered that there were cogent reasons why the land inam and cash grant endowed to the Matha should not be restored to the Matha.

6. Early in 1912, Sri Satya Gnana Tirtha Swamigalavaru passed away and Vedamurti Seturamacharya succeeded him under the titular name of Sri Satya Dhyana Tirtha Swamigalavaru and the succession was recognized in the order of

No. 1129-44—Muz. F. 349-14, dated 11th November 1915.

25th March 1912. The Swamigalu after an extensive tour throughout India is now on a visit to the State.

7. On the 30th January 1915, the Swamigalu addressed to Government the first of the Srimukhas read above, requesting the restoration to him of the cash grant and land inams endowed to the Matha. The Swamigalu further states that a settlement has been arrived at with the decree holders by which their claims against the Matha have been compromised at an aggregate cost of Rs. 34,000, that actually the claims of 6 out of the 12 decree-holders have been satisfied and a sum of Rs. 15,344 paid to them, and that the remaining claims are in course of satisfaction.

8. The compromises are not unfavourable to the Matha and may be accepted as fair to the other parties also. They are the best way out of an *impasse* created by decrees of Courts and a long course of opposition to their execution.

9. Under the circumstances, Government are pleased to approve of the settlement now arrived at, and in modification of their decision conveyed in the order read above, to direct that half the amount of the accumulated income now in the hands of Government be allowed to be paid towards the discharge of these claims. The Comptroller is requested to pay over immediately to the Matha the cash available and to arrange to transfer duly endorsed Government paper sufficient to make up the balance or at the option of the Swamigalu to sell and pay over the proceeds. The balance of the securities will be retained by Government and made over whenever required for any such purpose as may be approved by Government as being of general use to the Matha.

10. Now that the succession of the Swamigalu has already been recognized and the decrees against the Matha satisfactorily settled, Government consider that there is no reason why the attachment of the Matha properties should not be withdrawn. But before handing over actual possession, Government deem it necessary that the Swamigalu should enter into an agreement that he will so take possession of the Matha estates with all claims and liabilities appertaining thereto as they stand at the time of transfer and will have no claims on Government thereafter and that he will not alter any permanent arrangements for the carrying on of the Matha affairs as laid down in the orders of Government noted in the margin without obtaining the previous sanction of Government. The Muzrai Superintendent is requested to have the draft of such an agreement prepared in consultation with the Government Advocate and to arrange after the execution of the same by the Swamigalu to transfer to the latter all the properties belonging to the Matha now in the possession and management of Government. A complete list giving details of values and incomes of properties handed over should be prepared and signed by the Swamigalu or an agent of the Swamigalu and the Muzrai Superintendent and submitted to Government for record.

G. O. No. 4110-12, dated 22nd March 1906, *re* the scale of expenditure in the Mysore Branch Matha.
G. O. No. 861-2, dated 27th August 1908, *re* the scale of expenditure in the Hole-Narsipur Matha.
G. O No. 565-6—M. F. 499-08, dated 18th August 1910.
G. O. No. 1442-3—M. F. 531-11-6, dated 18th November 1913, *re* the scale of expenditure in the Seringapatam Matha.
G. O. No. 2123-5—M. F. 383-14-2, dated 3rd April 1915, *re* the repairs to Ramanathpur Matha.

11. This opportunity will be taken to impress once more upon the Swamigalu that the Government consider that the Rules of 1892, requiring the previous sanction of His Highness the Maharaja to Matha successions are according to the established practice obtaining in the State and that no departure from them will be allowed.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ AGAIN—

Government Proceedings No. 2342-A, dated 29th February 1912, sanctioning a scale of expenditure in the temples of Sri Anandeswara and Bhiksheswara on the left bank of the Cauvery river at Tirumakudlu in the T.-Narsipur Taluk.

Correspondence ending with letter No 136, dated 23th September 1915, from the Deputy Commissioner, Mysore District, submitting proposals for revising the scale of establishment and other charges in the temples at Tirumakudlu.

Order No. 1147-49—Muz. F. 619-14, dated 11th November 1915.

The marginally noted six institutions with an aggregate income of Rs. 3,375-3-0 are Muzrai institutions situated at Tirumakudlu in the T.-Narsipur Taluk, the principal among them being the temple of Sri Agastheswaraswami.

1. Agasteswaraswami.
2. Chowdeswaramma
3. Bhikshcswaraswami.
4. Sankareswaraswami.
5. Anandeswaraswami.
6. Aswatha Katte.

2. The Deputy Commissioner reports that the individual receipts of these institutions are not proportionate to their importance or the expenditure to their incomes, that the servants of these institutions are all residents of Tirumakudlu many of them holding a plurality of appointments in these temples and that as the pay of individual appointments is often very low, it has been found increasingly difficult to secure suitable men to fill up vacancies. It is now proposed that the resources of these institutions may be clubbed together and administered as those of a single institution, the temple of Sri Agastheswaraswami being considered as the primary and the remaining institutions subsidiary thereto, and that one set of servants available for work at all the institutions may be appointed.

3. In settling the retention of appointments and fixing their emoluments the Deputy Commissioner has taken care not only to provide for the necessary services but also to secure a place with suitable remuneration for every one of the present incumbents. Under the circumstances the Government are pleased to approve of the proposals and to sanction the revised scale of expenditure which is appended hereto. It will be brought into effect with effect from 1st of January 1916.

4. The Comptroller to Government is requested to authorise the Amildar of T.-Narsipur to draw on monthly bills the money required for expenditure according to the sanctioned scale.

5. The Deputy Commissioner has also submitted to Government for sanction a scale of fees for the various Sevarthas which are usually performed at the Sri Agastheswara temple and the proportions in which they should be distributed among the temple servants. The proposed scale and scheme of distribution are suitable and are sanctioned. A table of fees now sanctioned should be exhibited at a prominent place in the temple for the information of the public.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. 105, dated 15th September 1914, from the Deputy Commissioner, Kolar District, submitting for favourable consideration an application from Mr. Muninarayana Chetty, Municipal Councillor, Kolar, to permanently deposit a sum of Rs. 12,000 for the purpose of feeding *bona fide* travellers and poor students in a chattram to be built by him,

2. Correspondence ending with letter No. 98, dated 6th September 1915, from the same officer, stating that the donor is agreeable to deposit the amount at such favourable rate of interest as may be allowed by Government and subject to the conditions laid down in Government Notification No. Fl. 473-503—G. F. 15-09-2, dated 15th July 1909, and adding that necessary steps will be taken under the Land Acquisition Regulation to provide a suitable site for the chattram.

Order No. 1180-83—Muz. 154-14, dated 15th November 1915.

The object of the endowment being a charitable one deserving of encouragement, the Government are pleased to accept under the rules published in Notification No. 473-503—G. F. 15-09-2, dated the 15th July 1909, the permanent deposit of Rs. 12,000 and to allow interest at half per cent in excess of the rate allowed by the Government of India on their securities, the interest for the present being 4 per cent.

2. The Comptroller to Government is requested to issue needful instructions to the Treasury Officer, Kolar District Treasury, to receive the amount on a document being duly executed by the donor in the form prescribed under Notification No. 432-72—G. F. 15-09-1, dated the 15th July 1909.

3. The interest on the amount should be paid half-yearly to the donor who should maintain the prescribed accounts and submit an annual report with an abstract of the accounts as directed in Rule V of the Government Notification of the 15th July 1909.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. 3009, dated 26th August 1915, from the Revenue Commissioner in Mysore, submitting for orders copy of the following letter No. 1283, dated 13th May 1915, from the Deputy Commissioner, Mysore District, and recommending for sanction the proposals of the Land Acquisition Officer, Cauvery Reservoir Works, regarding the settlement of contribution and water-rate recoverable from certain inam lands in the Kestur village, Yedatore Taluk, granted to the late Rai Bahadur Bakshi Narasappa for the support of the chattram and a temple built by him in Mysore.

"With reference to paragraph 3 of Government Order No. R. 9430-3—L. R. 235-13-4, dated 8th June 1914, I have the honour to forward herewith in original for obtaining the orders of Government the correspondence ending with letter No. 2546, dated 10—13th May 1915, from the Senior Assistant Commissioner and Special Land Acquisition Officer about the settlement of the lands granted as Dharmadaya Inam for the maintenance of the late Rai Bahadur Bakshi Narasappa's charities.

"The charities have been endowed with dry lands measuring 462 acres and 3 guntas and assessed at Rs. 305-11-0. The Manager of the charities more than 30 years ago made over the rights of occupancy to the raiyats. About 156 acres and 32 guntas are now commanded by the Right Bank channel of the Chamaraj Anicut and this has led to both parties claiming the right of occupancy.

"The settlement now proposed is :—

(1) that the raiyats are to have the occupancy right of the dry lands on paying a premium of Rs. 40 per acre for the benefit of the charities,

(2) that half the irrigable area is to be made over absolutely to Government.

(3) That the occupancy right of the other half is to belong to the raiyats on their paying a premium of Rs. 80 per acre for the benefit of the charities,

(4) that in view of the charities losing proprietory right on half the irrigable area and of the land required for the channel which become the absolute property of Government and also of the dry assessment thereon, the institution should get from Government 25 acres of irrigable land (out of half the area that Government gets) and pay at Rs. 160 per acre therefor and enjoy it as Inam without paying water-rate.

"The payments are proposed to be spread over a period of four years.

"Of the several proposals made, it is only the 4th that requires some explanation, the others being clear. In the case of an ordinary Inam the Inamdar will get Rs. 2 per acre of land absolutely surrendered to Government, one rupee for loss of dry assessment and one rupee for resigning the proprietory right So in the present case the institution should get about Rs. 150 for about 75 acres (about 20 acres for channel and the rest being what remains after giving 25 acres to the institution.) This is about equal to the water-rate on 25 acres and thus the proposal to remit water-rate is fair.

"One of the object of the charities is to feed poor people. The other Inam lands yield only a revenue in cash amounting to about Rs. 300 as the Inamdar gets only the dry assessment and the water-rate goes to Government. Wet lands yielding paddy would be very useful for feeding institutions. Hence the proposal to give 25 acres of wet land to the institute and charge Rs. 160 per acre as value.

"I am of opinion that the proposals detailed above are fair and request you will send them with your support to Government for sanction."

Order No. 1265-9—Muz. 178-15-2, dated 26th November 1915.

A copy of the patta granted in the year Svabhanu to the raiyats holding the lands in question has also been obtained and perused. No mention is made therein about granting the lands to the raiyats in permanent tenancy. It is also extremely doubtful whether the manager for the time being of the institution had power to grant such terms. There being a written agreement at the inception, the tenants cannot fall back on mere enjoyment to make out a Kadim tenancy.

No. 1265-9—Muz. 178-15-2, dated 26th November 1915.

2. As the tenants have no valid claim for occupancy rights, the Government are of opinion that the consideration proposed to be paid will not be adequate and that it will be more equitable to fix the money value of the rights to be transferred at double the sum now offered. The Revenue Commissioner is requested to report whether the tenants are willing to accept a transfer on this basis.

3. In other respects the terms of the settlement are satisfactory and the Government are pleased to accept the same. The money received from the tenants for grant of the occupancy right should be deposited in the Government Treasury at the rate of interest prescribed for permanent charitable endowments and the interest only should be allowed to be drawn by the Manager who should spend the same for purposes of the charity in such manner as may be approved by Government.

READ—

Government Proceedings No 2238 41- M F 442 14-4, dated the 15th April 1915, recording with regret the death on the 31st March 1915 of the Swamigalu of the Sravanabelagola Matha

2 Letter No 169, dated the 11th November 1915, from the Deputy Commissioner, Hassan District, stating that the late Swamigalu had nominated to succeed him one Salvarasu Sastri, son of Pannaiyya Upadhya, a resident of Sedaperi Palya in the Polur Taluk of the North Arcot District, that on enquiry the Thasildar of Polur Taluk reports that the nominated gentleman has respectable literary attainments in Sanskrit and Tamil with a good knowledge of the tenets of the Jain religion and that a large number of disciples of the Matha in the Hassan, Mysore and Kadur Districts are in favour of his succession, and recommending that the nomination of Salvarasu Sastri may be approved and that sanction may be accorded for an expenditure of Rs 2 500 from the funds of the Matha, Rs 500 to recoup the amount spent by the Agent of the Matha for the obsequies of the late Swamigalu, and Rs 2,000 for the estimated expenses of the installation of the new Swamigalu

Order No. 1321-34—Muz. 442-14-8, dated 30th November 1915.

The Government of His Highness the Maharaja of Mysore are pleased to approve of the nomination of Salvarasu Sastri to succeed the late Swamigalu of the Sravanabelagola Matha. A report should be submitted in due course after the installation is over.

2. As regards the expenses incurred for the obsequies of the late Swamigalu a bill of actual expenditure should have been obtained and submitted, and this may be done now.

3. A sum of Rs. 2,000 to meet the expenses of the installation of the new Swamigalu is sanctioned, the cost being charged to the funds of the Matha. The Comptroller is requested to permit the Deputy Commissioner of Hassan to draw the amount in advance, to be adjusted in due course.

Scale of Expenditure in the Sri Malleswaraswami Temple.

No. 1112-13½—Muz. 281-13-6, dated 5th November 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Order No. 486-7 —M. F. 180-08-8, dated the 22nd December 1908, fixing a scale of expenditure and other charges to the Sri Malleswaraswami temple at Krishnarajpete.

Government Order No. 2827-8—M. F. 652-11-2, dated 20th May 1912, sanctioning the Deputy Commissioner's recommendation to reduce the pay of the temple Kavalgar from Rs. 4 to Rs. 3 per mensem and to utilise the savings towards the increase of pay of the four musicians of the temple from 8 annas to 12 annas per mensem.

Correspondence ending with letter No. 55, dated the 29th July 1914, from the Deputy Commissioner, Mysore District, proposing a further revision of the scale of expenditure in the temple.

Order No. 1112-13½—Muz. 281-13-6, dated 5th November 1915.

The Deputy Commissioner reports that in addition to the income from the Sarvamanya Dadadahalli village in the Krishnarajpete Taluk endowed to this temple by Mr. Ramaiya, pleader at Seringapatam, and the cash grant of Rs. 20-6-0 per annum, one Nanjundiah, son of Sindaghattada Subba Jois, had endowed a wet land Survey No. 375 of 1 acre 8 guntas in extent in Hosahalalu village in the Krishnarajpete Taluk, several years ago for certain Sevas during Sivaratri and that much inconvenience is being felt for want of funds to conduct the Seva as the income is to be credited to the temple funds in the first instance and drawn on bills after sanction. He therefore submits a revised scale of expenditure providing an income of Rs. 30 from the endowment in question and an expenditure of Rs. 25 for the said Seva.

The revised scale now proposed by the Deputy Commissioner and appended to this order is suitable and is accordingly sanctioned.

Order No. 794-845—E. A. 9-15-1, dated 22nd November 1915.

An article entitled 'Organization and Men' by Mr. H. W. Thornton in a book on business recently published, is reprinted for local use and circulated in connection with the work of the Economic Conference.

2. The article deserves a wider circle of readers and may be perused with advantage by Heads of Departments and Senior Officers in the State, particularly the observations in the article on the need for co operation among officers and the necessity of subordinating individual predilections to the larger interests of a concern which, in their case, will be the State as a whole.

3. Attention is invited to the remarks in the article about the utility of frequent conferences between the Head of a Department and his subordinate officers and about encouraging originality and initiative among members of the staff.

ORGANISATION AND MEN.*

BY

MR. H. W. THORNTON,

General Manager of the Great Eastern Railway.

THERE are two principal essentials to success in business, *viz.*, organisation and men: and of these the first in importance is organisation, for a business may have very able men, but unless they operate in harmony with some well developed scheme their ability will be largely wasted. An absence of organisation develops friction among the staff, with dissipated energy in all directions. It is with business as it is with the machine: the parts may be of the best material, but if the parts are put together improperly inefficiency results, and it is a poor machine Therefore, organisation is the first essential, and must be developed before the individuals which compose it are selected.

The first step in developing an organisation is to divide the business into departments, each of which represent some fundamental function of the whole enterprise. That is to say, the division into departments and sub-departments ought to follow the lines of demarcation which are peculiar to the particular business under consideration. The same care exercised in dividing the business into the principal departments is also necessary in dividing departments into sub-departments, and so on, until the smallest sub-division is made. Thus, there is provided a strong framework upon which to build. The secret of a correct organisation is that it must be such that only one individual is responsible for any particular thing. When more than one person is responsible, no one is responsible. This applies to departments and sub-departments. The manager must always be able to put his finger upon one man in every section of a business, and hold him responsible for its proper working.

The next factor concerns the men. Complete co-operation between the officers in charge of various departments is absolutely necessary. This is often a matter of temperament. An officer may be extremely brilliant at his particular work, but if he has such a temparament that nobody can work smoothly with him, he is of little use to his employer. His one fault outweighs his brilliant gifts.

The spirit of co-operation, so necessary for the conduct of business, will not be missing so long as each officer understands that the only justification for his existence is the extent to which he contributes to the welfare of the whole. Some men seem to imagine that the business is organised solely for them and their department. They are wrong, for no institution can maintain itself, unless the men throughout the organisation make the welfare of the business their first consideration. It would be fatal to the success of an army in the field if the artillery, the infantry, or any other arm of the service did not subordinate its own interests to that of the whole force. The principle is exactly the same in business.

It is most important that conferences be had from time to time, under the supervision of the chief officer, for the discussion of matters of general interest. The heads of departments should be the chief officer's cabinet. Their aim should be not merely to run their own departments, but to assist the chief to run the business as a whole. They should keep themselves fully informed respecting the general policy of the concern, so that they can co-operate with each other intelligently. Conferences provide these requirements and at the same time afford valuable training for the officers in fitting them to become chief officers.

The same policy should be adopted by the departmental heads, and they in turn should lean on their sub-departmental heads in the same way that the chief leans upon them, for one of the principal aims of organisation is to develop the brain and the capacity of every individual in the concern. It is a very great mistake to allow the head of a department to be burried in a mass of detail. If there is any loafing to be done in any department, the head should do it. The chief officer should have plenty of time to think about matters relating to improvements in working. His time should not be occupied with signing letters, requisitions, and other matters of routine. Any trustworthy subordinate can do that, and one might as well engage a brilliant pianist to tune the piano.

* Extract from an article published in the Book entitled "Success in Business And How To Attain It."

Subordinates appreciate being entrusted with responsibility, and if they do not appreciate it the sooner they are got out of the organisation the better. Such responsibility lifts them above the feeling that they are mere clerks incompetent to act upon their own initiative. It should ever be borne in mind that minor officers are the material from which the chief officers must be recruited, and if they are taught to ask for instructions the habit of always depending upon some one else will be formed in them. They will never be fit to do anything on their own initiative, and all originality is killed. It is a part of a proper organisation to train every individual in it to meet emergencies without waiting to be told what to do.

Frank and friendly criticism should be encouraged from the officers. I have no opinion of the chief who trains those about him to tell him only the things he wants to be told. Any one can do that. An officer is employed to give his chief the best product of his brains, irrespective of what his superior may think. Of course, the decision of the chief must be the final authority upon any matter under discussion, and whatever contrary opinions subordinates may hold, it is their duty, after the decision has been reached, to work loyally and enthusiastically for success.

A complete system of reports is an important factor in organisation. They will, of course, vary according to the nature of the business—a department store is a very different thing from a railway, and reports in the one case will be of a different character from reports in the other. But whatever the business, concise reports accurately reflecting the trend of events, are essential, and they should be made as soon as possible after the events reported upon. A report loses its value if the subject of it is six months old, and it is sometimes better to risk a few trifling inaccuracies to ensure promptness.

I have dealt so far mainly with the machinery of organisation. The system upon which officers and staff should be selected and managed belongs to the second half of my subject.

The first consideration is ability. Your officer must have brains and capacity. Then must be considered—what is often ignored—temperament. A man who is a splendid sales-manager may make a poor show in the manufacturing department, and *vice versa*. There are some men incapable for any other job than that of a hermit. In the selection and use of men, one ought to give this matter of personality a good deal of weight. Not nearly enough attention is paid to it.

Promotion should be made from within the organisation itself wherever possible. The men ought to be given to understand that promotion will follow the display of ability for higher position. If the coveted posts are filled from outside, it naturally tends to destroy the *espirit de corps* of the staff. Besides, the organisation which cannot train and develop its own men for its own purposes must have something seriously the matter with it. Every officer should be expected, and know he is expected, to train a successor. One of the best recommendations for any head of a department is the number of good men he can develop, just as the best tribute to a schoolmaster is the number of able scholars he can turn out. That officer who can develop a large number of useful men for the company is a very valuable asset.

Originality and initiative should be encouraged all through the staff. I don't place much value on precedent. Precedent is the refuge of the coward. Argument by precedent is only resorted to by men who have not the brains to produce any other argument. Precedent is only valuable if it is based on good reasons. I don't think an organisation should bind itself to follow any method simply because somebody else followed it. Somebody else may have made a great mistake.

A most essential thing in organisation is discipline.

I define true discipline as that feeling of loyalty and obedience which is inspired by confidence and respect. Discipline enforced with a club is not true discipline. In time it leads to revolt. The heads of departments must feel confidence in and respect for the chief, and their subordinates must have the same feeling towards them. Unless the humblest employee on the staff has that feeling, his discipline is only the result of fear—and fear is a poor way to govern. The policy of "frightfulness" is as bad business as it is bad war.

Capital and Revenue Accounts of the Public Works Department Workshop for the year 1912-13.

No. 2217-8—P. W. 11129-30, DATED 30TH NOVEMBER 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

PUBLIC WORKS DEPARTMENT.

READ –

Memorandum No. B. 1583, dated the 5th May 1915, from the Comptroller, Public Works and Railway Branch, submitting a printed copy of the Capital and Revenue Accounts of the Public Works Department Workshop, for the year 1912-13.

Order No. 2217-8—P. W. 11129-30, dated 30th November 1915.

Recorded.

2. In paragraph 4 of Government Order No. 1087-8—P.W. 5382-3, dated the 30th May 1914, Government have already approved of the suggestion that no percentage charges need be levied on the cost of works executed for the Public Works Department. Until the conditions under which the Workshop is working are altered, the present practice may continue.

3. The attention of the Superintending Engineer, Southern Circle, is again drawn to the remarks of the Comptroller in paragraph 9 of the report, requiring the clearance of all outstandings at the end of each official year. This should receive strict attention. Government trust that there will be improvement in this respect in the accounts of 1913-14.

4. Verification of the materials in stock by actual counting and weighment is very essential. The explanation of the officer responsible for such a grave omission should be obtained and submitted.

5. The officer in charge of the Workshop should be required to see that particulars needed for the preparation of the Capital and Revenue Accounts are promptly furnished, so that the Comptroller may be in a position to compile the report for submission on the date prescribed.

KARPUR SHRINIVASRAO,
Secy. to Govt., P. W. Dept.

To—The Comptroller, Public Works Branch.
The Superintending Engineer, Southern Circle.

Mr. K. Mylar Rao, B.A., B.L.

No. 1208-13—Ry. F. 145-15-16, dated 4th November 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

RAILWAY DEPARTMENT.

READ—

Note No. 61, dated 27th July 1915, from the Secretary for Railways, submitting a report from Mr. K. Mylar Rao, B.A., B.L., Assistant Commissioner, on his work in connection with the acquisition of lands for the Mysore-Arsikere Railway, received through the Revenue Commissioner in Mysore.

Order No. 1208-13—Ry. F. 145-15-16, dated 4th November 1915.

Recorded.

2. Mr. Mylar Rao, who was deputed for the special work entered upon his duties in December 1913 and continued till the end of May 1915.

3. The lands required for the railway have all been acquired with the exception of about 70 acres valued at Rs. 4,100. Of this extent, the work connected with the acquisition of about 60 acres being within the sphere of the work connected with the construction of the Cauvery Reservoir, has been entrusted to the Special Land Acquisition Officer for the latter work.

4. The number of cases dealt with by Mr. Mylar Rao was 1,594. Of this, in only four cases the compensation awarded by him have not been accepted by the parties.

5. Out of Rs. 1,76,777 and Rs. 22,521 sanctioned for award of compensation and establishment charges, respectively, only Rs. 84,912 and Rs. 20,515 are reported to have been spent.

6. The large savings referred to above is reported to be chiefly due to only a small extent of B class lands (lands temporarily required) having been acquired out of the extent notified for acquisition. These lands were required for taking earth for embankments and for depositing the spoils from cuttings; and a material decrease in the amount of compensation paid has been rendered possible by a due regard to the interests of the landholders who in many cases claimed no compensation and wished to retain the lands after temporary use by the Railway Department.

7. Government wish to record their appreciation of the work done by Mr. Mylar Rao and his staff.

K. KRISHNA IYENGAR,
Offg. Secy. for Rys., Govt. of Mysore.

To—The Secretary to Government, General Department.
The Secretary to Government, Revenue Department.
The Secretary to Government, Public Works Department.
The Revenue Commissioner in Mysore.
The Engineer-in-Chief, State Railway Construction Department.
Mr. K. Mylar Rao, B.A., B.L., Private Secretary to His Highness the Yuvaraja of Mysore.

No. 1214-19--Ry. F. 224-15-16, dated 4th November 1915.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

RAILWAY DEPARTMENT.

OFFICIAL MEMORANDUM.

Read—

Government Order No. 14069-120—G. M. 423-14-1, dated 12th June 1915, sanctioning certain arrangements for the efficient administration of the Railway Department.

Order No. 1214-19--Ry. F. 224-15-16, dated 4th November 1915.

The following rules are prescribed for regulating the disposal of business to be referred to the Committee for advising the Government on Railway matters.

1. All cases which under Government Order No. 117-147—Ry. F. 224-15-16, dated 12—15th July 1915, may have to be referred to the Committee will be worked up in the Railway Secretariat and after noting by the Assistant or the Under Secretary as the case may be, submitted to the Railway Secretary. After the return of cases with his orders the cases to go before the Committee will be transferred to the Under Secretary for Railways (Secretary to the Committee) for submission to the Committee at its next sitting.

2. When a sufficient number of cases accumulate, or, in any case, on the first Monday in every month, the Secretary to the Committee shall call for a meeting of the Committee giving five clear days' notice, accompanied by the agenda paper. Files relating to the subjects under discussion should be circulated as soon as ready to each member in good time before the meeting day.

3. A journal shall be kept by the Secretary to the Committee in which the subjects discussed at each meeting and the resolution arrived at on each subject discussed together with a brief summary of the discussion should be recorded under the signature of the Chairman of the meeting. The decision of the Committee shall follow the number of votes.

4. Members of the Committee may themselves initiate questions relating to policy, finance, construction and establishments and such questions will be dealt with in the usual way as other receipts in the Secretariat and in due course placed before the Committee for discussion.

K. KRISHNAIENGAR,
Offg. Secy. to Govt. for Railways.

To—The Rajasabha Bhushana Dewan Bahadur K. P. Puttanna Chetty, Esq.
C. Dove-Wilson, Esq.
P. Raghavendra Rao, Esq., B.A., B.L.
Rao Bahadur K. Krishnaiengar, Esq., B.A., L.C.E.
M. N. Krishna Rao, Esq., B.A.
T. Lakshminarasimha Rao, Esq., B.A., B.L., Secretary to the Committee.

105	R 5232-3—L R 15-15-76	27	Rev. Comr. and Dy. Comr., Tumkur Dt.	Approves of the award of certificate by the Deputy Commissioner to eight gentlemen in the Tumkur District for good work done by them in the cause of village improvement during the year 1914-15, and requests the Deputy Commissioner to convey to twenty others the appreciation of Government for the interest evinced by them in promoting the working of the Village Improvement Scheme.

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
106	R 5234-5—L R 15-15-77	27	Rev. Comr. and Comptr.	Sanctions a grant-in-aid of Rs. 1,247 for carrying out repairs to a pond in the Trikanambi village, Gundlupet Taluk, under the Village Improvement Scheme.
107	R 5236-7—L R 36-15-39	27	Comptr. and Rev. Comr.	Cancels an audited bill in favour of Nathugiri and Basappa amounting to Rs. 30-8-0, being the arrears of potgi due to the patels of Seebaji Village, Shimoga Taluk, for 1908-09, and authorizes the Comptroller to investigate the claim made in the revised bill for the same amount in favour of Sivacharanagiri and Basappa, the name Nathugiri having been incorrectly entered in the first bill for Sivacharanagiri.
108	R 5265-6—L R 15-15-79	27	Rev. Comr. and Dy. Comr., Kadur Dt.	Approves of the award of a certificate to Mr. Channakesava Rao of Kigga, Koppa Taluk for good work done by him in the cause of village improvement during the year 1914-15.
109	R 5270-79—L R 246-15-3	27	Supt. of Rev. Survey and Settlts. in Mysore, Rev. Comr., and Dy. Comr., of Dists.	As regards the Superintendent's suggestion that a condition that Government reserve the right of resuming such lands without payment of compensation may be inserted whenever land is assigned for the free grazing of cattle, states that no such condition is necessary as Section 39 of the Land Revenue Code provides both for the assignment and for the appropriation for other purposes of lands so set apart.
110	R 5280—L R 443-14-10...	27	Rev. Comr., and Dy. Comr's. of Dists.	Reviews the returns showing the disposal of applications for lands under the scheme for the creation of large landed estates in the several districts during the quarter ending 31st March 1915.
111	R 5282-3—L R 37-15-108	27	Rev. Comr. and Comptr.	Authorises the Comptroller to investigate the claim for Rs. 3-6-5, being arrears of pay due to Dolla Revenue peon, Mandya Taluk, from the 1st to the 17th April 1913.
112	R 5284-5—L R 37-15-109	27	Do ...	Authorises the Comptroller to investigate the claim for Rs. 10-3-3, being arrears of pay and horse allowance due to K. G. Venkatachar Shekdar, Bilchode Hobli, Jagalur Taluk for March 1913.
113	R 5286-7—L R 37-15-107	27	Do ...	Authorizes the Comptroller to investigate the claim for Rs. 3-11-8 of Bora, Revenue peon, Heggaddevankote Taluk, being the sick leave allowances due to him from 14th August to 6th September 1913.
114	R 5292-3—L R 37-15-104	29	Do ...	Authorises investigation of the claim for Rs. 27, being the arrear of increments due to Isac Pillai, Revenue Gumasta, Shimoga, from January 1910 to September 1911.
115	R 5294-5—L R 37-15-105	29	Do ...	Authorises the Comptroller to investigate the claim for Rs. 21-1-0, being acting allowances claimed on behalf of Revenue Gumasta, Ramanujiengar, Koppa Taluk, from 5th October 1914 to end of January 1915.
116	R 5296-7—L R 37-15-106	29	Do ...	Authorises the Comptroller to investigate the claim for Rs. 10-13-0. being arrears of pay due to Narasimhachar, Division Munshi, Nagamangala Taluk, from June to August 1914.
117	R 5298-9—L R 26-15-51	29	Do ...	Authorises the Comptroller to investigate the claim amounting to Rs. 9-8-10, being supplemental travelling allowance bill due to the Chikballapur Taluk establishment for the month of June 1914.
118	R 5300—L R 251-15-2 ...	29	Compiler, *Mysore Gazette*	Notifies the grant of 8 days' privilege leave to Mr. C. S. Kuppusami Iyengar, Assistant Commissioner, Mysore Sub-Division, from 16th December 1915 with permission to affix the

Serial No.	Proceedings: Number	Proceedings: Date	To whom sent	Subject and Order
				Xams Holidays; and the placing of Mr. M. G. Mehkri, Probationary Assistant Commissioner, Mysore District, in charge of the Mysore Sub-Division, during the period in addition to his own duties.
119	R 5305-6—L R 308-14-4...	29	I.-G. of Registration and Rev. Comr. in Mysore	States that Government agree with the Inspector-General of Registration in his opinion that the maintenance of a separate copy of the khetwar Patrik in every Sub-Registry Office as proposed in Subject No. 500 of the Representative Assembly Proceedings of 1913 is neither necessary nor practicable, with the observation that they consider that there is no adequate advantage in adopting the proposal.
120	R 5314-5—L R 208-15-2...	29	Rev. Comr. and Dy. Comr., Kadur	Permits Mr. K. Krishna Iyer, as a special case to accept the silver trowel and key proposed to be presented to him as souvenier of the occasion of his opening the school building at Nilvagalur, Hariharpur Hobli, Koppa Taluk.
121	R 5316—L R 218-15-3 ...	29	Mr. H. Krishna Rao, Hariharpur (P. O.) Koppa-Kadur	Informs him of the above.
122	R 5328-9—L R 93-14-9 ...	30	Rev. Comr. and Comptr.	Sanctions the extension by one day, of the privilege leave to Mr. S. Soundararajiengar, now acting Amildar of Honnali, granted in Government Order No. R. 167-8—L. R. 93-14-6, dated 6th July 1915.
123	R 5330—L R 38-15-17 ...	30	Rev. Commissioner ...	Records his communication submitting a statement of promotions given to the officials of the Chitaldrug District, during the quarter ended 30th June 1915, and stating that no fresh men were entertained in the District during the quarter.
124	R 5331-2—L R 177-15-2...	30	Rev. Comr. and Comptr. to Govt. (thro' Br. II)	Sanctions an allotment of Rs. 28,000, being made for the purpose of making advances to raiyats to enable them to carry out their share of maintenance work to the restored tanks in the several districts, neglected by them till now.
125	R 5333—L R 14-15-10 ...	30	Rev. Commissioner ...	Sanctions the acquisition of 9 acares, 35, guntas of land out of Survey Nos. 16, 45, 48, 49 and 53/2 of Kadagavalli village, Chitaldrug Taluk, required for shifting the old village site, and the appointment of the Assistant Commissioner in charge of the Challakere Sub-Division to perform the functions of a Deputy Commissioner under the Land Acquisition Regulation and to proceed with the acquisition.
126	R 5334—L R 14-15-11 ...	30	Compiler, *Mysore Gazette*	Farwards, for publication, the declaration statements in respect of the above acquisition.
127	R 5335-6—L R 11-15-95...	30	Rev. Comr. and Supt., Rev. Survey	Sanctions the appropriation and the writing off of the assessment, of Survey No. 42, measuring 1 acre 35 guntas, in Kotewal village, Arkalgud Taluk, required for the construction of a Village Eslementary School building at Ramanathapur.
128	R 5337-8—L R 11-15-96...	30	Rev. Comr. and Survey Supt.	Directs the treatment as kharab of 20 guntas of land out of Survey No. 73 of Kadathanamale village, Bangalore Taluk, for being used by the Public Works Department as a metal quarry, and the writing off of the assessment on the said extent.
129	R 5341—L R 42-11-20 ...	30	Rev. Commissioner ...	Records the correspondence *re* short itineration by Mr. K. Chandy, Deputy Commissioner, Bangalore, during the three successive quarters ending 31st March 1914, with the observation that the short touring is explained to be due to urgent work at Headquarters.
